Several of our teachers were attending the State Teacher's Association at Portland last week.

Our basketball team is to array their energy against the Newberg High School team next Saturday evening.

Three weeks after this one closes the first half of the school year, at which time some class changes will be made.

A change of teachers was made during holiday week in which Miss Frances Arnold went to Skagway, Alaska, and Mrs. Rosenberg, of Skagway, came to Forest Grove and takes the room formerly taught by Miss Arnold.

### A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute, of Portland, Ore., operates under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details.

### New Depot For Gaston.

The Southern Pacific Company has advised the Railroad Commission that it will comply with the commission's request to install a large shipping building and better facilities for passengers at its station at Gaston. Owing to the fact that the town of Gaston is growing, its station has become inadequate and the Commission, after investigating, finds that the business the railroad company derives from the place warrants a letter service in the way of a depot building.

The Social Commission wishes to call the attention of the people of Forest Grove to the opportunity of assisting in the good work which Miss Paul is doing at the Forest Grove sanitarium, by sending flowers, old cloths and flannels. Parcels may be left with Mrs. Barber or at the sanitarium.

## Governor West Says the Western Governors Special Has Proved to be the Greatest Advertising Feature Ever Attempted in the Interest of the West

Governor West and the Oregon Exhibit Car in Baltimore, Md.

The Washington County Teachers' Association will hold their next meeting in the Forest Grove high school rooms Saturday, January 13. Program will appear next week.

St. Paul, Minn.—"The Western Governors' Special has proved the greatest advertising feature ever attempted in the interest of the West. News of its coming was abroad in the land and thousands awaited at the stopping points not only to receive us with open arms, but to hear of the great resources and possibilities of the Western states.

"The tour of the Western Governors will result in the bringing about of a better understanding and close friendship between the East and the West. The eyes of the East were not only opened to the possibilities of the West, but its people were brought to realize that our interest is their interest and whatever is done to develop

the West is bound to redound to the benefit of the East. They know that a movement of the 'landless man' of the East to the 'manless land' of the West is one not only in the interest of business, but one which will make for government.

"When told of the great variety of resources of a state like Oregon—of its 29,000 square miles of virgin forest, of water power which measures twice that of New York, Massachusetts and Maine combined, of its great variety of grains, grasses and vegetables and fruits, of its mines and fishing, of its orchards and hop fields, of its live stock industry, and last but not least of its delightful climate—they could hardly believe the statements true. As a result of the trip thousands are becoming interested, and I am sure the coming year will see a westward movement such as never was seen before."

## DIES FROM EFFECTS OF GUNSHOT WOUND

Yesterday afternoon, Harry J. B. Martin, who lived at the home of his mother in the east part of town, came to his death from a gunshot wound in the abdomen.

Martin was in the barn near the residence when the fatal shot was fired from a 12 gauge double-barreled shot gun. Both barrels were cocked and loaded, one barrel being discharged, evidently, when the muzzle of the gun was in contact with the abdomen. He went to the barn between 12 and 1 o'clock, but the report of the gun was not heard and Martin was not found until his mother went to the barn to feed the chickens and heard his groans. She gave the alarm and the neighbors responded and carried him to the house. Dr. Tucker was called and examined the wound and pronounced it fatal. The shot which was a No. 6 entered the left side of the abdomen near the stomach.

The young man was rational and talked for some time. He said that he was cleaning his gun when it was accidentally discharged. Mr. Martin, his mother and sister have lived in the Grove for the past 7 years. He was born in Cincinnati, Ohio, 28 years ago. He has been working at his trade at the Parson's Harness shop in this city.

Sunday night at midnight our town was aroused from sweet slumber by this revelers, heralding the welcome of the New Year. Those who slept through it must sleep soundly.

### Congregational Church

Next Wednesday evening at the meeting of the Congregational Brotherhood, at the church of that denomination in this city, Dr. Harry Lane, ex-mayor of Portland, will speak on the subject of "Municipal Problems." Dr. Lane is an able speaker and handles this subject very interestingly.

Sunday evening next, an illustrated lecture, "Christianity in All Lands," 85 fine slides, will be given at the Congregational church. Morning services will be reception of new members and sermon by the pastor.

The McCanns wish again to express their thanks to the editor of the Press, being a second time among the lucky voters.

### Change at Postoffice

Dr. Chas. Hines is to succeed Postmaster W. B. Haines at this place. Mr. Haines succeeded Wilbur McEldowney and was appointed through the friendship of Representative Hawley even in the face of large petitions for other aspirants. The present change comes as a surprise to the citizens and patrons of the office. We are all wondering just how our rights are so miscellaneous farmed out without the knowledge and consent of the citizens interested. Why Mr. Hawley would take the local legal rights of our citizens in his own hands without consulting their wishes we cannot say. Politics only reaches a certain stage of rottenness when the voters in their might will rise to make right. No doubt in the near future Hawley will be asked to rise and explain.

### Wrestling Match

A large and orderly crowd of men and women gathered at the K. of P. Hall last Friday evening to witness the wrestling match between "Strangler" Smith, of Portland, and Frank Reed, of the Grove. The boys matched strength and science for a full hour neither being successful in throwing his adversary. A draw was called and arrangements are being made for a second contest to take place in about two weeks. All present pronounced the exhibition a good one and felt well compensated for the time and expense of attendance.

J. W. and Herb Kyle and Wm. Williams killed a large bob cat Tuesday. This makes the second one they have killed in the last week. Gales Creek is taking the palm for bobs.
