PUBLIC EDITORIALS

This column of "public editorials" is intended for the use of the public in discussing questions of public importance. The Press will expect free use to be made of this column. Lengthy letters should be avoided.

It has been reported that mer-chants of the Grove who wish to purchase an article not carried in their store always go to Portland to buy instead of patronizing a brother merchant. We wish to know if this is true and hope that this question may elicit an answer from some one informed.
L. H., Gales Creek.

Can any reader of the Press give me plan to exterminate gophers from my orchard, gar-den, etc.
A READER.

When a person gives a war-ranty deed to a piece of land, and there are 10 or 12 warranty deeds before him, is he responsi-ble for any errors or claims that might come up against this land through these former deeds, and if he is responsible he be dead, do his heirs remain responsible, and to what extent?
A READER OF THE PRESS.

The last warrantor will be li-able for defects in former title, and the estate of warrantor will be liable for the defects in case of death. This liability may be followed back to the defect through the line of warrantors.

David's Hill
Miss Gertrude Rueter, who has been spending a few days at her father's place on the Hill, has returned to Portland.

Miss Mary Hazzard returned to Portland Monday to resume her studies at the Portland Academy.

J. H. Brokaw has finished his prune drier and is painting it a bright red.

A number of fruit growers on the Hill are setting out Logan-berries, expecting to dry the fruit.

Ernest Rueter and his sister, Miss Elsie, are having a good time in lower California.

ORENCO TREES ARE REALLY CHEAP

Some trees appear cheap, but are really expensive. Other trees appear expensive, but are really cheap. You cannot buy high-grade, productive land for the same price as poor land sells for.

You cannot buy Oak lumber for the same price as Fir lumber.

It is Quality in Trees that Counts.

We grow our own trees in our 1200-acre nursery. Our land was selected specifically for nursery purposes. It produces the very choicest type of trees possible to obtain any-where, with stalwart tops, strong fibrous roots; in short, strictly first-class, sound, healthy, fully matured trees. There are none better grown, and they are **Really Cheap**; because they are such as will "Make Good."

If you need any N. Y. Pippin, Spitzenberg, Winesap, Rome Beauty, McIntosh Red, Jonathan or any other com-mercial or home variety, just drop us a line stating your re-quirements.

We also have some of the best peach trees in Early Crawford, Elberta, Foster, Fitzgerald, Gillingham and other good varieties we have ever grown.

If you want Peach Trees, you can't get better.

Don't Delay Ordering Too Long. Why Not Now?
