The Warren Construction Co., which laid the cement streets in Corvallis, has a new pavement which it will be able to put down for \$1.65 or less, probably less. It consists of gravel and bitulithic, forming a five inch mass. The base will be 3 1/2 inches and bitulithic surface 1 1/2 inches, but the whole is put down matted together, in such a form that it is thought it will make a splendid pavement for residence districts. —Corvallis Gazette Times.
