Who is responsible for taxes on lands sold, say on January 1, the buyer or seller?

CESSMAN.

The purchaser is liable for taxes levied against real estate if purchased prior to date of the tax roll being turned to the collector. If the rolls have been delivered then the vnder is liable. The date of delivery of tax roll varies and must be ascertained in each individual case when the time of tax roll is about to be turned over for collection.

### Club Meets With Mrs. Williams

Mrs. E. E. Williams was hostess to the Woman's Club on Monday afternoon, and her attractive rooms were well filled with interested members. The club decided to petition the council, asking them to confer the powers of marshal on the night watch. They also voted to have our street numbers straightened and securely fastened, replacing those that are missing.

The subject of the program was "Food and Nutrition". Mrs. Mary Scott read a paper, "How the Body is Nourished," in which she handled the subject in a very interesting manner. "The Well Balanced Meal" was very ably handled by Mrs. West. Mrs. Edward Seymour was leader of the program and gave a very interesting talk on "Corrective Diet". Then followed a general discussion of the subject which brought out various methods of obtaining health, ranging from mental suggestion to patent medicine. So animated was the discussion that it was with reluctance that it was dropped at the closing hour.

A piano solo by Miss Elder was one of the most enjoyable features of the afternoon.

R. E. Porter, of Scoggins Valley, was in town Monday and made the Press a pleasant call.

## ORENCO TREES ARE REALLY CHEAP

Some trees appear cheap, but are really expensive. Other trees appear expensive, but are really cheap. You cannot buy high-grade, productive land for the same price as poor land sells for.

You cannot buy Oak lumber for the same price as Fir lumber.

**It is Quality in Trees that Counts.**

We grow our own trees in our 1200-acre nursery. Our land was selected specifically for nursery purposes. It produces the very choicest type of trees possible to obtain anywhere, with stalwart tops, strong fibrous roots; in short, strictly first-class, sound, healthy, fully matured trees. There are none better grown, and they are **Really Cheap**; because they are such as will "Make Good."

If you need any N. Y. Pippin, Spitzenberg, Winesap, Rome Beauty, McIntosh Red, Jonathan or any other commercial or home variety, just drop us a line stating your requirements.

We also have some of the best peach trees in Early Crawford, Elberta, Foster, Fitzgerald, Gillingham and other good varieties we have ever grown.

**If you want Peach Trees, you can't get better.**
