

EVERY ARTICLE IN MY STORE GREATLY REDUCED

GEO. G. PATERSON'S

# REMOVAL SALE

Furniture, Rugs, Carpets, Linoleums, Oil-cloth, Matting, Paints, Oils, Wall Paper, Etc.

As my lease expires January 1, 1912, and I haven't secured a store building to move into, have decided to sell my \$9,000 stock of Furniture, Pianos and in fact everything in my store at a big discount---in fact some articles below Cost---in order to make a quick turn. Every article will have the old selling tag on and the discount price marked in plain figures.

The first customers will have the cream of the sale. When stock is exhausted the sale is off.

**Paints** will be closed **Varnish** out as quickly as possible at Cost. If you intend to paint in the near future, it will pay you to take advantage of this. Have a good assortment of colors on hand.

**My Entire Stock of Varnishes will be Sold . . . . . at a Discount. . . . .**

I have a big stock on hand. Hurry, it is yours

I have a beautiful prize in my window for the one holding the correct number. A number will be given with each \$1 purchase, which gives you a chance to win it . . . . .

## RUGS-- Great and Small

Forest Grove, Oregon

### Bridge Opened at Celilo

The new steel bridge of the Oregon Trunk railway, which crosses the Columbia river at Celilo Falls, was opened and is in regular use for through trains between Portland and all Central Oregon points on that railway. It eliminates the ferry service at Fallbridge, which has been used for the transportation of material and equipment during the construction, as well as the transfer of passengers and freight since the opening of the line in March, 1911.

Leaving the main line of the Spokane, Portland & Seattle Railway at Fallbridge on a Wye in both directions, the bridge crosses directly over the Celilo falls of the Columbia river.

The eight main truss spans aggregate 1925 feet and 4 inches in length, in addition to which there are 22 girder spans, making the total length 4197 feet, or about four-fifths of a mile. The longest, of cantilever type, 316 feet and 8 inches, crosses the main channel of the river. The draw span, 246 feet and 6 inches, crosses the government lock canal.

The 29 piers and 3 abutments are constructed of reinforced concrete and granite. A remarkable feature of the bridge is its location, where the falls have cut channels through the rock allowing the piers to rest on solid rock foundations, which are dry in the low water period of about nine months per year. The south end of the bridge is 100 feet above low water mark and 50 feet above ordinary high water.

The erection of the steel structure began May 11, 1911, and was finished January 4, 1912. No life was lost during its construction.

### Why Pay Ten Dollars.

Why pay ten dollars for a map which merely shows Washington County, when you can get one on a larger scale showing everything from the Willamette River west to the west boundary of the county, size 50x67 inches for \$7.50, or a pocket size 24x33 in. for \$2. Get it of your bookseller or address T. S. Wilkes & Son.

### A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute, of Portland, Ore., operates under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details.

### COMMISSIONERS' COURT

James H. Sewell was appointed road Supervisor in District 12, in place of E. E. Schmeltzer.

Petition of E. J. Godman for road of Public Easement referred to the District Attorney.

Road No. 526, on petition of E. D. Hite, et al, read first time and continued.

Road No. 528, it is ordered that road be established as per report of viewers and petition of Mrs. Elizabeth D. McGowan, for damages, denied.

Petition of Christ Lehman, et al, for a road referred to the district attorney.

Road 526, petition of E. D. Hite, read second time, and order established as per reports of viewers.

Henry Keenon appointed supervisor of Road District No. 27 in place of Chas. A. Miller.

Ernest Herr appointed road supervisor of Road District No. 23 in place of Tom Sain.

Scholls Telephone Co. granted permission to construct an overhead crossing over the S.P. line between Fanno station and Robinson station.

## ORENCO TREES ARE REALLY CHEAP

Some trees appear cheap, but are really expensive. Other trees appear expensive, but are really cheap. You cannot buy high-grade, productive land for the same price as poor land sells for.

You cannot buy Oak lumber for the same price as Fir lumber.

### It is Quality in Trees that Counts.

We grow our own trees in our 1200-acre nursery. Our land was selected specifically for nursery purposes. It produces the very choicest type of trees possible to obtain anywhere, with stalwart tops, strong fibrous roots; in short, strictly first-class, sound, healthy, fully matured trees. There are none better grown, and they are Really Cheap; because they are such as will "Make Good."

If you need any N. Y. Pippin, Spitzenberg, Winesap, Rome Beauty, McIntosh Red, Jonathan or any other commercial or home variety, just drop us a line stating your requirements.

We also have some of the best peach trees in Early Crawford, Elberta, Foster, Fitzgerald, Gillingham and other good varieties we have ever grown.

**If you want Peach Trees, you can't get better.**

Don't Delay Ordering Too Long. Why Not Now?
