A successful speculator of Wall Street never buy stocks in things offered by smooth-tongued agents who work for a handsome commission nor stocks that are guaranteed to have a big advance in the near future. He never speculates in such offerings. He buys stocks that have passed muster and have been listed on the exchange. Before stocks can be listed the company must make a report that will justify the listing, which bars out all the wildcat schemes by which people are being swindled. It is just as easy to buy listed stock as any other. Brokers of good standing in stock exchange carry ads in papers and magazines and will only be too glad to answer inquiries of a prospective customer, and you may deal with them through your bank if

you choose to do so. Many propositions of a wildcat nature which are offered to our citizens should be given a wide berth. You can hardly trust yourself to be the judge. Many are the men in Forest Grove who have lost heavily from such ventures. A dividend now and then very often is intended as an alluring bait. It might be well to paste this in your hat for future reference.

O. M. Gardner, superintendent of Forest Grove public schools, announces himself candidate for county school superintendent. Much credit is due him in upbuilding of our city schools to their present high standard. Prof. Gardner has been actively engaged in school work for many years and wherever he has cast his lot he has been the means of doing much good. He has many enthusiastic friends among the educators of Washington county who wish for him success.
