## It Pays to Spray Intelligently

THE man who sprays his fruit or vegetables intelligently is the one who will have the bumper yield to send to market. The large increase in the number of insects attacking fruit trees and garden truck throughout the country makes it absolutely necessary for the farmer or grower to protect his crop by the proper use of insecticides.

## SHERWIN-WILLIAMS NEW PROCESS ARSENATE OF LEAD

will help you to secure bigger profits from your orchard and garden because its application will insure a much larger percentage of perfect fruit and vegetables which will be of higher market value for you. S-W Arsenate of Lead is light in gravity and stays well in suspension. It is sure death to all eat-eating insects, but will not burn or blight the foliage.

We are selling this, one of the best brands of Arsenate of Lead for the following exceedingly low prices this year:
