Democrats Fail to Nominate With Twentx-Six Ballots.

Clark Strength Wanes After Attack By Bryan-Wilson Gains Steadily -Prospects Discouraging,

Baltimore, June 29 - With Gover nor Wilson gaining on each ballot and Speaker Clark constantly losing ground in the race for the presidential nomination, the Democratic national con-vention at 11:05 o'clock tonight adjourned until Monday morning at 11

Twenty-six ballots had been taken since the first call of states and there was no hope of a final verdict tonight. It is against all political precedent for a national convention to sit on Sunday, but tomorrow will be a day of important conferences among the party lead. regarded the vote as distinctly favorers and a day of hard work for the able. The Wilson boom had been modations for four men and will have campaign managers

When the convention adjourned tonight, Speaker Clark was hurrying to Baltimore from Washington in response to an urgent cal from his campaign director. William Jennings Bryan, at the afternoon session, had attacked Clark and had said he would vote for no man willing to accept the nomination at the hands of "Murphy, of Tammany Hall."

It was the plan of Mr. Clark to appear before the convention and make

The ballots today ran from the 13th to the 26th. Wilson began at 356 and ended at 407, a net gain during the day of 51 votes. Speaker Clark began at 554 and fell to 463, a loss of 91 votes.

The anti-Clark leaders in the convention call attention to the fact that they almost exactly offset the 90 votes given to Clark by the New York dele-

Breaks to Governor Wilson were coming from many different delegations as the balloting closed. His managers believed that, once he had overtaken Speaker Clark, the switching of delegates would become general. The Clark forces plan to make a desperate effort tomorrow to win back some of the delegates lost today, and in this work they probably will have the personal direction of the speaker himself. The Wilson forces, in the meantime, expect to fight, not only to hold their gains of today, but to induce more to desert the other candi-

attempt to break the existing deadlock, the leaders in the Democratic party decided at 3:05 o'clock this (Saturday) morning to take additional adjournment until 1 o'clock in the afternoon in the hope that some sort of agreement may be reached as to a presidential nominee.

Many of the delegates protested

against the delay caused by the adjournment, but apparently there was no hope of settling the nomination by conferences on the convention floor.

Twelve ballots were taken. Champ Clark made a sensational gain on the tenth when New York's solid block of 90 votes went to him on this ballot, Mr. Clark's total reaching a highwater mark of 556-a clear majority, but 170 votes short of the necessary two-thirds to nominate.

On the eleventh and twelfth ballots Clark fell away to 554 and 549. Governor Woodrow Wilson held his

forces steadily together and during the night's voting there were only slight fluctuations in his totals. Votes lost in some delegations were made up in others.

Bryan today repudiated the Murphy-Taggart-Sullivan attempt to mollify him, and refused election as chairman of the resolutions committee. He also made it plain that unless an out and out progressive platform is adopted, he will return a minority report and carry the fight back to the floor, even to the country if forced to do so.

Bryan forced an unprecedented step by having the resolutions committee demand that the platform be not adopted until the candidates are

APPLE ESTIMATES FALL.

"the valley should have 800,000 boxes of fruit, if the apples reach the size which prevailed year before last. If the fruit is small, as it was last year, we wil. have but few boxes more than 700,000. Every prospect seems to point to a big apple crop this year. The weather conditions have been ideal for perfect apples."

Charles H. Sproat, manager of the National Apple company, says the crop of commercial apples will not exceed 600,000 boxes. "I do not include in this," says Mr. Sproat, "the culls and lower grade fruits, which will be consumed at home and in neighboring markets. I mean by my statement that we will not have more than 600,-000 boxes of first-class and extra fancy fruit."

suffragettes, who declared a hunger strike while in jail. This was reflected in an extraordinary scene in the house of commons, when George Landbury, a Socialist member, denounced Premier Asquith and the government in such vitriolic terms that the speaker ordered him to leave the house and threatened to have him ejected unless.

and appeared to be much overwrought, but when the speaker wained him that he would be forcibly ejected unless he went of his own accord, the labor members gathered about their col-league and induced him to quit.

Three suffragettes nearly succeeded in invading the house of commons. They obtained admission to St. Stephen's Hall, where they smashed the glass panels of the door leading to the central hall, when they were seized by police and taken to the station house.

The militant tactics of the suffragettes has assumed a new form. On the arrival of a train from Tunbridge Wells at Victoria station, in London, it was discovered that many windows had been smashed, carriage fittings and cushions cut and destroyed and the walls plastered with written demands for votes for women and the abolition of forcible feeding. The culprits

were not discovered.

Another batch of suffragettes who had been on hunger strike were liberated from prison.

The first named has met with strenuous opposition from certain schools of medicine and from the League of American Freedom. There is promise of warm debate on all three topics. Mrs. Sarah Platt Decker, of Colorado, probably will lead the fight in behalf of woman suffrage.
