

OFFICIAL DIRECTORY

CHURCHES.

Church of the Visitation, Verboort—Rev. L. A. LeMiller, pastor. Sunday Early Mass at 8 a. m.; High Mass at 10:30 a. m.; Vesper at 3:00 p. m. Week days Mass at 8:30 a. m.

Christian Science Hall, 115 Fifth st., between First and Second ave. South—Services Sundays at 11 a. m.; Sunday school at 12 m.; mid-week meeting Wednesdays at 7:30 p. m.

Seventh Day Adventist Church, 3rd street—Sabbath school 2 p. m., preaching 3 p. m. each Saturday. Midweek prayer meeting Wednesday 7:30 p. m. A cordial welcome. H. W. Vallmer, Elder.

Catholic Services, Rev. J. R. Buck, pastor. Forest Grove—Chapel at cor. of 3rd street and 3rd avenue south, 1st and 4th Sundays of the month, Mass at 8:30; 2nd and 3rd Sundays of the month, Mass 10:30; 4th Sunday of the month, Mass at 8:00; 5th Sunday of the month, Mass at 10:30.

M. E. Church, Rev. Hiram Gould, pastor. Second street, between First and Second avenues. Sunday school at 10 a. m.; Epworth League at 6:30 p. m.; Preaching at 11 a. m. and 8:00 p. m. Mid-week prayer meeting Thursday at 7:30 p. m.

Christian Church, corner Third and First Ave. Rev. C. H. Hilton, pastor. Bible school at 10 a. m.; preaching at 11 a. m. and 8:00 p. m.; Prayer meeting Thursday at 8:00 p. m.

Congregational Church, College Way and First ave. north. Rev. D. T. Thomas—Sunday school 10 a. m.; Morning service 11 a. m.; evening 8:00 p. m.; Junior C. E. at 3 p. m.; Senior C. E. at 6:30 p. m.

LODGES.

Knights of Pythias—Delphos Lodge No. 36, meets every Thursday at K. of P. Hall. Chas. Staley, C. C.; Reys Ludwig, Keeper of Records and Seal.

G. A. R.—J. B. Mathews Post No. 6, meets the first and third Wednesday of each month at 1:30 p. m., in K. of P. hall. John Baldwin, Com. mander.

Masonic—Holbrook Lodge No. 30, A. F. & A. M., regular meetings held first Saturday in each month. P. W. Kinzer, W. M.; A. A. Ben Kori, secretary.

W. O. W.—Forest Grove Camp No. 98, meets in Woodmen Hall, every Saturday. A. J. Parker, C. C.; James H. Davis, Clerk.

Artisans—Diamond Assembly No. 27, meets every Tuesday in K. of P. Hall. C. B. Stokes, M. A.; John Boldrick, Secretary.

Rebekahs—Forest Lodge No. 44, meets the first, third and fifth Wednesday of each month. Miss Alice Crook, N. G.; Secretary, Miss Carrie Austin.

I. O. O. F.—Washington Lodge No. 48, meets every Monday in I. O. O. F. Hall. V. S. Abraham, N. G.; Robert Taylor, Secretary.

Modern Woodmen of America—Camp No. 6223, meets the second and fourth Friday of each month. A. L. Sexton, Consul; Geo. G. Paterson, Clerk.

Rosewood Camp, No. 3835 R. N. A., meets first and third Fridays of each month in I. O. O. F. Hall. Mrs. M. S. Allen, Oracle; Mrs. Winnifred Aldrich, Recorder.

Gale Grange No. 282, P. of H., meets the first Saturdays of each month in the K. of P. Hall. A. T. Buxton, Master; Mrs. H. J. Rice, Secretary.

CITY.

Mayor—G. S. Allen.
Recorder—M. R. Markham.
Treasurer—R. P. Wirtz.
Chief of Police—P. W. Watkins.
Health Officer—Dr. J. S. Bishop.
Councilmen—John Wirtz, Carl L. Hfm man, O. M. Sanford, Rev. J. M. Barber, W. F. Schultz, H. B. Johnson.

City School.

School Directors—M. Peterson, Mrs. Edward Seymour, H. T. Buxton.
Clerk—R. P. Wirtz.
Justice of the Peace—W. J. R. Beach.
Constable—Carl Hoffman.

COUNTY.

Judge—R. O. Stevenson.
Sheriff—George G. Hancock.
Clerk—John Bailey.
Recorder—E. L. Perkins.
Treasurer—E. B. Sappington.
Assessor—Max Crandall.
Surveyor—Geo. McTee.
Coroner—E. C. Brown.
Commissioners—John McClaran, John Nyberg.
School Sup't—M. C. Case.

UNITED STATES WINS.

America Takes Gold Medal at Olympiad With Pistols.

Stockholm—In the pistol shooting competition for teams firing at a distance of 50 meters, the United States team won. The United States team was awarded the gold medal, its aggregate score being 1916. Sweden was second with 1849, and Great Britain third with 1804. This is another victory for America in the Olympic games.

The training of the United States team in the Olympic games was interfered somewhat by a drizzling rain, which softened the ground. The Americans had their first opportunity of practicing on the Stadium tracks, and in the morning nearly all the track men turned out in the presence of a large number of spectators.

In the afternoon the runners, weight throwers and hammer throwers, exercised on their athletic grounds.

The crown prince of Sweden, and Colonel Black, president of the Swedish Olympic committee, received James E. Sullivan, United States commissioner, at the games and complimented him upon the appearance of the American team.

The individual competition in the clay bird shooting was begun. This consists of three stages, the first stage of which was concluded. The conditions called for 20 targets a man in two rounds. J. R. Graham, Chicago A. A.; A. F. Gleason, Boston A. A.; and Goelden and Seidnitz of Germany, each had 91 "breaks." Thirty-six others are eliminated for the second round, not having scored 15 "breaks" or over. The second round is at 30 targets a man.

The individual shoot with any rifle at 300 meters, 120 shots (40 standing, 40 kneeling and 40 prone) was won by Coles, of France, with a score of 984. Madsen, of Denmark, was second, with 983; Johannsen, Sweden, third, with 959.

SHOUTS RUIN FINE VOICE.

California Woman [Delegate to Chicago Unable to Speak.

Chicago—One well-trained contralto voice was lost at the Republican convention in Chicago, either at the Coliseum, where the California delegation was shouting for Roosevelt, or at the birth of the new progressive party. The lost voice belonged to Mrs. Isabel Blaney, of San Jose, Cal., one of the two women sent as delegates to the Republican convention. Owing to the loss of Mrs. Blaney's voice, the women of Lake Forest and other north shore cities failed to hear a discourse on woman suffrage which was to have been delivered here.

Mrs. Blaney came to Chicago at the opening of the Republican convention, determined to fight for the cause of Roosevelt. During the convention Mrs. Blaney cheered with the rest of the California delegation and was one of the leaders in the cheering at Orchestra Hall when the new party was launched. The strain, combined with the damp lake winds, caused Mrs. Blaney to lose her voice until she was unable to speak above a whisper.

Her husband, Charles D. Blaney, was taken to the hospital at the close of the convention suffering from an infection of one of his eyes.

CANAL CASH IS PLENTIFUL.

More Bonds Will Not Be Needed for Work This Year.

Washington, D. C.—With nearly \$100,000,000 in the cash drawer of the treasury, officials expressed the belief that it will not be necessary to issue additional bonds for the construction of the Panama canal for nearly a year.

The purchase and building of the waterway to date has cost the United States \$276,487,000. Of this amount \$137,886,000 has been paid out of the general fund of the treasury and the remainder from bond issues.

Balancing its books for the fiscal year just closed, the Treasury department issues a statement showing that the army cost \$150,182,000, against \$160,136,000 the previous year; the Navy \$135,556,000, against \$119,938,000, and pensions \$153,597,000, against \$157,981,000.

Five Teachers Lost.

Honolulu—Five teachers in the Honolulu public schools, three men and two women, who went on a tramping trip in the Koolau mountains Saturday, have not been heard from since and fears are expressed for their safety. A detachment of police, assisted by a squad of Japanese laborers, searched the mountains without finding trace of the missing party. The army engineer corps, which recently surveyed the region, will be asked to join in the search. The party carried no provisions.

Fire Gets Silverware.

Redmond, Or.—Fire at 2:45 o'clock Friday morning destroyed J. H. Vincent's livery and feed barn, 10 head of work horses, a stallion valued at \$4000, two wagonloads of furniture and a \$5000 box of silverware consigned to E. A. McCall, a son-in-law of Tom Lawson, who is building a mansion on the Lawson ranch on Crooked River near this city. The total property loss is about \$20,000. Vincent was insured for \$3000.

Convention Turns to Roosevelt.

Huron, S. D.—Absolutely refusing, by a vote of 2 to 1, to endorse President Taft or the action of the Republican national convention held recently in Chicago, the Republican state convention of South Dakota here adopted a platform which makes no mention of Taft or national issues. The convention elected five presidential electors bearing the Roosevelt label.

WOODROW WILSON IS NOMINATED BY DEMOCRATS

Struggle Third Longest in History and Break Came Suddenly.

Clark's Strength Diminishes Steadily as New Jersey Governor Gains—Illinois and Virginia Fall Into Line and Victory Is Soon Complete.

Baltimore, July 2.—Woodrow Wilson was nominated for president by the Democratic National convention on the 46th ballot.

Baltimore, July 2.—Woodrow Wilson gained 108 votes on the 43d ballot, the first cast today at the Democratic national convention, and the hoped-for break appeared at hand.

Illinois' 58 delegates propelled the movement, and gains were made also

fifth ballot, but at that time his total was 633, as against 725 1-3 necessary to nominate. Clark's total at that time had dwindled to 306.

Woodrow Wilson lacked only 96½ votes on the 44th ballot, indicating a strong possibility of nomination on the 45th ballot.

That there would be a slump of Underwood votes to Wilson, probably on the 45th ballot, but certainly on the 46th, if that many ballots were taken, seemed probable.

GOV. WOODROW WILSON, OF NEW JERSEY

MARSHALL VICE PRESIDENT.

Governor of Indiana Is Chosen for Second Place.

Baltimore, July 3.—For president—Governor Woodrow Wilson, of New Jersey.

For vice president—Governor Thomas R. Marshall, of Indiana.

This was the ticket completed by the Democratic National convention at 1:56 a. m. today.

The nomination of Governor Marshall for vice president by acclamation after the second ballot came as something of a surprise, for when the night's balloting for vice president began it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Governor Burke, of North Dakota.

There was not much of a fight, however, and when two ballots disclosed Marshall steadily in the lead, Governor Burke's name was withdrawn and Marshall was proclaimed the nominee by acclamation.

A minute later the convention had adjourned sine die.

McCombs May Lead Fight.

Baltimore—William F. McCombs, of New York, 36 years old, a lawyer and graduate of Princeton and Harvard, will in all probability be chosen as chairman of the Democratic National committee or as chairman of the campaign committee to direct the political fortunes of Woodrow Wilson for president of the United States. Mr. McCombs, who managed the pre-nomination campaign for Governor Wilson, is Mr. Wilson's choice as the man who should pull the wires and push the workers from now on.

Paper Mill Branches Out.

Oregon City, Or.—The Hawley Pulp & Paper company has announced the early construction of a reinforced steel and concrete building on the southwest corner of Water and Fourth streets in this city, and the installation of presses for printing fruit wrappers, bag machines, paper towel machines and toilet paper rewinders. The building and equipment will involve an expenditure of about \$50,000, and the contract has already been let.

Hurricane Hits Peru.

Lima, Peru—A terrific hurricane swept Molando Friday morning. It was preceded by suffocating heat. Waves along the coast rose to a great height, and 25 launches and other small craft were wrecked. Within the town thousands of windows were destroyed and many houses unroofed.

INDUSTRIAL DEVELOPMENT OF THE STATE

EXPERIMENT FARM URGED.

Dr. Withycombe Tells How Oregon Could Increase Wealth.

Oregon Agricultural College, Corvallis—Dr. James Withycombe, director of the agricultural experiment station at Oregon Agricultural college and five sub-stations at Moro, Hermiston, Union, Burns and Talent, in his address before the ranchers who attended the Farmers' Roundup at Moro, emphasized the value of demonstration farm work as a means of introducing scientific methods of farming.

Dr. Withycombe stated that in his opinion, the maintenance of demonstration farms in each county in the state under competent supervision, would result, within the next five years, in increasing the agricultural products of the state \$10,000,000 annually. This could be accomplished, he said, without adding a square rod of ground to the present farm acreage.

Dr. Withycombe said in part: "Denmark has made phenomenal agricultural progress under this system of instruction. With an area equaling one-sixth that of our own state, Denmark supports 2,690,000 people and annually exports more than \$100,000,000 worth of butter, eggs and bacon. This result is accomplished under adverse agricultural conditions, much of the country being so bleak as to necessitate the blanketing of the cows to keep them comfortable while at pasture during the summer season."

RAISE "BUSTER BROWN" APPLES

"Yellow Kids" and "Mary Jane" Also Will Figure Prominently.

Hood River—Charles A. Barcher, of Chicago, who is interested with R. F. Outcault, the noted artist and cartoonist who originated "Buster Brown" and "Mary Jane," the children of a comic Sunday supplement, has been here this week on business and looking over the valley's orchard land. The land in which the cartoonist is interested is owned by several New York men. It comprises 1600 acres near Okanogan. A great many trees already have been set out. The remainder of the orchard is being cleared by a crew of negroes brought out from Kentucky.

"We are planting only Delicious, Jonathans and Yellow Newtowns," says Mr. Barcher. "A unique scheme has been devised by Mr. Outcault to make the boxes attractive and create a demand for the fruit. We will call the Delicious apples the 'Mary Janes,' the Jonathans, the 'Buster Browns,' and the Yellow Newtowns, the 'Yellow Kids.' Every apple will bear a wrapper and every box a label handsomely illustrated by an engraving from one of Mr. Outcault's drawings."

John Day Valley Rich.

"For good schools, fine farms, good orchards and rich resources Grant county compares favorably with any district in the state," said N. C. Marist, who has just made a trip into the John Day valley in the interest of the school children's industrial movement.

"The John Day valley, where most of my travel and work was confined during the last week, is one of the richest agricultural sections of the whole state. Their average annual precipitation in that county is something over 20 inches, insuring, with proper farming, good grain crops, but the John Day valley is largely devoted to the production of hay for the wintering of large bands of stock that traverse the splendid ranges during the grazing season, and for this purpose alfalfa is king. The John Day furnishes an abundant supply of water for irrigation purposes, producing three good crops of six to eight tons an acre in the aggregate.

"This is one of the best natural hay and grass countries I have ever seen. I saw beautiful meadows of red and white clover, which I was told had never been seeded, but was simply a voluntary growth, mown regularly for years."

Chick 14 Weeks Old Lays.

Oregon City—Oregon Washburn, a poultry fancier of West Oregon City, is the owner of probably the youngest laying hen in the state.

The hen was hatched March 8 and laid its first egg June 24 and has been laying daily since. Its mother has hatched two broods since March 8. The chicken wonder is a white feathered-leg bantam, and under size even for that species. Mr. Washburn is confident the hen has established a new record for early laying.

June Rainfall Is Light.

Astoria—The records in the office of Local Weather Observer Gilmore show that the rainfall in Astoria during the month of June was 4.14 inches, or 1.04 inches less than the average for the corresponding month of previous years. There were 11 days on which rain fell, 15 days were clear and 15 were cloudy. The maximum temperature was 80 degrees and the lowest was 43 degrees.

Milk Condenser to Resume.

Newberg—Arrangements have been perfected to resume operations at the milk condenser here, which was destroyed by fire several months ago. This is deemed a matter of much importance to Newberg, as the Chehalis valley is a famous dairy section and the condenser established a good trade.

SHOWS BIG FARM.

Moro Experiment Station Host to Visiting Boosters.

Moro—Moro state and Federal experiment farm was host to visitors from all parts of Sherman county, from Portland, and from neighboring counties. The O.-W. R. & N. reduced fares for farmers' day, and this helped swell the attendance.

The day's program opened with the arrival of a passenger train from the southern part of the county. Visitors were conducted over the experiment farm by Superintendent Stephens and his corps of assistants. Visitors were divided into groups, each in charge of an assistant. In the afternoon a meeting was held in the opera house.

The experiment farm now has 500 varieties of growing crops, and the same amount of land under preparation for experiments next year. It has 34 varieties of wheat, the seed being imported from foreign countries, including Germany, France, Austria and Algeria. Eleven varieties of alfalfa, growing without irrigation, were shown. The experiment farm today has 97 varieties of domestic wheat, besides the foreign varieties; 16 of oats, 47 of barley, 10 of corn, 14 of field peas, 12 of grain sorghum, 4 of emmer, 15 of alfalfa, 6 of grass, 2 each of kale and rape, and 22 varieties of potatoes. There are 160 plots devoted to tillage and crop rotation, demonstrating the benefits of good, bad and indifferent farming.

ROGUE RIVER SEES RECORD.

Fruit and Grain Crops Are Unusual and Danger is Past.

Gold Hill—So assured are fruit-growers of a record crop in the Rogue River Valley this year that the cry of the growers for more thinners is frequent. Old-timers declare the trees never have been more heavily laden, and now that the danger of frost is practically past, it seems almost certain that a bumper crop will be harvested.

The growth, both of old and young trees, has been phenomenal, every eccentricity of an unusual season apparently being beneficial. This is true not only of fruit trees, but of all growing things. An unusually heavy first crop of alfalfa is harvested, with the second crop coming rapidly. Hay, oats and barley will yield better than in years, but so rank has been the growth that scarcely a field is seen which is not lodged to some extent.

COOS BAY WORK PLANNED.

Porter Brothers Make Arrangements Preliminary to Construction.

Marshfield—R. B. Porter and Grant Smith, of the firm of Porter Brothers, railroad contractors, arrived in the city to make arrangements in this locality preliminary to the starting of construction on the Eugene-Coos Bay line of the Southern Pacific. Porter Brothers hold the contract for building 80 miles of the line extending from the end of the 28 miles now being built by Twoby Brothers out of Eugene, to a point this side of Gardiner.

Work on the big tunnel on this side of Gardiner will be carried on during the winter. The Siuslaw county may be the headquarters for the firm during the railroad construction.

Power at Cascade Locks.

Hood River—"Our company will develop 1500 horsepower by the completion of the big new flume that has been begun from the rapids of Hermann creek," says G. A. Young, president of the Columbia River Power & Light company, who was here on business. "We have been serving the citizens of Cascade Locks, near which our plant is located, with electric lights since last Thanksgiving by means of a temporary system we constructed.

"It is probable that within a short time some business enterprise will come to Cascade Locks and make use of the surplus power we are developing. Several companies are now considering our offers."

Storage Company Host.

Brownsville—An entertainment was given recently by the Brownsville Warehouse company, under the management of Charles Stirling, to the farmers and business men of the surrounding country and their families, as a mark of appreciation of the growing patronage the company is enjoying. The social was held in one of the company's large warehouses, converted into a dining room for the occasion. The program consisted of vocal and instrumental music, readings and addresses.

Lumber Plant is Busy.

Falls City—The Falls City Lumber company is operating its planing mill and sawmill full time and two hours overtime daily. The logging railroad will be extended soon into new territory preparatory to a year's steady logging. By the end of that time the outcome of the Siletz railroad project will be determined.

Roseburg Electric Lins Hinted.

Salem—In a complaint filed by the Oregon Electric in condemnation proceedings against E. M. Croisan and wife, plaintiff states that it intends to construct its line from Salem to Roseburg, which indicates that the Eugene extension will be by no means the final southern invasion of that road.
