

W. C. T. U. COLUMN.

Says Col. J. Mans, chief surgeon, U. S. A.: "Fortunately we are living today in a progressive age, where the alert business man finds no room or place in this busy world for the tippler or bar room habit." It is a well known fact that drinking men find no employment on railroads, or in colleges, schools, banks or among leading business corporations. Even first class saloons will not hire drinking men. And our young soldiers should know this and be instructed and encouraged in not forming the drink habit. He also says that practically all of the crime committed in the army, directly or indirectly, can be traced to the effects of alcohol.

Boys, hear what Abraham Lincoln said: "All that I am I owe to signing the temperance pledge." He was one of the noblest of men, true to God and himself who tried to be right in the little things as well as the big. Such a man is not afraid to sign any pledge, if by so doing he can help himself, or any other person to do better.

John Danson, attorney general of Kansas, in a recent address in Chicago says: "Prohibition in Kansas has forced the political parties to make it a part of every party's policy in the state. It has put Kansas away out on the firing line of human progress and it has solved for the benefit of the whole world the greatest civic problem of the ages. They maintain the solution of the saloon problem is a saloon—tens of thousands of young men and women living there have never seen a saloon.

"A spoiled brain is a spoiled life; alcohol steals the brain away." John B. Gough tells us that clean blood makes clean thinking. Young man keep your record clean. Drink that contains alcohol, such as beer, wine, brandy and ale injure the brain. Then again alcohol injures the nerves. Since God the great architect, has planned such a wonderful system for sending and receiving messages through the brain and nerves we should use neither alcohol or tobacco so that the brain may be strong and clear, and the nerves strong and reliable. A steady, strong nerve brings success. Alcohol and tobacco are nerve destroyers.

"Thou shalt not take the name of the Lord thy God in vain." How many boys remember this when using profanity on our streets and in the school yard. Jesus tells us to swear not at all. What is profanity? It is speaking carelessly of sacred things, especially of God's name, and boys get into the habit, by being thoughtless and wanting to seem older and more important. We can learn, boys, from the Chinese, that you make fun of so often. There are no swear words in China. The heathen has too much respect for their false gods to speak their names lightly. If the Chinese, whom we call heathens, can respect false gods ought we not to respect the one true God and not take his name in vain.

The ballot is a great educator. Voting women will take more interest in municipal housekeeping. They need the ballot and the city needs their help. There is no state or county but what has been helped by women voting. Then last of all the home maker should be a voter.

CITIZEN.

To whom it may concern, I have this day sold the Forest Grove Restaurant, located on Pacific Avenue. I wish to thank my friends and patrons for their past patronage and hope they will give M. S. Taunton, the proprietor, a continuance of the same. Yours very truly, Oct. 16th, 1912 J. COOPER.

Shall The Flag Continue to Wave ?

The readers of this paper do not dream that there is a concerted effort to pull down our flag and raise the red rag of anarchy in its place, but nightly on the streets of Portland such steps are advocated. Women and children are insulted and forced to go blocks out of their way to avoid these foul-mouthed transient tramps. Help eliminate them by voting No. 370. See Voters' Pamphlet.

Kill Him! He is a Scab

How would you like your husband, father or son, earnestly trying to earn his daily wage, insulted, hounded and assaulted by those who, in the name of Unionism, camp around the factory in which they are employed. Why should a man be killed for trying to be clean and independent. Read and Vote No. 368. See Voters' Pamphlet.

Free Speech By Foul Mouths

There is foul-mouthed, indecent element in the city of Portland nightly insulting the decent, law-abiding citizens and openly reviling the flag. They have sent representatives to surrounding towns and in the name of free speech denounce the efforts to remove them from the streets. In the name of our wives and children we ask your support and Vote for No. 370, Voters' Pamphlet.

THE BOYCOTT AND PICKET

The employers of Oregon are not slave drivers, as is claimed by those who live by the sweat of their poor deluded victims. This fact is self-evident in any part of the state. The boycott and the picket are the representatives of a low order of intelligence, seeking by fear and the bludgeon to force a bad cause. Remove the system by a Vote for No. 368. See pamphlet.

OLD GLORY OR THE RED RAG

Nightly on the streets of Portland loud-mouthed agitators blaspheme the name of the Lord and curse the Star Spangled Banner. They are reaching out into the smaller communities and it may be your turn next to contend with them. Read and Vote No. 370 in Voters' Pamphlet.

Assaulting the Dignity of Labor

High salaried agitators are constantly assaulting and maiming the honest laboring men of Portland who are unwilling to divide their earnings with these leeches on the decent labor element. Read and Vote No. 368 and prohibit boycotting and picketing. Your son is not safe in Portland if he refused to support these crime instigators.

Is Your Wife or Mother Competent?

Do you desire to go on record as maintaining that your wife or mother is not sufficiently intelligent to know whether the people of your community wish pure or foul food and water, clean or filthy streets, good or bad schools, honest or dishonest laws, temperance or intemperance, peace or war, corrupt or incorruptible legislators. If your wife or mother can judge for themselves in these matters let them have the chance.

Bead Sets.

Beads are much worn. Unusual sets are gold embossed, strung alternately with beads of cut amber. A similar set of pink coral and gold beads is shown. Pale tints of coral beads, in graduated sizes, are much chosen for young girls to wear, and cameos are holding a foremost place. All these ornaments are especially lovely with the lace so dominant in the summer gowns.

White Veils Favored.

White veils alone seem to find favor with fashion belles, and they are to be seen in all sorts of different net, fine, coarse, spider web and many other varieties. And these white veils look particularly smart and attractive when worn with black and white hats and in conjunction with navy blue tailored suits. This is the favorite combination for street wear.

Nothing to It.

The Squirrel Hill blond and the Mount Washington brunette were discussing ethical questions. "I wonder if girls ever propose?" "I doubt it." "Then you think there's nothing in this leap year business?" "Not a thing. A man who would let a girl propose to him would be small enough to refer her to his father."—Pittsburgh Post.

Traveler's Case.

A compact little case for the traveler is of deep violet leather made in square box form about twelve inches wide by eighteen in length and four inches deep. This holds a white brush and comb, a tooth powder box and hat brush and mirror. It can be conveniently tucked in any trunk corner, but is particularly nice for automobilizing.

Why Should a Woman ?

Why should a woman be born, educated, married, divorced and buried under laws made exclusively by men.

The right to govern is conferred by the governed and the governed are not exclusively males, the governed are men and women, for women are responsible before the law.

Why, if we desire to be just and fair, should we not allow the women to exercise what should be an equal right with man.

IN THE REALM OF FASHION

Little Girl's Gown.

The girl's frock pictured is a graceful model, which may be carried out in pique, linen or rep. It has a scalloped panel, which adds length of line and lifts the little frock to distinction by its individuality of style. Through slashes

GIRL'S LINEN DRESS.

In the panel a broad black velvet sash is run, the loose bow falling over one hip. This side bow is more modish than a stiff bow at the back. Black buttoned boots of dull calf with black stockings accompany this frock, intended for wear all winter under long coats.

The Ailing Hog.

When the hog seems to be losing the use of its limbs, feed less corn and more bran and oats chop. If the trouble is very bad, give eight or ten drops of nux vomica in the feed twice a day. An abundance of green feed should also be given.
