Mrs. M. S. Allen entertained the ladies of the Methodist Aid Society at her charming home on Second Avenue South, yesterday afternoon. Close to thirty of the Church workers were present, and passed a most pleasant afternoon. Refreshments of a tempting nature were served and a pronounced delightful; especially piping hot waffles made only as Mrs. Allen knows how to prepare them.

Dan Rainwater, of Greenville, paid the Grove a visit Wednesday.

At the Congregational Church Sunday morning Rev. Thomas will take for his subject "The Hidden Reservoir."

It is planned for all the congregation to take dinner in the church parlors at 6:00 p. m. and then attend the conference in a body. DEMOCRATS WILL CONTROL CONGRESS

Returns Indicate Democratic Majorities in Both House and Senate.

Chicago.—The next United States Senate will be Democratic by a majority of at least four. According to returns from all sections of the country there will be 46 Democrats in the upper house of congress to 42 Republicans. This leaves eight seats in the doubtful column, with every prospect of their being swung into the Democrat ranks.

Senator Borah Wins in Idaho. Senator Borah, of Idaho, Progressive and Republican candidate, will probably be returned to the senate. In Colorado, where a successor to Senator Guzman is being chosen, early returns show the race to be close between the Democrats and Republicans.

W. E. BORAH

Senator Joseph M. Dixon of Montana, Colonel Roosevelt's campaign manager, is having a hard time being returned. In Massachusetts it was still within the realm of possibility that Senator Crane would have to give place to either Mayor Fitzgerald, of Boston, or Governor Foss. Democrats Win Illinois Legislature. With returns from practically every section of the state showing a steady increase in Wilson's plurality, it was claimed at Democratic headquarters that Illinois will send two Democrats to the United States senate. Colonel James Hamilton Lewis, the regular Democratic candidate for the senate, who was endorsed at the last primaries, will be elected in all probability to the six-year term to fill the place of Shelby M. Cullom.

Kansas in Doubtful Column. In Kansas, where Governor Stubbs Progressive, is battling with Senator Curtis, standpat Republican, it was indicated at a late hour that both might be defeated and the state go

Democratic. In event of this there may be a Democratic senator from the state elected as a colleague of Senator Bristow.

In Tennessee the legislature will be Democratic, as it will in probably all of the southern states, thus insuring a solid delegation of United States senators to assist in carrying through the Wilson ideas.

Democrats Add to Strength in House. The next house of representatives will be overwhelmingly Democratic. Early returns indicated there would be 277 Democrats, 148 Republicans and ten of other parties, mostly Progressives, in the new lower congressional body.

This would mean a Democratic majority of 119 votes over all opposing party strength.

There is nothing uncertain about the next house of representatives. All the southern states have accorded their usual quota of Democratic members, whereas the Wilson landslide in various eastern and northern sections will add to the former majority of the party.

It looks as if Indiana will send a solid Democratic delegation to the lower body.

Arizona Heavily for Wilson.

Phoenix, Ariz.—Returns from all over Arizona indicate that Governor Wilson carried every one of the 14 counties in the state with the possible exception of Coconino county, in which Taft had a lead of four votes at a late hour. Wilson will lead Roosevelt by approximately 3000 votes, with Taft a poor third.

Pennsylvania Race Close

Philadelphia.—Roosevelt and Wilson are running neck-and-neck in Pennsylvania. In 1904 out of 5277 election districts in the state outside of Philadelphia Taft had 38,645, Wilson 62,032 and Roosevelt 62,016.

In Philadelphia, with less than half of the returns in, Taft leads Wilson by 14,000 votes and Roosevelt by 11,000.

Edison Phonographs and Records at Staehr's Bazaar

Next to Post Office, Forest Grove, Ore.

Edison Phonographs and Records are fast coming to the front. They are driving every other talking machine and record out of the market. Why? Because they have stood the test for years. A number of other talking machines have been compelled to quit business because either the machine or the records did not give satisfaction. A good feature with the Edison machine is that the records never wear out. And another good feature is that the Edison machine and records are sold at the same price the world over. Whether it is in New York, Chicago, Portland or Forest Grove, the prices are all the same. Of course a number of people are sending east for them, having been led to believe, by some fake advertisements, that they could get them cheaper by sending east, but if they investigate they find out they have paid exactly the same price that they could have bought the machine of the home dealer for, and perhaps \$5 or \$6 express charges extra. Besides this they get a machine that is not adjusted and they do not have a chance to hear the records. Every Edison Talking Machine that is sold at Staehr's Bazaar has been set up, adjusted and tried before it goes out. A full line of records are always kept in stock. The Edison Talking Machines are sold on easy monthly payments and absolutely guaranteed to give satisfaction.
