Photos for Christmas Presents

We want to assure you we are prepared to give you the very best work in the latest approved designs, and that your early order for Portraits will insure you the perfection of careful attention to detail.

Forest Grove Studio.

Our Correspondents

GALES CITY.

Robert Lilly, who was called to McCloud, Calif., to attend the funeral of his brother, returned home Wednesday of last week.

Rev. A. G. Dixon, of Portland, gave us an interesting sermon Sunday.

Ruth Lilly of Forest Grove, spent Sunday with her mother Mrs. Jane Lilly.

James Churchill was doing business in Portland Saturday.

Railroad talk is becoming the leading conversation here of late. We have understood that the United Company will again start work on the road through this section of the country in the early spring. We hope this is true, but would much rather see a road from Forest Grove through here than from anywhere else and still live in hopes that a branch road will come through here from Forest Grove.

WEEKLY WORD OF WATTS

The school will hold an entertainment next Friday evening. Admittance will be 25 cents for adults and 15 cents for children. Proceeds to go towards defraying the expense of buying a new school bell.

The young people met Sunday night at the school house and organized a Christian Endeavor society, with Miss Smith, as president. We did not learn the names of the other officers. The hard rain kept those away who were coming out from Forest Grove to assist in starting the society.

Mr. and Mrs. Kennedy shopped in the Grove Tuesday.

Mrs. Hollenbeck, of North Yamhill, is visiting her parents, Mr. and Mrs. Victor Bailey.

Peter Boke was seen at the stores in town on Tuesday.

Thad Stevenson was in the city Monday.

The Ladies Aid society meets with Mrs. N. A. Frost, Thursday afternoon. This is the first meeting for some time and it is hoped the members will all be present.

Mr. Bailey is helping Dick Holsher put up some telephone poles on the Gales Creek line this week. The lines are crossed somewhere and no one can tell who he is talking to, if he does succeed in getting central, which is seldom.

PICKED AT ORENCO

Peter Redwick is erecting a building to be used as a blacksmith shop on his lots on Second street. He also intends to establish a livery stable—something that is badly needed here.

At the mass meeting held last week a committee was appointed to draw up a charter for a commission form of government for Orenco.

The poultry club held a meeting Tuesday evening and adopted a constitution and by-laws. The club starts under auspicious circumstances and a large membership.

A liberal reward will be given to the person who can answer this conundrum properly. Why is the Oregon Electric like the moon?

Mr. and Mrs. John McGee spent Sunday in Salem visiting friends.

The bible class held their regular monthly social meeting at the home of Mr. and Mrs. McDonald on Thursday evening and had a most enjoyable time.

HIGH SCHOOL NOTES.

Miss Bertha Dorris, a teacher in the High school, was a Portland visitor last Saturday and Sunday.

The spelling contest under the auspices of the Washington County Teacher's Association last year was such a success that arrangements are being made to have another contest this year.

Wesley Didn't Like French.

John Wesley had a very poor opinion of the French language. He once wrote: "I was more than ever convinced that the French is the poorest, meanest language in Europe, that is it no more comparable to the German or Spanish than a bagpipe is to an organ and that, with regard to poetry in particular, considering the incorrigible uncouthness of their measures and their always writing in rime (to say nothing of their vile double rimes—nay, and frequent false rimes—it is as impossible to write a fine poem in French as to make fine music upon a jewsharp."

Maude Was Willing.

A strict housewife said to a new maid, "I forgot to tell you, Maude, that if you break anything I'll have to take it out of your wages." But Maude, whom two days had heartily sickened of her berth, replied, with a merry laugh: "Do it, ma'am; do it. I've just broke the hundred dollar vase in the parlor, and if you can take that out of \$4—for I'm leavin' at the end of the week—why, you'll be mighty clever."—Argonaut.

He Called the Turn.

"I came," announced the intimate friend of the family, "to make my dinner call." "But," they protested, "you haven't been here to dinner lately." "I know that," he replied, "and I thought if I called that defect might be remedied." An invitation was promptly forthcoming.—New York Press.

Whipped Cream.

"Look here," shouted the irate neighbor over the fence, "your youngest son has been stoning my cats and pilfering my apples! He is a scamp!" "Don't talk that way about my son," blurted the fond parent. "Why, he is considered the cream of our family." "The cream, eh? Well, I'd like to see him whipped."—Chicago News.

PIPE-DIPPING PLANT AT HILLSBORO DESTROYED

HILLSBORO, OR.—The pipe dipping plant of the Hillsboro Power and Investment company was destroyed by a fire that broke out at 12:30 o'clock last Thursday morning. For a time the large power house and machine shop of the company were threatened but hard work confined the fire. Power for the operation of the saw mill and also of the Climax Milling company is furnished from the power house of the Investment company and had it burned it would have meant shutting down these plants. Loss on the pipe plant will be between \$1000 and \$2000.

At the Grand theater some excellent bills are being offered the public. The Bison 101 specials are the features with others of note each night. This house is giving good shows and placing a considerable number of special films before its patrons. 7t1

OLD COLONY A New Pattern

We carry a good line of the various popular styles.

Everything in Jewelry
Cut Glass, Watches,
Clocks, Umbrellas and
Many Other Articles.
