DEVOTED TO THE W. C. T. U.
Edited by Mrs. Katherine R. Kerr

The Mother's meeting of the W. C. T. U. was held at the parlors of the Methodist church Friday. The leaders of the meeting were Mrs. Reynolds and Mrs. Morgan; Purity and Narcotics, the subject. It was largely attended and a most interesting meeting was held. A number of the ladies took part in the quiz given by Mrs. Morgan on alcohol. Mrs. Wm. Kerr read an article on Purity. Mrs. Barber gave an interesting account of her work. The meeting adjourned by singing "Blest be the Tie."

one, two or ten per cent alcohol, for the end is the same, "at last it biteth like a serpent and stingeth like an adder."

While none of us want wickedness to be rampant among us, perhaps an occasional jolt is necessary to let them know that evil is getting in its work. And all must be up-and doing to overcome evil with good.

"Every boy and girl in this country has a right to be born right and reared right." Hon. Ben Lindsay. Yes, this is a God given legacy, better than the legacy of millions. But it is denied to thousands of children all over this country. Children are suffering all over this country from the indifference of their parents. We do not talk and agitate enough the real things. These after all are the ones that effect the home and the children in the home. Why are some of the boys allowed to stay out of school and peddle bills for coming shows? Why not have a truant officer to see to such cases? Superintendent Bodine of Chicago, the authority in this country on truancy, says: "The boy takes his first step in becoming a criminal when he becomes a habitual truant. I do not blame the children as I do the parents and the city officials, neither of whom do their duty."

For a number of years root beer has been stealing into the homes of good Christian people, and the appetites of the children are being prepared for stronger alcoholic drinks. The manufacturers say there is no alcohol in this preparation and if you add water, yeast and sugar you make a good temperance drink. But they do not add that the sweetened liquor to which yeast is added will ferment and produce alcohol and Dr. Cheney of Boston says that whoever drinks it at home, drinks the same poisons as at the liquor bar in the village saloon. Be not deceived, Oh! Parents. "God is not mocked. Whatsoever a man soweth that shall he also reap." It is not whether your children begin on drinks containing

Pastor Organizes Boys' Club.
DILLEY, OR.,—Rev. L. T. Prose, of the local Methodist Church, has shown that he is in touch with the boy problem. Since his arrival here he has created quite an interest among the boys. On Wednesday evening he gave an oyster supper to 50 manly and well behaved boys. A sunshine club was organized with two divisions, No. 2 including the boys. The only conditions of membership being good behavior and attendance at Sunday school. The boys have organized a ball team, and after some practice they will issue a challenge to any boy team of equal strength. Professor Grover, of the public school, helped in the organization.
