

Watch and Use the Want Ads

and you'll not need to be a mind reader

The thought has often come to you perhaps, that you could easily solve most difficulties if you were a mind reader—if you could for instance, KNOW who would be glad to rent your property, or to buy it; who would be glad to employ you.

Want advertisers, and those who watch the want ads, learn these things in a BUSINESS W A Y—not through occult means.

CLASSIFIED ADVERTISING

THE WANT advertiser accomplishes, today, the task before which the procrastinator stands in doubt and dread, wondering whether or not want advertising would be of "any use."

HEALTH HINT FOR TODAY.

Curing a Bunion.

It is not a hard matter to decide upon the treatment of a bunion. First procure a pair of shoes that do not squeeze the toes together. The inner side of the sole of a shoe should be nearly straight, not slanting toward the middle at the toe. The "manish" cut of shoes usually has this shape sole, but they can be procured in all weights of leather. The next thing is to relieve the pressure on the sore joint and also try to replace the great toe in its original position. The latter can be aided by placing a piece of cotton between the great toe and the second toe. This tends to throw the big toe back into a straight line with the foot and the joint to resume its proper position. To relieve the pressure a small piece of cotton with a hole cut in the center laid directly over the bunion should be worn during the day. If the bunion has not existed a great length of time this treatment will be all that is necessary. However, in some cases the bursa has become infected and pus has formed. Then it may be necessary to remove the bursa. In extreme cases the infection has extended to the joint cavity and the end of the bone has become necrosis (dead). In this case it will be necessary to remove a portion of the bone before the bunion can be relieved.

Marriage Certificates.

March 17, Wm. J. Hess and Anna E. Callahan, both of Gaston.

March 17, M. C. McCoy and Phobe Whitten, both of Washington county.

The Risk is Ours

We want every woman in this city to know of the beneficial results that follow a treatment of Rexall Vegetable Compound and also that we will pay for the medicine if it does not help you.

Many women are in so serious a condition that they are in need of prompt surgical treatment but in treating the ordinary ailments peculiar to the female sex, Rexall Vegetable Compound may be relied upon to assist in restoring normal conditions, and this without risk to the patient.

We offer suffering women in Forest Grove this preparation with the guarantee that it contains nothing harmful; that the ingredients are such as are commonly used by reliable physicians in treating these ailments; that we will tell you or your physician exactly what these ingredients are; and further, if after treatment, no beneficial symptoms are noticeable, we will return every cent you have paid us for this remedy—we will take the risk.

Remember, Rexall Vegetable Compound is sold only at our store—The Rexal Drug Store.
