Prof. Inlow, who has been elevated to the responsible position as above noted was Superintendent of the schools at Cottage Grove prior to coming here. He has met with great success as an instructor, and will no doubt fill his new position with credit to himself and to the satisfaction of the patrons of the district.

\$1.00 SAVED IS \$2.00 EARNED?

County Treasurer Sappington, who brought the injunction suit to prevent the delivery of \$35,000 in bonds to Morris Bros., which injunction suit has caused not a little throwing of bouquets back and fourth between himself and the school board, resents the statement that the district lost \$5739. Mr. Sappington states its a mistake in computing the amount of interest that will be paid out, but that ten years is the right period of time to count, as the district will begin to take up the bonds ten years hence. Here are Mr. Sappington's figures.

PIONEER FAMILY HOLDS REUNION

His daughter, Mrs. Laura Pearl Miller, born Sept. 3, 1874, heads the third generation; Mrs. Freda Maud Miller, born July 30, 1892, and her daughter born Jan. 22 1909, represent the fourth and fifth generations respectively.

Mrs. Jane Hill is the widow of the late Almorán Hill. She was born in Missouri July 26, 1822, and was married in 1843. The same year she and her husband crossed the plains to Oregon by ox team, and they settled on a donation land claim in the East Gaston section. They lived on this claim until Mr. Hill's death about 3 years ago, and Mrs. Hill out recently went to make her home with her daughter in Portland. Tillamook was designated as the next place to hold the encampment, but the thanks of the old soldiers to the people of Forest Grove were extended for the kind invitation, and we will likely get the encampment in 1915. CLOTHING STORE IS ROBBED

Bold Thieves Loot J. Anderson's Clothing Store Thursday; Night Taking many Suits.

Forest Grove was thrown into a high state of excitement Friday morning, when it was learned that the clothing store of John Anderson had been entered Thursday night and a large number of suits and other wearing apparel taken.

The robbers effected an entrance by prying up on one of the windows in the rear end of the store building. Some instrument such as a crow-bar or chisel, was used. The catch on the top of the lower sash was loosened, the window raised, and the thief or thieves crawled through the opening and over a work table.

The robbers were apparently experienced at the business, as they took time to select just the suits which they desired. They also made a selection of choice neckties, handkerchiefs, and other lines of haberdashery. By unbolting the back door from the inside the robbers were enabled to get away with their plunder without molestation.

The robbery was not discovered until employes of the store went to open up Friday morning. Mr. Anderson immediately telephoned to Sheriff Reeves, of Hillsboro, who came to this city and looked over the grounds for a possible clue. Nightwatch Sexton shadowed a suspicious looking character Friday morning but although the man acted in a queer manner, he was not arrested. No clue of a definite nature has been unearthed. James Joy living on Pacific Avenue, states that he heard and saw an automobile going down the street headed toward Portland, at about two o'clock Friday morning. Other parties have stated they also heard the car. Telegrams were sent to all nearby towns and cities by the officials, and a sharp watch will be kept, in an effort to apprehend the thieves when they try to dispose of the stolen goods. About seventy suits, a baker's dozen of overcoats and numerous small articles comprised the loot. Mr. Anderson's loss will approximate \$1,000.
