Correspondents Wanted

It is the desire of The Press to secure a live, boosting correspondent in each town and community in this county. No matter where you live you should be able to gather a few news notes each week. The larger your community, the more you should be able to find and write about. If your section is not already represented in The Press by a regular correspondent, we will be pleased to have you send in your name as a candidate for the position. If you do not wish to become a regular correspondent we will appreciate an occasional news letter. THE EDITOR.

HILLSBORO.

Judge Campbell held a one-day session of court last week. He will return Monday and hold court all of the week.

Hop picking is completed at the Gregg yard. The majority of the yards in this vicinity will finish this week.

The Order of Moose will hold their first annual carnival at Hillsboro September 17, 18, 19, 20. A rousing time is anticipated.

Mrs. Geo. Emmott's millinery fashion display at the Grand Theater was an innovation, and attracted much attention.

Walter Curtis, who has spent some time in California, has returned to our city. He says Oregon is the place for him.

The Peoples' Store has changed hands. It will henceforth be known as the Weil Department Store.

On Tuesday, October 14, there will be a business meeting of the Washington County Veteran Association held at Cornelius.

Captain Charles H. Stanley, a prohibition lecturer and wit, will speak at the Court House on the evenings of September 18, 19, and 20. He will also address the picnic to be held in Hillsboro September 20th.

The remains of Mrs. L. J. Brandt, a former resident of Hillsboro, were brought here from Portland for interment.

current for lighting purposes. In case the Washington Oregon corporation are given a contract for furnishing the current to the city it probably will be made on a 24 hour basis.

At the City Council last Monday night the motion was made to allow the City Marshal not to enforce the law in regard to the muzzling of dogs. This puts all bad dogs on their good behavior.

The Rogers Library will soon be remodeled and changed a little so as to be more attractive and servicable. The room is to be enlarged and the street commissioner has been authorized by the City Council to put in a septic tank and make other improvements. To the many readers of the PRESS who are familiar with the many good works contained in the library this will be pleasing news.

The old water tower will be repaired for city uses by M. E. Wright whose bid of \$495 was accepted by the city.

The permit of John Herman to put a tank under the sidewalk near his new garage was laid on the table by the City Council for further discussion. Mayor Sanford and the city attorney are looking up the law in regard to the matter.

Registration Slight

The registration of South Forest Grove and North Forest Grove for the coming Fall elections are as follows: South Forest Grove—Women, 20; men, 27. North Forest Grove—Women, 30; men, 56. The reason for the small percentage of registration is that those who registered for the general election last year need not register for the November election this year. Fewer women have registered than were expected. The registrar of South Forest Grove is Miss Langley, and of North Forest Grove Henry Wirtz.

GALES CITY.

Bennie Churchill, son of James Churchill, was nearly killed last Friday night at Parkins' hop yard near this city, while building a bonfire. A shotgun shell, which by some oversight got into the blaze, exploded. His right arm, shoulder and breast were filled with shot, while his face was considerably spattered. We are glad to report that no serious harm will result, and that the young man is anxious to be back at work.

Hop picking in the Parkins yard ended today.

The Heisler yard finished hop picking on the 14th, and the Seavy yard was through on the same date.

hands of the judges. Entries for prizes close at noon on the first day of fair. An effort will be made to have all of those examined that enter after that time but they can not compete for prizes. No entry fee will be charged. The contest will be conducted along the same lines as those of the Mother's Congress of Portland and the State Fair at Salem. It is the plan given by the Woman's Home Companion.

There will be three classes, with prizes as follows:
No 1—1 year and under 2; first \$10.00 cup; second, \$5.00 cup; third, \$2.50 cup.
No. 2—2 years and under three, \$10.00 cup; second, \$5.00 cup; third \$2.50 cup.
No 3—3 years and under 4 first, \$10.00 cup; second, \$5.00 cup; third, \$2.50 cup.

A special prize of a \$12.50 cup will be given by the Forest Grove National Bank to the highest scoring baby in the show. The study of Eugenics is comparatively new thing. The object is not merely to see that better babies are brought into the world but that they are given the best care possible that they may develop "sound minds and sound bodies." No mother should hesitate to bring her baby to these contests for fear it would not win a prize it may average better than she thinks, and, on the other hand, it is well to know the weak points of your child as well as the strong ones in order that they may be overcome before it is too late. The physicians in charge will be only too glad to advise and help in every possible way. There will be free literature, also the exhibit from the State Social Hygiene Society, undoubtedly one from the Child's Well-fare Society, besides charts and posters on related subjects, at once instructive and interesting. The tent will be made comfortable with chairs and couches, a rest room for tired mothers and children. The contest is in charge of the Woman's Club of Forest Grove. Application for score cards or other information should be addressed to Margaret Hinman, Superintendent, Forest Grove.

he must have been frightened off by the return of Mrs. Baber and Mrs. McCloud for he left the house in such haste that the silver ware was untouched and deep tracks were discovered where he jumped from the window.

The authorities thus far have, they believe, but one important clue. At about three o'clock in the afternoon a young man entered the shop of Haskell and Sons on Pacific Avenue and rented a cycle for three hours paying for it in advance. A bicycle was found at the front gate of the Baber home and has been identified as their property by Haskell and Sons and as the one they rented the young man. They were able to furnish a good description of the young man and it is upon this description the authorities are working.

Among other articles the following were taken by the thief a large gold jade ring, costly gold belt buckle, gold necklace set with amethyst and pearls and about twenty dollars in gold.

Fred Lilly is in town today from Fir Creek.

A canvass of members of the house and senate committees which have been investigating President Wilson's assertion concerning the existence of a dangerous lobby in Washington, showed that both reports will sustain the charges of the chief executive.

Littler's Pharmacy will occupy the north room of the First National Bank Building when completed. The bank officials are making every effort to make this room one of the neatest and most convenient for drug store purposes this side of Portland. Mr. Littler was very fortunate in securing this room for his pharmacy.

Why be bothered with two pairs of glasses? Call at the Laughlin Hotel, Thursday, September 25, and have Drs. Lowe and Turner show you the new invisible Toric Bifocals, with which you can see all distances. No conspicuous lines or seams in the glass to collect dirt and strain the eyes. Free demonstration. Scores of references. Remember the date.

Exchange of School Books

The new school books that have been adopted by the state are now for sale or exchange at Staehr's Bazaar. As there may be a shortage of same on account of greatly increased population in this part of the country it will be advisable for any one who can to get their new books at once. Following are the rules for exchange:

A book that was used last year but not in use now, can be exchanged for the new book that is to take its place but it cannot be exchanged for a book used in a higher or lower grade. In other words the old small arithmetic is exchanged for a new small arithmetic and etc. The exchange price averages about one half of the purchase price of the new book. Books cannot be taken in exchange unless they are in good condition. Books with loose or missing leaves or in any other way torn or damaged cannot be accepted.

As all of the new books belong to the J. K. Gill Co. of Portland it is impossible for us to give credit to any one. Cash must accompany each and all orders. We also carry a complete line of school supplies of all kinds and give better values than any store in the county owing to the fact that we buy in immense quantities and in most cases direct from the factories.
