## Washington County FAIR Will be Ready Oct. 9-10-11 for Large Attendance

### GRADES LOCATED BY CITY COUNCIL

Assessments Made on Seasons Paving Nearly Identical With Estimates

### Special Meeting Soon to Pass Ordinance to Put All Lights on Meters

At a special meeting of the City Council last Tuesday evening the city fathers discussed and passed upon many issues until a late hour.

The assessments for the paving done by the Linden-Kibbe Company this Summer were made, and upon two of the three streets the estimates were found to be identical with the proper assessments. On A Street, however, a small overcharge had to be declared. Carl Kumpe, of the company, asked for the warrants covering the intersections, but was refused until the next regular meeting, which will be on October 14th.

Grading was established on several streets of the city as follows: On Main Street from the south line of Third Avenue to the north line of Fourth Avenue, and continuing on Fourth Avenue from the east line of Main Street to the east line of A Street. On First Avenue North from the west line of A Street to the east line of B Street. On C Street from the north line of Pacific Avenue to the south line of First Avenue North. On B Street from the north line of Pacific Avenue to the south line of Third Avenue North.

The Mayor reported having made a trip to Carlton to see about wood for the city electric plant. The present wood supply is dangerously low, and considerable trouble has been experienced in securing an additional supply. For some reason the wood ordered from the Carlton mills has not been shipped by the railroad, and the delay has caused much inconvenience.

After a lengthy discussion concerning the meter question the ordinance was referred to the light committee and City Attorney for amendments. A special meeting will likely be called the first of the week to consider this measure, which will place the electric service of the city entirely on a meter basis.

### Students Urge Friends to Vote

We, the Associated Students of the Willamette Valley, including all students attending the University of Oregon from Washington, Polk, Benton, Linn, Yamhill, Clackamas and Marion counties, in meeting assembled, resolve as follows:

First, that we believe it to be the overwhelming sentiment of the people of the Willamette Valley that the present facilities for education in Oregon are too small rather than too great.

Second, that the future efficiency of Oregon's educational system depends upon opportunity for undisturbed growth, that the policy of political agitation in educational matters has been pursued by certain individuals in Oregon

### Alumni Game Next Saturday

New Coach is Rapidly Working Team in Shape to Meet Willamette

Saturday the older sons of Pacific will vie with the present representatives of their Alma Mater for the season's football honors. The Alumni team this year is credited to be strong, and will have a likely chance of more than breaking even with the Varsity squad, which has had little training to date.

After the game the students will tender their annual reception to the Alumni, at which time many prominent sons and daughters of Pacific University are expected to be present.

#### Yakel, New Coach

The new football coach for the season of 1913, Ralph Yakel, of Portland, has been engaged, and was on the campus with the men Monday. He is a man who comes highly recommended, not only by the Y. M. C. A. of Portland, but by his former trainers and college associates in the East. He had five years' college experience playing in football, under such coaches as Hall, of the University of Illinois; Gillesby, of the Northwestern University; and Scott and Muhl, at the Illinois Wesleyan University.

For six years with merely negative results, and that there is no prospect of any definite solution through the holding up of reasonable appropriations. We believe that the only result of such action would be further partisan campaigning, political deals, and a misuse of direct legislation.

Third, on the other hand, the election called for November 4th furnishes the first opportunity that has come in Oregon for many years to put education on a firm basis, by constructive and not destructive methods, especially as hereafter the needs of both university and college will be taken care of on a moderate and reasonable scale by the millage bill, which removes both institutions permanently from politics.

Therefore, we urge all friends of education in the Willamette Valley to register for the election of November 4th, and to vote at this election upholding the most moderate appropriations for much needed buildings for a state university made by any state, and we direct that these resolutions be sent by our president and secretary to each newspaper in the Willamette Valley, with the request that they be published, and that the papers use their great influence to bring out a representative vote at this election.

#### LELAND G. HENDRICKS, President.

CLEVE S. SIMKINS, Secretary.

### Shriners' Day at the Fair

Al Kader Temple, Mystic Shrine, is going to be well represented at the State Fair on Shriners' Day, Saturday, October 4th. Arrangements have been made with the Oregon Electric Railway to run a special train from Portland at 8:45 A. M. that day, arriving at Salem at 10:45 A. M.

## WASHINGTON COUNTY TAKES FOURTH PRIZE AT STATE FAIR

Washington County with but little general effort, captured the prize as the fourth best county in the state. The credit for the June exhibit belongs to L. D. Westfall of Tualatin, the manager of the exhibit, who claims that with an early start for next year that Washington county ought to be an easy winner over all. Douglas county captured first place, Benton second, Clackamas third, Washington fourth and Tillamook fifth.

Many local people attended. Many Forest Grove and Washington County

### Linden-Kibbe Leaves

Today the Linden-Kibbe Company completed the last of their office work here, and Jack Tyler, the company's representative throughout the entire job, left for Independence.

## TENTS RISE THIS WEEK BIG CROWDS EXPECTED

### Exhibits Large Many and Excellent - School Parade Big - Eugenics Department Good - Races Fast

Work is being rushed on the final preparations for the County Fair, to be held on Thursday, Friday and Saturday of next week on the fair grounds east of Forest Grove. Stall room is being provided for sixty head of cattle, and everything now indicates that all the available room will be taken. The dairy breeds will be well represented. There will be an especially strong showing of Holsteins, while the Jersey classes will all be sufficiently well filled to insure keen competition. Alex Chalmers is arranging to have the fine herd of Shorthorns, which he has on exhibition this week at the State Fair at Salem, returned in time to show at the County Fair.

The hog show gives promise of bringing forth well filled classes and a close competition for the honors. The largest showing and closest competition in the sheep division will probably be in the medium wool classes, several owners of Shropshire and Hampshire flocks having signified their intention of entering their stock.

It is expected that there will be an excellent showing of horses. They will be taken care of in the permanent stables that have been erected on the grounds by Capt. McCann.

The stock will be judged by Prof. Scudder, of the staff of the O. A. C. It will begin promptly at 10 o'clock on the opening day. On account of the judging it may be impractical to have a stock parade on the first day, but it is the intention of the management to have the prize winning stock exhibited on parade at least the last two days.

The members of the County Poultry Association, who have charge of the poultry show, promise a great show of royal blooded poultry of every class.

There is no longer any question that there will be a great showing of the county's agricultural and horticultural resources. Last week H. T. Buxton, Superintendent of the Agricultural Department, shipped to the State Fair a large amount of material which he had collected, to be shown in connection with the county exhibit at the big fair, then returned to the County Fair, together with a large amount of additional material collected by L. D. Westfall, of Tualatin, who has charge of the county exhibit at Salem. Every day other material is being located and collected, so that by the day of opening the big tent, which is to house this department, will undoubtedly cover an exhibit well worth seeing.

The Woman's Department will be none behind the others, either in the quality or the quantity of their exhibits. Superintendents in this division are working hard and promise a magnificent display of the finest of canning, baking, fancy work, and in fact every kind of household skill. Exhibits in this line will be judged by Mrs. Dr. Bushnell, wife of the new President of Pacific University.

Every one is always interested in what the juveniles are doing and at the fair there will be one big tent all their own, in which the results of every kind of work and training they are receiving in their school life will be shown. The school children parade on Friday, the 10th. Public School Day will be one of the big features of the Fair. Every child in the county up to fourteen years of age will be admitted free on that day, and they should all insist on being there to help boost for their own school in the parade. The parade on that day will be headed by the Queen

of the Fair. Voting for the queen is now in progress all over the county. It is expected that a portion of the funds derived from the sale of votes will be devoted to providing prizes for the schools making the best showing in the parade. So all the schools should encourage the voting.

The Better Babies contests are everywhere attracting a great deal of attention and, with additional features that will be shown in connection with this department at our Fair, it cannot fail to be a feature of great interest and value. Dr. Gus Bailey, formerly of Hillsboro, who has for several years been specializing on diseases of the eye, ear, nose and throat in Portland, will make the examinations in those lines. Drs. Katherine Myers, Mary E. Giles and Katherine Reuter, all of Portland, assisted by local physicians, will conduct the other examinations. This work will begin at one o'clock on the 9th, the opening day. Many mothers, appreciating the value of the work that is done, have asked the privilege of having their children examined, even though they were not of the right age to enter the contest, and, so far as practical, these requests will be taken care of.

The management have all along been desirous of conducting a clean fair and no objectionable features of any kind will be allowed on the grounds. Such amusements as have been provided will be such as every one can enjoy. The following events have been scheduled for the racing program, and present indications are that every race will be well filled:

#### THURSDAY.

2:15 pace—One mile, three heats, every heat a race. Purse, \$200.  
Free-for-all trot—Mile, three heats, every heat a race. Purse, \$250.

#### FRIDAY.

Farmers' buggy race—Half-mile, best two in three. Purse, \$50.

#### SATURDAY

Free-for-all-pace—Mile, three heats, every heat a race. Purse, \$200.  
2:20 trot—Mile, three heats, every heat a race. Purse, \$200.

Special round-trip rates of one and one-third fare have been granted by all the railroads, and it is probable that special hourly service between Forest Grove and Hillsboro will also be established.

A number of Portland automobile houses are preparing to put on a big auto show, and several local firms will erect tents and make a showing of farm machinery and household equipment.

#### To Close on Account of Fair

We, the undersigned business men of Forest Grove, hereby agree to close our places of business between the hours of 1 and 5 P. M. on Thursday and Friday, October 9 and 10, that our clerks and patrons may attend the Fair: Geo. G. Paterson, Goff Bros., Sears & Watkins, A. G. Hoffman & Co., E. Chowning, Chas. O. Roe & Co., Shearer & Son, M. S. Allen & Co., King & Caples, E. J. Burlingham, R. F. Emmerson, John E. Bailey, Jno. Anderson, B. F. Purdy, M. J. Abbott, Gordon & Gordon, Jas. Rasmussen, W. N. Hartrampf, W. T. Schultz, Van Walters & Co., H. T. Giltner, J. C. Stream.

### R. E. Dunlap To Succeed Gould

Methodists Change First Time in Seven Years—New Man Highly Recommended

Rev. Hiram Gould and wife returned to Forest Grove Monday evening from Eugene where they had been in attendance at the Annual Conference of the Methodist Church.

Several important changes were made among them the removal of Rev. Gould from Forest Grove to Woodburn. Rev. Gould has been in Forest Grove for the past seven years and during his stay has won the admiration and respect of not only his church members but the townspeople as well. He has seen Forest Grove grow from a small town to a thriving and prosperous business center. He has also seen much advancement in the church. The membership has been doubled also the new church building and parsonage have been built during his pastorate. The town and community will lose a man of influence and power when Rev. Gould leaves for his new field of labor.

Rev. R. E. Dunlap comes highly recommended having just completed his eight years as District Superintendent of the Klamath District. The prospects are bright for a prosperous year for the Methodist Church of Forest Grove.

### Humorist Lecture First of Course

The first number on the Pacific University and Forest Grove High School Lecture Course will be a lecture on "The University of Hard Knocks," by the famous philosophic humorist, Ralph Parlette, Wednesday evening, October 8th.

The course of five numbers has been arranged through the co-operation of the High School and College authorities, and the high class attractions secured should insure the success of the course.

Season tickets will be on sale up to Wednesday evening at Littler's Pharmacy at a cost of \$1.50. Single admission, 50 cents for reserved seats; 35 cents for general admission.

Parlette is a sure cure for chronic blues or the grouch, and we recommend his lecture to lovers of wholesome wit, as well as those who need cheering up a bit.

### ALLEGED FORGER TAKEN

Sought for Victimizing Forest Grove Bank Found in Navy

HILLSBORO, Ore.—Sheriff Reeves started from San Francisco last Sunday with Ross Garber, charged with forging a check and cashing it on a Forest Grove bank.

Garber successfully eluded pursuit and went to Mare Island, where he joined the navy. Sheriff Reeves located him by means of a decoy letter and Garber responded, but replied as though he were a friend of Garber,

### WOMANS CLUB TO ERECT NEW HOME

Site Donated by Mrs. Baber and Mrs. Macleod Accepted

Five Home Will be Erected as Soon as Arrangements Can be Made

At a recent meeting of the Woman's Club of Forest Grove the offer of a building site was unanimously accepted by the Club. Mrs. Minnie Barber and her daughter Mrs. Duncan Macleod having donated the beautiful lot at the corner of 5th Avenue and 3rd Street, lying just west of the Barber home, as a site for the permanent home of the Woman's Club of Forest Grove; the gift is made by Mrs. Baber and her daughter is to be retained by the club permanently, and the club building will be given immediate consideration by the ladies of the organization. By this gift the club feels that it has made a forward bound that under other circumstances it would have taken years to attain, at the hands of the donors the Club has been placed in a position so that within a few months they will have a comfortable Club Home which otherwise would be years in the future. Mrs. Baber and Mrs. Macleod have gained for themselves a place in the heart of the club which the years and the change of club membership will not efface.

saying he knew where Garber was, but would not divulge it, as he "liked him better than a brother."

The writing was disguised, but there was no doubt felt that it was written by the same person that forged the paper.

#### Apple Day November 18

Portland, Oregon—If you don't eat an apple Tuesday, November 18th, you will be one of the few people in the United States that fail to celebrate. Let it be known far and wide that Tuesday, November 18th, is apple day all over the country. Some places will celebrate but one or two days, but in other sections a whole week will be devoted to special bargain days for the king of fruit. At the same time you will be made aware of the date for the second national apple day, you are notified that the best way to celebrate, and the cheapest, will be to buy the product by the box. Those in charge of the apple day campaign urgently request the average man or woman to refrain from becoming a "piker" by failing to celebrate.

#### Recount of Mint Millions Ordered.

San Francisco, Cal.—Because seven silver dollars have been lost in the immense hoard of coin stored in the vaults of the United States mint in this city, an entire recount of the \$61,395,000 in silver stacked up in the basement of the building on Fifth street, has been ordered by the treasury department at Washington, D. C.

## MANY PHEASANTS PREY FOR LOCAL HUNTERS YESTERDAY

Yesterday for the first time in two years were the royal-colored feathers of the Oriental pheasants in danger from the passion of the hunter. During that period having more often been fed from the hands of the farmers' children than shot at by the city nimrods, these birds have become so tame that many local hunters easily secured the bag limit yesterday.

The limit has been reduced to five in any day, and this number will be easy to reach, for the beautiful birds have

become so tame that the hunter who cannot use the front end of the gun with the proper results can club them to death.

#### Game Warden to Be Busy

State Game Warden Finley will have a particularly large force of deputies in the field to watch against the killing of female pheasants. When young the male and female look very much alike, and he expects to get many hunters who will have to stand a fine of \$25 for killing the wrong kind of bird.
