NEWS FROM OUR NATIONAL CAPITAL

Conferees Adjust All Differences Except Cotton Future Tax.

Washington.—After more than two weeks of constant work behind closed doors, the eight democrats representing senate and house as members of the conference committee settled the last of their other differences and reached the final decision that they could not agree on the cotton futures tax.

The six republican members of the conference committee were summoned to meet at a full committee meeting at 10 o'clock Monday.

The final differences in the bill were adjusted as follows:

The house receded from its rate of half a cent a pound on lead ore and accepted the senate rate of three-fourths of a cent a pound.

The senate receded from its rate of 12 1/2 per cent ad valorem on the zinc ore and accepted the house rate of 10 per cent.

The house gave up its demand that the woolen tariff rates go into effect at once agreed to the dates fixed by the senate, namely, woolen goods January 1, 1914; raw wool, tops and waste December 1, 1913.

The house receded from its provisions as to cotton threads, yarns and cloths, accepting the senate amendments, which revised the schedules on a new basis of thread count.

Income Tax Will Raise \$82,298,000.

According to estimates by treasury experts, 425,000 American residents must report to the income tax collector next spring exactly how much they owe the government under the new income tax law, which is embodied in the tariff bill.

The first returns do not have to be made to the internal revenue collectors before March 1, 1914. When the returns are made they will cover the incomes of citizens from March 1, 1913, to December 31, and the first payment of tax will be for money received during this period.

Every single person (citizen or foreigner) whose annual income exceeds \$3000 and every married person with an income above \$4000 is expected to report his or her receipts in detail to the government agents March 1 of each year. The estimate completed indicates that the income tax will produce \$82,298,000. To this will be added the \$35,000,000 or more produced by the present corporation tax, which is continued as part of the law.

Literacy Test Up Again.

An attempt will be made before the adjournment of the special session of congress to pass an immigration bill with a literacy test as its leading feature, such as was vetoed by President Taft.

At a meeting of the house committee on immigration the old Burnett-Dillingham bill, which met Mr. Taft's disapproval, was ordered reported to the house. Democrats back of the measure will get to work immediately to have this legislation indorsed by the caucuses, an action which is necessary to insure its consideration at the present session.

The bill came within seven votes of passage over Mr. Taft's veto and the complexion of the house has changed materially since then.

National Capital Brevities.

President Wilson would be authorized to direct the construction of the government railroad in Alaska by a bill reported by the house judiciary committee.

A surplus of from \$10,000,000 to \$15,000,000 over current needs of the government will be provided by the new tariff law, in the opinion of Senator Simmons, chairman of the joint conference committee.

Customs officials estimated that \$150,000,000 worth of goods are in bonded warehouses at the country's ports of entry at present, waiting for the lower duties provided in the tariff bill.

Representative Clayton of Alabama will remain in the field as a candidate for the senate from that state, even if he has to contest against Oscar W. Underwood, the house leader, for the nomination.

Congress, at its December session, will likely take up the matter of safeguarding lives of passengers on railroad trains. The interstate commerce commission may be empowered to treat with such questions as steel cars and safety equipments.

The senate committee may not agree on the administration currency bill, so divergent are opinions of witnesses examined. New England bankers are protesting against the bill. The measure may be reported to the sen-

WARNINGS ARE UNHEEDED

Thousands Lose in Locating on Oregon Lands.

Roseburg.—That thousands of persons throughout the United States have parted with various sums of cash through fraudulent locations on lands of the Oregon & California railway, was the statement made by Register Jones of the Roseburg United States land office.

"Hundreds of persons write to this office asking for information regarding these lands," said Mr. Jones, "many of them after they have parted with their money. We have always sent out a circular letter to people making inquiries about lands in this district, giving the amount of vacant land by counties, the character of the land, a general description of the country, and last but not least, the climatic conditions that prevail.

"A number of persons who were victimized by these locators have filed regular homestead applications in this office, all of which we rejected. Some of them appealed from our decision to the general land office, claiming that they would win the land in the end."

Free Wool Causes Sales.

La Grande.—On account of the changing of the tariff on wool many sheep are being marketed from this section, as the sheep men fear the animals will not pay to keep for wool. In the last week two train loads of sheep have been shipped out of Union and Wallowa counties, the first train load from Joseph, in Wallowa county, and one from Elgin, in Union county.

DREDGE GETS MUCH GOLD

Powder River Operations Unusually Successful.

Sumpter.—Since January 7 the gold dredge of the Powder River Gold Dredging company at this place has been in operation day and night, being run in three eight-hour shifts. The rich return derived from this boat has been one of the shining successes met this year in mining in eastern Oregon.

This work is paying beyond even the expectation of the owners at the time of building. The riffles are cleaned up once a week, and the gold retorted at the company's laboratory in Sumpter. The gold bricks from this retort are expressed to the United States mint at San Francisco.

Book Companies Must Pay License.

Salem.—Corporation Commissioner Watson states that the publishing firms which have made contracts to furnish school books in this state must qualify to do business in this state under the laws regulating foreign corporations. They must each pay a license of \$100.

Medford Has \$25,000 Fire.

Medford.—Fire destroyed the Union livery stable, two dwellings nearby, five horses and about twenty sets of harness. For four hours Medford was in darkness, and the telephone service was out of commission. The loss is estimated at \$25,000, partially covered by insurance.

Hansel is Guilty.

Astoria.—Guilty of murder in the first degree was the verdict rendered by a jury in the circuit court in the case of Oswald C. Hansel for the murder of Judge Taylor on Sunday
