THIS YEAR'S COURSE

Of Lyceum Concerts, Lectures and Entertainments.

Good Things In Store For Local People Who Attend—Lyceum Movement Throughout America Growing With Marvelous Rapidity.

The concerts, lectures and entertainments which are pictured and described herewith represent a group of good things which are in store for the patrons of the local Lyceum course this season. They are booked through the oldest and largest bureau in the world—the Redpath—a bureau which guarantees every one of its attractions to make good.

In all parts of the American continent the Lyceum movement is growing, and as it grows in size it is likewise growing in popularity. There are today more than 12,000 Lyceum courses in the United States, besides some 1,500 Chautauquas. Incidentally it is of interest that more than 600 of all the Chautauquas in this country are managed by the same bureau, from which the attractions described on this page are booked.

Lyceum entertainments differ from any other types of public amusements, in that they leave the community life better for their having come and gone. Every Lyceum lecturer has a message which he believes will benefit his hearers. The aim of Lyceum musical companies or entertainers is to help maintain or raise the standard of the art they represent in all the towns and cities they visit.

The following are the Lyceum course attractions which are to be heard here this season:

Three numbers of this year's Lecture Course being offered by Pacific University and the Forest Grove High School will be furnished by the Redpath Lyceum Bureau, and two musical numbers by the Conservatory of Music of Pacific University.

This is "Jubilee Week" in St. Alexander's Church, Cornelius. Mass and Communion every morning, and exposition of the blessed sacrament and benediction in the evening. Forty hours' adoration will commence on Friday morning and close with high mass on Sunday. Every one is cordially invited to all the services.
