

What do You Think About the BIBLE in the Public Schools

The PRESS will give for the best article dealing with this question from any standpoint a nice Leather Bound Bible and a year's subscription to the PRESS.

All articles must reach us by Monday evening, October 27th, and the announcement and winning article will appear in the issue of October 30th.

Articles should be short, 500 words, but no restrictions will be made. This contest is open to all Men and Women, High School Students, College Students, Teachers, or any one else.

Arguments both in favor and against the use of the Bible in the schools will have equal consideration. All articles of especial merit will probably be published. We offer the prize merely to stimulate this discussion.

Also articles proposing a satisfactory system of teaching the Bible.

Or on the question as to whether the Bible will supply the needed moral training in our schools. If you have any views on this subject let your fellow citizens share them with you.

All Articles must be in by October 27.

THE PRESS CONGRATULATES WASHINGTON COUNTY ON ITS FINE PRODUCTS

THE EDITOR PRAISES COUNTY AND PEOPLE AND THANKS PEOPLE FOR THEIR ENCOURAGING APPRECIATION OF HIS EFFORTS TO GIVE THIS COUNTY A TRULY REPRESENTATIVE PAPER

Washington County has been my home for only three short months, yet while so new a fellow-citizen many of you have in various ways lent your cooperation to my endeavor to make the PRESS a faithful representative of all the people of Forest Grove and Washington County. The policy of the PRESS is progress. It matters not so much where one stands, as in what direction one is moving. Many readers have told us that now the PRESS is the best paper in the county. We are trying to make it so, but do not limit ourselves in merely surpassing others. It is our aim, and with your co-operation we will realize it, to make the PRESS a paper for the people, a paper to which you may come with your wants, your needs, your grievances, and receive assistance in helping solve your problems.

The columns of the PRESS are always open to all sides of every question. The political policy is actual independence, and altho we may take positive stands on important questions the opposite side may feel free to present their case and to receive absolutely fair treatment.

The News of the County

We wish to print the news of this county, especially those things of vital interest to the farmers, merchants and homekeepers. We will try to print all the news of interest, but believe that a paper that comes into the home to be read by young and old alike should avoid the coloring of sensational stories. We desire to make every issue worthy of its field, and expect that many copies will be sent to faraway friends, telling them of the everyday blessings

of the citizens of Washington County. Cream of Willamette Valley

This county is undisputedly the cream of the Willamette Valley. Our products are more varied, and greater per acre than any other section. Our schools, churches and homes are all prosperous. Our markets are excellent and our business men are enterprising and worthy of our support.

When I first purchased the PRESS I moved the plant to the present large and well arranged quarters on Main Street. Since then from time to time there has been added new machinery, new type, and more equipment in every department. Naturally our payroll has increased enormously until at present seven people are regularly employed, besides special help which is frequently required.

Make "Press" Office Headquarters

Our offices are centrally located, and we have placed a reading and writing table for the use of our readers whenever they desire to use the same. Farmers whenever in town are invited to make the PRESS office their headquarters, and are free to make use of the accommodations of the lavatory and toilet. We are always glad to have you call on us when in town and give us some news items from your section.

Your co-operation is necessary to the growth of the PRESS and your suggestions and criticisms will be highly appreciated. We are trying to make the PRESS your paper and want you to take a part in the making.

Yours for an ever greater, better and happier Washington County.

George Huntington Curry
