The Xmas shopping this year will not go as hard on papa's pocket-book as it did in former years if people buy at the right time and in the right place. K. N. Staehr of the Bazaar is running a sale on doll toys and Xmas gifts of all kinds for young and old. Mr. Staehr says that he wants to make sure of selling everything in that line this year as he has an enormous stock and does not know whether he will continue in that business much longer. He has reduced the prices from one third to one half off on every article which in many cases is below cost. Every thing is now on display. Long tables have been placed all over his store loaded with beautiful toys and gifts and it is indeed a wonderful sight for any one to behold. Many people are buying their presents now in order to be sure of getting what they want while the stock is complete. 1811
