**Thousands More
Civil Service
Appointments**

The establishment of the Parcel Post has greatly increased the work at the Postal Department. Thousands of additional Civil Service appointments will be necessary.

The opportunities for positions in the Civil Service were never better.

Civil Service positions are desirable because the hours for work are not too long, salaries are good and certain and promotions are frequent.

The greater number of appointments will be made in the Post-Office Service, paying from \$600 to \$1,700 and more per year; the R. F. D. Service, paying \$11,000 per annum to standard routes; and the Railway Mail Service, paying from \$900 to \$1,800 per year.

Any American over 18 years of age who passes the U. S. Civil Service examination is eligible to one of these positions. The U. S. Civil Service Course instructs you how to meet the requirements of the Civil Service examination in any branch of the Government work.

Mark and mail the coupon below and we will send you a booklet giving names of I. C. S. students who are now holding Civil Service Positions at good pay. We will also tell you how you, too, can enter this profitable field of employment.
