COUNCIL MEETS TILL LATE

Property Owners on First Street Petition for Hard Surface Paving.

In their regular session Tuesday night the City Council had so much business to consider that they met till almost midnight.

Reports of the Treasurer and Finance Committee were read and accepted, and warrants ordered drawn for the several amounts. Attention was called to several old sidewalks in town that need repair.

Mr. Easter, of the Oregon-Washington Corporation, was present and appeared before the Council in regard to settlement for water received by his company from Forest Grove, and also about removing their electric wires from Main Street. The Hillsboro company is furnishing motor power for the Forest Grove Planing Mill, the Marble Works, Hardtramp's Feed Mill, and for several small motors, and as the city will not be prepared to handle this work for a few days, the matter of the removal of the wires was left to the company and the light committee.

F. Schlie, who has a contract to remove the old Caples buildings on First Avenue North, was given a permit to use one-third of the street.

L. J. Hoar, W. B. Coon, J. A. Thornburg, C. R. Cox, J. E. Loynes, P. W. Watkins, D. F. Fleck and J. W. SISTERS CAME HERE IN 1845

Mrs. Caroline Watts, Sister of Mrs. Z. Large, Celebrates Birthday

Mrs. Caroline Watts, a pioneer of 1845, and a sister of Mrs. Z. Large, of this city, celebrated her 87th birthday at her home in Lafayette last week. She has three other sisters: Mrs. Delphine Whalen, of Portland; Mrs. Miranda Smith, of Vale; and Mrs. Iola I. Handley, of San Francisco.

They are the daughters of the late Mr. and Mrs. Daniel D. Bailey, who crossed the plains by ox team by way of Meeks' cut-off. They lost their way by misdirection of the guide and suffered for food for several days. There was scarcely a building in Portland when they got to Oregon. They settled in the Chehalem Valley.

GRANGERS MET SATURDAY

Were Addressed by Dr. Coon, V. S.—Hillside Members Attend

Dr. Coon, V. S., gave the principal address at the Grange meeting Saturday. It proved very interesting and instructive, and the Doctor was asked a number of questions following his address.

Our members from Hillside and Thatcher were Mr. and Mrs. Lewis, Mr. and Mrs. Schaefer, Mr. and Mrs. Schofield, Mr. and Mrs. Thompson, Mr. and Mrs. Thatcher.

The business men of Forest Grove have always known that Grange Day will bring a large number of farmers to town, and prepare for the day by offering special prices on their goods.

Miss Edith Pechin, who teaches at Orenco, spent the noon hour with the Grangers before leaving for a short visit with her parents in the Watts District.

Several relics of pioneer times were offered by pioneers for the Pioneer Exhibit in the Made in Oregon Fair, to be held March 31st in this city.

ILLUSTRATED LECTURE.

J. of O. Professor Will Tell About Tahiti a Wonderful Island In the South Seas.

Next Tuesday evening, March 17, at the High School Auditorium, Prof. Edmonson of the University of Oregon will deliver an illustrated lecture on Tahiti, an island in the South Seas. Tahiti is called by some "The Lazy Man's Paradise," because of the ease with which one may live there. A tropical climate, tempered by the surrounding seas, at luxuriant and multicolored vegetation; a peaceful blue sea whose waves mildly beat upon a coral stand, a plentiful supply of tropical fruits and fish that may be had for the asking; a minimum supply of clothes.

All these features give the island a charm which calls one away from the busy scenes in other lands to spend the remainder of life in one great round of dreamy idleness. The scenes on the island, which are among the most beautiful in the world, will be reproduced upon the screen next Tuesday evening.

There will be no charge for admission.

SHERIDAN TO HAVE CANNERY.

Forest Grove Association Advises Them What Kind of Stuff To Grow.

Sheridan is to have a cannery in operation next year and they have issued a bulletin advising the fruit growers on different subjects. The bulletin advises the members to try some experiments this year in, canning varieties of vegetables on their different kinds of soils so as to be ready for large plantings next year. Lists of vegetables and fruits were furnished by the Eugene Fruit Grower's Association, Professor Lewis of O. A. C. and the Forest Grove Association recommended the following with remarks:

Bartlett Pears, Royal Anne Cherries, Loganberries, Clark Seedling Strawberries, Sour Red Cherries, Waxen and Gravenstein Apples.

These are the winners. We have not done much with vegetables, aside from beans and squash. They have paid fairly well, and every cannery should put out some, but the prices are low.

MADE IN FOREST GROVE DAY TO BE CELEBRATED

Woman's Club Planning Good Things for March 31 in K. of P. Hall.

The Forest Grove Woman's Club met at the home of Mrs. E. F. Burlingham, Monday February 9th. Mr. Charles Walker opened the program with a violin solo, "Serenade," by Brdla, accompanied by Mrs. Walker, responding with the "Rosary" by Nevin. The club deeply appreciate Mr. Walker's music.

A brief report was given by the club house committee, and announcement made that a special meeting will be called to discuss it further.

Many people of Forest Grove as well as the club members are looking forward to the April number of the "The Ladies' Home Journal," in which will appear an article on, "What Women's Clubs are Doing," by Miss Margaret Hinman. Miss Hinman received \$5.00 for this article and has graciously donated it to the "Club House Fund."

Preparations are under way for "Made in Forest Grove Day" March 31st in the K. of P. Hall. Everything available that has been made in Forest Grove from the early days of our city to the present day will be exhibited. Attractive booths filled with relics of the early days will be an interesting feature of the day. A "Made in Oregon" banquet will be held on the evening of March 31st when each eatable article on the table will have been made or grown in Oregon.

Miss Walker of Portland, very prettily played one of Rheinhold's selections.

The library committee reported that as some future date "The Add Club Quartette" will come to Forest Grove. Special mention of them is hardly necessary.

Very instructive papers on Social Hygiene were given by Mrs. E. E. Williams, Mrs. Barber and Mrs. Kauffman.

Miss Heath, sister of Mrs. Kauffman, and Mrs. W. K. Newell were unanimously elected members of the club.

PROFESSOR INLOW FOR LEGISLATURE

Progressive Legislation His Slogan; Would be Fighter for Good Laws.

FOR STATE PROHIBITION

Native of Oregon, Educated at Oregon Law School and Ashland Normal.

The many Washington County friends of H. E. Inlow, superintendent of the Forest Grove schools, will be glad to know that he is a candidate for Republican nomination for representative from the Fifteenth District.

His slogan is "Progressive legislation and economy and state-wide prohibition." Prof. Inlow is a double fisted fighter for things that make for the best in American citizenship.

He was born in Jackson county of pioneer stock, his grandfather having crossed the plains in 1846. He spent his boyhood on the farm and received his elementary education in rural schools. Afterward he graduated from the State Normal School at Ashland, Oregon, and took post graduate work at the University of Oregon. He completed the three year course of the U. of O. Department of Law.

Mr. Inlow has taught school for eight years, and is at present superintendent of the Forest Grove schools.

He is familiar with industries and conditions in all parts of the state and has made a special study of social, economic and political questions.

Says Mr. Inlow: "I favor such legislation as is necessary for the development of the State of Oregon, the quality of the laws being of greater importance than the quantity."

"The Legislature should be an efficient body with no interests to serve but that of the whole people."

"Economy should be practiced in all legislation. Money expended for public purposes should be strictly accounted for."

"The sale of intoxicating liquors as a beverage should be prohibited by law."

"Good roads should be built for the benefit of the farmer."

"The public school system should be strengthened."

"Numerous state boards should be abolished, their duties assumed by a smaller number of boards."

"A convenient method of tax collection should be provided."

"If elected, I will lend my support and influence toward legislation in accordance with the foregoing principles."

Formerly Conducted a Drug Store in this City—Has Large Acquaintance Throughout County.

Ed. Ward died at three o'clock this Thursday afternoon. He was born in San Francisco, and for several years conducted a drug store in this city. In the gold rush in the nineties he went to Alaska and mined. He had been sick since last fall, and his case baffled the physicians. He had been in a semi-comatose state for several weeks. He is survived by a wife and two children, Josephine and Dan, and his father, Dr. D. W. Ward.

He was 44 years old. The funeral will be held at the Catholic Church in this city Saturday at 10 o'clock, with interment in the cemetery at Verboort. He had many friends over the county who will regret at his passing.
