

The Chief Reason

that everybody is not successful is the fact that they have not enough persistency. Do one thing well, throwing all your energies into it. The successful man, unlike the poet, is made, not born. All successful men save and accumulate through their bank account and pay all bills by check. Are you following their example? If not start that account with us now—today.

Word comes from Santa Rosa, Calif., to the effect that Ed and Hugh Sparks are engaged in erecting a nice bungalow at that place. They say they will be back in Forest Grove in five or six weeks, so the bungalow is probably in the nature of a speculation.

The second presentation of "Why Smith Left Home," given at the Star Theater Friday evening, by the high school Juniors and Seniors drew a crowded house, as did the performance a week before, and the audience was pleased with the presentation.

Mr. and Mrs. C. L. Meroft were delightfully surprised last Wednesday evening when a number of friends came in on them to spend a social hour or two. The time was spent in playing games and light refreshments were served. The time was enjoyed very much.

Prof. Thomas, instructor in the Forest Grove high school, was married in Portland Friday night, Feb. 25, to Miss Case at her home in Albina. The bride and groom came to their home at Mrs. Wendt's residence on East Pacific avenue immediately after the ceremony.

Roscoe Vaughn has recently been promoted to the position of chief clerk at the Hotel Pendleton in Pendleton, Oregon. This promotion comes after several years of hard service for this company, and his friends here are all pleased to hear of his deserved good fortune.

Mr. and Mrs. H. Hamilton expect to leave this week for Myton, Utah, near which place they have purchased 170 acres of land. The farm is well improved and most of the land is in alfalfa. The Hamiltons have been residents of Washington county for thirty-six years and they leave behind them many friends who will wish them well in their new home.

The Christian Association of Pacific University Monday evening began a series of five public meetings, at which topics of interest to the public are discussed. Tonight's subject is "Christ's Teachings Concerning Prayer," Tomorrow night "What Is Salvation" and Friday night "Percy Shelley's Dream—Art Thou Satisfied?" There will be good music at each service and Rev. O. H. Holmes will lead in the discussions.

Pacific University

Dr. Bushnell will speak in chapel Thursday morning at 10 o'clock. The subject of his address will be "The Real Issues of this Century." The public is welcome.

This is the "week of prayer" for colleges. Under the auspices of the Y. M. C. A. and the Y. W. C. A., Rev. O. H. Holmes is giving a series of addresses each evening in Marsh Hall.

The Freshman class led chapel last Thursday. A good program was given.

In a game that has only been equalled once this season (and that was the game with McMinnville) P. U. won another big victory in basketball. Pacific College played the return game here Saturday evening before a large crowd, the P. C. rooters forming a large aggregation. As the fate of the championship lay in the result of this game, both teams played every second like fighting for life. The Quakers led off with two easy baskets that set their rooters wild, and any one not knowing our men could easily have thought P. U. wouldn't have a look in. But this lead of the Quakers sobered our men. It possibly gave the Quakers a little too much confidence. Any way, from that time till the end of the first half one of the closest and hardest fought games ever played here was witnessed. When the whistle blew the score stood 11 to 10 in favor of the Quakers. In the second half, however, our men had the advantage. All of our men played with marvelous skill. In strategy our players had found their superior strength. The final score was 32 to 24 in favor of P. U., and Pacific College was eliminated from championship honors.

Dr. Arthur C. Boggess, a former professor here, gave an interesting talk in chapel last Friday on India. He recently returned from India where he spent years in educational work among the natives. The Modern Language society will stage two plays on Tuesday evening, March 7th, in Marsh Hall. The plays are German comedies of a high order. Both have the element of romance and will be well worth seeing. A nominal charge of 15c will be made to covers expenses. The public is invited.

Dr. Rudolph Bingen, a middle aged university professor, lest he forget to show his love for his wife Gabrielle, sews a red button on his dressing jacket. The button chances to belong to "ma belle cousine," the sweetheart of Rudolph's colleague, Dr. Blatt. This gives rise to complications.

Mr. and Mrs. A. C. Boggess, who have been visiting with many friends in Forest Grove for about two weeks, and whose presence in this city was enjoyed by many, left Monday for Newberg. Mr. and Mrs. Boggess recently returned from India, where they

were missionaries for several years. When they left India they shipped many curios, books and some articles of furniture which they prized highly and the steamer home was sunk by a submarine and everything lost. Mr. and Mrs. Boggess expect to leave Newberg soon for Berean, Ohio, where the former will become a member of the faculty in the university. Their way east they will visit Boggess' father at Catlin, Ill.

H. H. Porter will hold a public sale of a team of horses and farm implements at the Boggess barn, in this city, at 1 o'clock next Saturday afternoon. J. Hughes will be the auctioneer. The sale will be for cash only.
