HIGH SCHOOL NOTES

Class games were played between the Seniors and Freshmen and Sophomores and Juniors last Wednesday evening, the Seniors winning over the Freshmen, and the Juniors over the Sophomores.

Max Ricker of Pacific University, delivered his oration entitled "Shall America follow in the footsteps of Rome" in the High school auditorium last Thursday.

The Juniors have invited the Senior class to the annual banquet which will be given at the High school, Mar. 18th.

The basket ball season is now over and the boys are beginning big plans for the base ball season. They are starting out with good spirit and interest and it is hoped that they will be successful and win a good name for F. G. H. S.

Lloyd Kirry is going to quit school and run his grandfather's farm near Tillamook. Mr. Kirry has taken an active part in school spirit and athletics and the school is sorry to see him leave. He has won two monograms this year, one in football and one in basket ball.

Miss Ruth Willis spent Saturday and Sunday with her parents, Mr. and Mrs. E. F. Willis of Banks.

Joseph Loomis entertained the basket ball boys at a very enjoyable dinner at six o'clock Saturday evening.

Miss Ervin of Dilley visited the High school last week.

Forest Grove High wants the "ads" of the different business men in their "Optimist." If they give them to us they will get our patronage. There are 235 pupils enrolled and the business men surely cannot afford to lose their trade.

Don't forget the debate and the play given by Miss Cole's drama class at the High school building next Friday night. No admission.

The Junior-Senior banquet is this coming Friday, and big preparations are being made. The Juniors say they are going to give the Seniors the best banquet they have ever had.

The English History class, under Mr. Abraham, is taking up American Colonial History along with it and it is thought in that way it will be much better and maybe the Senior class next year will have no "funkies."

Lloyd Richey is going to leave High school soon and work on a ranch in Eastern Oregon.

William Hoehne, who has been employed on the News-Times for almost a dozen years, has resigned and expects to leave the city soon.

An Enterprising Firm

With a desire to give their customers as good service as can be secured in the big cities, Stribich & Son of this city have spent a nice wad of coin in the purchase of an Oxy-Acetylene Welding machine. This machine is broken or cracked parts of iron, steel, brass, bronze or aluminum, making the mended part as strong as before being broken and, in some cases, stronger. This will permit owners of automobiles, threshers, engines and other machines to have repairs made quickly, saving much time and money over the old way of sending their broken castings to a factory or foundry for repairs. Those interested should call on the Stribich shop and talk over with John.

The general committee of the Home and School league met last week at the home of Mrs. A. Hoffman to discuss the matter suggested by the Child Welfare League. A committee, consisting of Superintendent H. E. ... and Mrs. G. A. Bryant, was appointed to see if a suitable place could be found for an extension of the National Child Welfare League. Another important matter of the Home and School League was to consolidate the three organizations holding meetings in the three school buildings, into one general league.
