### Lesson in Floriculture.

"Dad, what do they mean by perennial?"

"Continuing from year to year," answered pop.

"Like my hat," interposed ma.

And then there was a deep, portentous silence.—Louisville Courier-Journal.

If you can't get Hanford's Balsam Myrrh write: G. C. Hanford Mfg. Co., Syracuse, N. Y. Two sizes: 50c and \$1.00. Adv.

### Infectious.

Journeyman John Plane was having a quiet smoke when the foreman happened to pass.

Foreman—I say, Plane, why ain't you getting on with your job?

J. P.—I don't like this job, gaffer.

I'm a conscientious objector.

Foreman—What the deuce do you mean by a conscientious objector?

J. P.—I have a conscientious objection to hanging doors.—London Ideas.

### What to Do for Your Itching Skin

Eczema, ringworm and similar itching, skin eruptions are so easily made worse by improper treatment, that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the resinol treatment.

Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over 20 years.

Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's, and are not at all expensive.

### A Flying Squadron.

"I wonder why they ordered us to Newport," said the commodore.

"What do you mean?" inquired the flag lieutenant.

"It's out of season and nobody is giving a dance."—Kansas City Journal.

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well, no alcohol. Sold in tablets or liquid.

### Tired.

"I'd like to see that office boy of mine 30 years from now."

"Why so?"

"He ought to make a wonder as a tired business man."—Louisville Courier-Journal.

Made since 1846—Hanford's Balsam. Adv.

### More Businesslike.

"You never encourage mud-slinging in a campaign."

"No," replied Senator Sorghum; "if you're going to throw something, throw a rock."—Washington Star.

## NOT YET IN DISCARD

HORSE STILL A QUANTITY TO BE RECKONED WITH.

Figures Show That Development of the Automobile Has by No Means Done Away With Man's Always Faithful Servant.

The horse still is king. The advent of autos has pushed him off some of the city streets as a pleasure horse, but his family is larger today than it was 26 years ago, when automobiles were unknown. Statistics compiled by government bureaus show that 85 per cent of transportation throughout the United States is done by the horse.

Discussing the situation, Irving Parmenter, secretary of the New York State Association of Horsemen, said: "The reports of the federal department of agriculture show 21,000,000 horses on the farms of the United States at the present time against 14,000,000 in 1890. The value of the horses on the farms alone is estimated at more than \$2,000,000,000. All the automobiles in the United States are rated at \$1,260,000,000.

"The Commercial Car Journal admits that government statistics show 85 per cent of the nation's transportation is done by horses.

"While it is true that the estimated number of horses in this state has shrunk 6,000 in the past year, due probably to war exports, farm horses have increased, according to federal figures, from 591,008 as shown by the 1910 census, to 609,000. In 1909 the value of 710,000 horses on New York farms was placed at \$80,940,000. Today 609,000 animals are valued at \$84,851,000.

"More horses are trucking on New York's streets today than two years ago.

"Despite the importance of the horse industry those interested in it failed to organize until the horsemen were the only class not represented by some amalgamation. As a result their interests were neglected. Highways were built unfit for a horse to travel; no proper provisions regulating stallions in service were made, and breeding has declined until military and police authorities have difficulty securing mounts, and fire departments recommend motor tractors because of the scarcity and cost of high grade horses.

"Now the horsemen have organized, representing the farms, the road drivers, the trucksters, the track—every branch of the horse industry, united for mutual protection, and support.

"The New York State Association of Horsemen has no dispute with the motorists. We desire to co-operate with the automobile organizations, for our aims are one. Unquestionably a new era is upon us.

"As the cities put the slow-moving vehicles to the curb, so should the state's trunk roads provide a smooth center for faster travel, and upon either flank there should be drives for horses, of a surface suitable for their requirements. The creation of such drives is one of our aims. The association hopes, also, to revive breeding, and to see that the rights of the horsemen are supported everywhere."

### Playing Safe.

"I'm going to take my vacation early this year."

"What's the idea?"

"By the time the firm finds out how easily they can get along without me the other fellows will be taking their vacations and my job will be safe until the summer is over anyway."

### Danger in Street Car Riding.

Physicians have decided that several forms of nervous diseases, sometimes dangerously severe, can be caused by persons standing up and holding straps while riding in street cars.

### Chivalrous Playwright.

Dion Boucault, when his first play, "London Assurance," was accepted by the manager of Convent Garden, London, refused to have the play produced in the original version because it gave no part to Mrs. Nesbit, an actress for whom he had conceived a high boyish infatuation, and rewrote the whole work in an incredibly short time so as to supply her with the role he wished.

### Friendship.

Friendship springs up and grows naturally; it cannot be planted at will. Foolish friendships are often formed in youth. It is useless to talk against them, since young people always resent criticism of their friends. We must simply tolerate them and trust to the awakenings of common sense to prove all frivolous friendships false and unworthy.

### No Charge!

Observant Manager (catching his clerk kissing his daughter)—"Now, now, young man, I don't pay you for that kind of work." Surprised Clerk—"No-o, sir. And I don't propose to charge anything extra for it."

## Get This Book

It tells you how to save money on your stump blasting. It shows in 40 illustrations the most effective ways of preparing charges, loading and blasting stumps with

This valuable book was written especially to suit Western conditions—by men who have blasted hundreds of acres of stumps like yours. It contains many letters from Pacific Coast farmers, telling why they prefer the Giant Farm Powders.

Make This Test: Get a 25- or 50-lb. case of either of the Giant Farm Powders—Giant Stumping for wet work and Eureka Stumping, which costs less, for dry work (also used by careful blasters for wet work). Get another case of any other powder. Blast with both and you will find that Giant Farm Powders go further and therefore cost less.

Dealers everywhere carry Giant Farm Powders in stock, or can secure them. If yours does not we will see that you are supplied.

## HOT WATER AND "ANURIC" BEFORE MEALS---AND HEALTH

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities thru the skin. Dr. Pierce has conducted experiments and thoroughly tested a uric acid solvent at his Invalids' Hotel and Surgical Institute which he is convinced is many times more potent than lithia—this he named "Anuric." It can be had at almost all drug stores by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night. Our grandmothers have told our mothers and our mothers have in turn

instructed us that in case of sickness, resort to Dr. Pierce's dependable household prescriptions. These medicines as put up for sale by druggists have never been recommended as "cure-alls," but only as superior remedies for certain common and easily-recognized diseases. Had these medicines been adapted to all classes and forms of chronic diseases there would have been no necessity for organizing a competent staff of expert physicians and surgeons, to act in the treatment of difficult, obscure and complicated cases of chronic diseases, as Dr. Pierce maintains in his Invalids' Hotel and Surgical Institute. Of his home remedies the most widely known are his "Favorite Prescription" for womanly troubles and run-down conditions peculiar to the womanly sex; his "Golden Medical Discovery," the greatest of all herbal system tonics and vitalizers, for stomach, liver and blood disorders, as well as his "Pleasant Pellets," the tiny, tonic laxatives, overcoming constipation and cleansing the system of poisons and accumulations in the bowels.
