Northwest Land Products Show at Seattle, October 4 to 14.

Seattle.—Opportunity for all commu-
nities or counties in Oregon and
Washington to make agricultural and
horticultural displays is offered as a
result of the holding of the Northwest
Land Products Exposition at Seattle
October 4 to 14.

This will be the first show of the
kind ever staged in Seattle and the
whole of the Northwest is invited to
participate. The exhibition has the
endorsement of commercial bodies and
the railroads and the purpose of the
display will be to bring about a better
understanding of the many opportuni-
ties offered to homeseekers in the
Northwest.

In addition to displays from Oregon
and Washington, Idaho and Montana
will send exhibits of fruits, grains and
grasses. Alaska, too, will have a sec-
tion set aside for agricultural displays
and British Columbia will have a part
in the undertaking.

Oregon, Idaho and Montana will
combine on a special day at the expo-
sition. From Montana is coming an
exhibit under the authority of the
state and a special excursion party
composed of more than 100 business
men. It is hoped to have the govern-
ors of Montana, Idaho and Oregon as
well as the governor of Alaska and
the Premier of British Columbia pres-
ent at the exposition the same day.

Since Portland will not repeat its
annual land show this year, the Seat-
tle exposition will afford exhibitors at
the Salem fair an opportunity to place
their displays before thousands of vis-
itors in the Washington metropolis
and bring the truthful story of Ore-
gon's countless opportunities to the at-
tention of many men and women in-
terested in a home on the land.

A Deciduous Tree.

John Drew was congratulated at the
Players in Gramercy park on the
abundant hair with which, despite his
years, he is still blessed.

"Thank goodness," said Drew, com-
placently, "I'm not like Tree."

"Tree went into a Los Angeles bar-
ber shop the other day and said:

"Can you cut my hair without my
taking off my collar?"

"The barber, with a loud laugh,
slapped Tree's pink and polished dome
jocularly.

"Why, bless your heart, Sir Her-
bert," he said, "I could cut it without
your taking off your hat."—Wash-
ington Star.

Queer, But True.

"It's a queer world."
"Why?"

"Stand up and say that riches don't
make for happiness and everybody
will agree with you heartily."

"That's so."
"And everybody will go out and keep
right on trying to get rich."—Detroit
Free Press.

His Start.

"I hear, Miss Gladys, that your
brother is ambitious to break records."

"Well, he's begun practicing with
the most expensive one we bought for
our Victrola."—Baltimore American.

REQUIRES CARE IN MAKING

Tea, to Be at Its Best, Must Be Pre-
pared Under Exactly the Proper
Conditions.

There is practically no nutriment in
tea, though there are small amounts
of mineral salts. The principal ingredi-
ents are caffeine, which stimulates the
nerves; volatile oils, which give the
flavor, and tannic acid, which retards
the digestion!

The Japanese have made a religious
and aesthetic ceremonial of tea-drink-
ing, and, like the mineral waters whose
efficiency is found to depend largely
on the change and rest accompanying
their drinking, the afternoon tea has
its psychological as well as its physi-
ological reasons for the pleasant re-
sults produced.

Like all beverages which refresh by
stimulating, tea should be used with
great discretion.

Less tea is used to the cup than in
the case of coffee—one-half to one tea-
spoonful as compared to one table-
spoonful. A mild cup of tea well made
will not hurt a healthy person, and, al-
though the stimulating principle is the
same, tea does not seem to have so di-
rect or so pronounced an effect on the
central nervous system as does coffee.
Children, people with gastric troubles
or those who are nervous should not
drink tea.

Green tea contains much more tan-
nic acid than black tea. Be sure it
does not boil or stand on the leaves if
you use it.

Hard or stale water does not make
good tea. It should be freshly drawn
and freshly boiled.

Bolling any tea is a crime. The caf-
fein is readily soluble and is quickly
obtained in solution. Bolling or long
standing on the leaves only results in
more of the injurious tannic acid be-
ing extracted and spoils the flavor as
well as making the beverage more
harmful.

COVERS FOR SWEEPING DAYS

Provision May Be Made That Will Do
Away With Much Annoyance
on Those Occasions.

To find the necessary coverings on
sweeping days has often sent the maid
scurrying about for old aprons, sheets,
towels and anything else she could
lay her hands on to use for this pur-
pose.

A friend of mine has solved the dif-
ficulty in this way: She purchased a
quantity of gray cambric and made from
it a large sheet with which to cover
the beds and sideboard; smaller cov-
ers for dressers and toilet tables were
made and still others, in suitable
shapes, were designed to put over the
lamps, mantels and the like. She also
made from the cambric a bag to keep
the covers in; this was hung in the
broom closet.

While light, the cambric formed a
perfect protection against dust, and a
simple shaking when the sweeping
was finished freed the covers from the
dust that had settled upon them, so
that they required washing but once
a month. The use of these dust cov-
ers saved much valuable time and ex-
tra work. The cost of a set is moder-
ate and it does not take long to make
them.—Pittsburgh Dispatch.

Bacon Surprise.

Take one-half pound of bacon, cut
rather thick, fry a little on both sides.
Remove the bacon and add a medium-
sized chopped onion to the fat and
cook until it has browned. Have
ready a large slice of steak; the top
of the round is preferable, although a
cheaper cut may be used. Cut into
pieces about the size of bacon, brown
them on both sides; then add enough
water to barely cover, and season with
salt and pepper. Place the bacon on
top of the meat. Cover and let cook
slowly about half an hour. The bacon
imparts a delicate flavor to the meat
and the gravy is delicious.

Bag of Lettuce.

To place lettuce or parsley of celery
in a cloth bag and keep directly on the
ice means that the vegetable will keep
fresh and crisp, much longer than in
any other way. Bags, all made and
stamped with the name "Lettuce,"
"Parsley" or "Celery" may be had for
35 cents. There is a shir string at top
to pull tight and keep the contents in
place. It would possibly take about an
hour to make one of these bags, but
the comfort and satisfaction in using
one cannot be computed.

Beef a La Mode.

Three pounds round steak chopped
fine, two well-beaten eggs, four soda
crackers rolled fine, one teaspoonful
salt and one teaspoonful sage, one-half
teaspoonful pepper, two tablespoonfuls
milk. Roll into a loaf, mixing well,
and bake two hours.

Chicken and Macaroni.

Take equal parts of cold chicken,
boiled macaroni and tomato sauce. Put
in layers in a shallow dish and cover
with buttered crumbs. Bake until
brown.

WELL KNOWN PORTLAND WOMAN SPEAKS

IT'S THE SAME IN ALL OREGON.

Portland, Oregon.—"I send this
statement with
great pleasure.
My daughter owes
her life to the use
of Dr. Pierce's Fa-
vorite Prescrip-
tion. She was a
very delicate girl
before using your
medicine.

"I have used
the 'Prescription' for weakness pecu-
liar to women and found it perfectly
wonderful. I have used Dr. Pierce's
medicines for over thirty-five years.

"My husband has used the 'Cough
Syrup' and thinks it is great."—Mrs.
L. A. FOSTER, 1502 E. 8th St., W.

When a girl becomes a woman, when
a woman becomes a mother, when a
woman passes through the changes of
middle life, are the three periods of
life when health and strength are most
needed to withstand the pain and dis-
tress often caused by severe organic
disturbances.

At these critical times women are
best fortified by the use of Doctor
Pierce's Favorite Prescription, an old
remedy of proved worth that keeps
the entire female system perfectly
regulated and in excellent condition.

Mothers, if your daughters are weak,
lack ambition, are troubled with head-
aches, lassitude, and are pale and sick-
ly, Dr. Pierce's Favorite Prescription is
just what they need to surely bring
the bloom of health to their cheeks
and make them strong and healthy.

For all diseases peculiar to women,
Dr. Pierce's Favorite Prescription is a
powerful restorative. During the last
50 years it has banished from the
lives of tens of thousands of women
the pain, worry, misery and distress
caused by irregularities and diseases
of a feminine character.

Too Late.

This story was told by Admiral
Dewey of the United States navy:

One afternoon the business agent
for a Chautauqua went to a prosperous
town to see some of the natives with
regard to booking a performance and
finally landed in the office of Jones.

"Yes, I am Mr. Jones," said the oc-
cupant, "What can I do for you?"

"I called to see you about a Chau-
tauqua," returned the visitor.

"Nothing doing," curtly interrupted
Jones. "My wife and I have already
decided on a car of another make."—
Kansas City Star.

Jarring Colors.

Mrs. Youngbride—"I'd like to change
these eggs I ordered by telephone yester-
day."

Grocer—"What's wrong with them,
ma'am?"

Mrs. Youngbride—"Why, the shells
are a deep brown and the only egg
cups I have are a robin's egg blue."—

Preparedness.

"When my husband proposed to me
the poor fellow's voice stuck in his
throat."

"Then how did you know he was
proposing?"

"Well, you see, I was afraid that
might happen so I had taken lessons
in lip reading."—Boston Transcript.
