## NOTES AND COMMENTS

Washington county's fair opens in this city next Wednesday and it is well to remember that the affair is a county institution and, as such, is entitled to the support of every loyal citizen of the county. Everything in connection with the fair may not be to your liking, but do not let that fact keep you from doing your best to make the show a success. The man who can only boost when everything comes his way isn't worth much as a community builder.

### TO THE TWINS:

The editor of the Express generally tries to select the language he thinks the animal addressed will best comprehend. And it's hardly fair to entice a person into the gutter and then condemn him for being there. If living in the sun begets the envy and greed shown by the Twins, it would be a blessing if those who cannot bear to see their neighbors prosper were compelled to wear blinders. If the use of the word "piffle" is a mark of refinement and culture, then the poor, illiterate Squatter bows to the inevitable and considers himself drowned in a slough of eloquence. When are you going on your next begging pilgrimage, boys?

### WORDS OR DEEDS?

We are now facing the question whether we want words or whether we want deeds—Rollicking "Charley" Hughes.

Candidate Hughes is dealing in words. Here are a few of the deeds President Wilson has dealt in:

1. The child labor law.
2. The law declaring human labor not to be a commercial commodity.
3. The federal trade commission.
4. The federal reserve system.
5. The income tax.
6. The parcel post.
7. National defense.
8. Peace with Europe.
9. Peace with Mexico.
10. The rural credits law.
11. The dispersion of the lobbies at Washington.
12. Freedom from Wall street control of government, the tariff and the financial system.
13. The suspension of the submarine campaign.
14. The repeal of the canal tolls law which repudiated the pledged word of the nation.
15. The appointment of Louis D. Brandeis, a representative of humanity, to the supreme court of the United States.
16. The settlement of the worst strike ever threatened the nation.

### THE LORD'S ANOINTED

The reason why everything that President Wilson does must be wrong is carefully explained by Mr. Hughes:

"You could no more build up this country by the application of democratic doctrines than you could go flying through the air in the old fashioned flying machines of thirty years ago."

Therefore President Wilson, being a democrat, is mentally morally and physically incapable of doing anything right; but Mr. Hughes, being a republican, is incapable of doing anything wrong.

The present chief justice of the United States supreme court, being a Louisiana democrat, is ipso facto a fool and a sectionalist, but

a former associate justice of the United States supreme court who recently resigned in order to accept the republican nomination for president is one of the great lawgivers of all ages.

People like Mr. Hughes and Mr. Crane and Mr. Penrose and Mr. Cannon and Mr. Mann and Mr. Barnes are the Lord's anointed. They were raised up by an All-Wise Providence to be the

ruling class of the country. The Lord intended them to govern because He gave them republican minds. But people like Mr. Wilson were created to be hewers of wood and drawers of water. If the Deity had wished them to meddle with government He would have made them republicans.

Mr. Hughes has proved himself the George F. Baer of politics.

He knows exactly into whose hands Divine Providence placed the welfare of the working classes and of everybody else.—New York World.
