The new road to Forest Grove is encouraging speeding, and the county court is giving notice this week that it must be stopped. It is understood if necessary sleuths will be put on the job and drivers exceeding the limit of 25 miles on straight road and 15 miles on curves and bridges will come to grief.—Hillsboro Independent.

For the past four weeks Johnny Matthews has been fearful of losing one of his matched blacks, the animal's system having been poisoned from having a nail run into its foot, but the skill of Veterinary W. B. Coon and the nursing of Johnny and the kind-hearted women of the neighborhood finally bore fruit and the horse is slowly improving.

CIVILIZATION

The Oregon Journal of Aug. 27th has the following to say of "Civilization" the wonder feature that comes to the Star Theatre on Friday for one day.

The 11-reel spectacle photodrama "Civilization" begins its second week at the Heilig theatre this afternoon. The big Ince production became instantly popular and was pronounced more spectacular and more substantial in plot even than "The Birth of a Nation" and "Cabiria." The film is said to represent an expenditure of \$1,000,000 and to engage at times 40,000 persons. It consumed more than a year and a half in being staged and has been proclaimed by critics everywhere from New York to San Francisco as the supreme triumph of the moving picture art and daring.

The music which accompanies "Civilization" is a master stroke. It has been compared to the new music to be developed from the great European war and critics throughout the country have accorded young Victor L. Schertzinger a high place for his work.

The management of the Star theatre is to be highly commended for bringing this splendid attraction to Forest Grove.

Miss Anna Taylor returned Saturday from a week's stay in Portland, after having had her throat operated upon. She has resumed her work in the high school.
