## Loomis Boys Making Money

J. E. Loomis and son, Joe, and Frank Burlingham and Clarence Lenneville returned Sunday from Sherman county, where they have been helping Oscar, Floyd and Earle Loomis with their grain harvest. Mr. Loomis says Oscar had 800 acres in wheat, had a good crop and will have about \$5,000 worth of grain to sell. Earle and Floyd had a section and a half in wheat and barley and have sold \$9,900 worth of grain. He says the farmers of Eastern Oregon are very prosperous as the result of good crops and high prices and he expects to see thousands of new autos going to the farms of that section this fall.

Mr. Loomis is rather proud of the record his boys are making.

## A Beautiful Exhibit

The display of dahlias made at the Schultz store last Saturday by Mr. and Mrs. J. P. Wagner of this city was a sight worth going many blocks to see. There were several hundred varieties and many flower-lovers visited the store to enjoy them.
