Schultz Reception Was a Big Affair

Mr. and Mrs. Billy Schultz, their three sons and nearly a dozen clerks were kept on the jump practically all day Tuesday looking after the comfort and waiting on the hundreds of friends and customers who came to the annual reception at the Schultz Market and Grocery. For weeks the fact that 1917 Calendars would be distributed to all comers had been liberally advertised and 1,000 of these souvenirs were given away. Manager Schultz estimates that, as but one was given to a family, there must have been not less than 2,000 people visit the store during the day, counting two for each calendar.

A comfortable rest room for women and children, equipped with bubbling fountain, lavatory, toilet, mirrors, combs, towels, comfortable chairs and many other conveniences, was thrown open to the firm's customers Tuesday morning and was enjoyed by many of the visitors.

In the afternoon, there was music by an orchestra, vocal solos by R. C. Walker and a speech by Hon. W. K. Newell of Seghers. Mr. Newell talked of the opportunities of Washington county and advised the people to go more heavily into the dairy business. Few places in the United States were as favorable to the industry as the Willamette valley. He said it was a waste to ship grain or hay from a Willamette valley farm, when more money could be made by turning these products into milk, cream, butter or cheese. He also advised planting more prune and pear orchards on the hilly lands to raise fruit to keep the canneries busy. He expressed the belief that the recent boycott against butter and eggs would discourage producers and then the prices would go still higher.

During the entire day visitors to the store were served with chocolate and wafers by neatly-uniformed attendants.

The reception was very much enjoyed by the large crowds which attended during the day.
