All active stocks listed and unlisted, handled on commission. Buying and selling orders promptly executed.

I am recommending the purchase of Alaska Petroleum & Coal, Western Smelting and Power, Thomas-Culross Mining, Mount Rainier Mining, Joseph-Kennecott Copper, American Telephone & American Marconi.

Above stocks should be bought now for investment and market profit. There's a reason. Kennecott has paid dividends so far this year \$1,142,072. Joseph-Kennecott has equally great possibilities. Kennecott is now selling around \$50.00. Joseph-Kennecott at \$1.50. The opportunity is yours, seize it.

That one of the professors at Princeton has had his domestic trials was recently evidenced when a young woman of rather serious turn endeavored to involve him in a theological discussion.

**TO DARKEN HAIR
APPLY SAGE TEA**

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, streaked and faded hair beautifully, dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Some Simple Pudding Sauces.
The best of puddings may be ruined by an insipid ill-chosen sauce. Hard sauces are to be served on hot puddings. The following are a few which may be varied by different flavors. Warm but do not melt a half cupful of butter and add gradually a cupful of pulverized sugar, then fold in the whites of two eggs beaten stiff. Flavor with the juice of a lemon and two teaspoonfuls of vanilla. Pack in a mold and keep cool until ready to serve with the pudding. A good hard sauce is made by using the same amount of sugar with the white of one egg and half the butter.

Mash a pound of maple sugar, add a half cupful of water and boil until it thickens. Pour this in a thin stream on the well-beaten whites of two eggs, stirring and beating the mixture briskly all the time. Add a half cupful of whipped cream just at the last.

Fluffy Sauce.
Scald a cupful of milk in a double boiler. Stir in a level tablespoonful of cornstarch, wet with a little milk. Cook ten minutes, stirring often. Cream two tablespoonfuls of butter, add one cupful of powdered sugar until very light. Add a teaspoonful of vanilla and a pinch of salt, then beat this into the thickened milk which has been cooled. Beat the white of an egg dry and whip it into the sauce until light and fluffy.

Fruit Sauce.
Take a cupful of sugar, a tablespoonful of cornstarch or two of flour, mix well with the sugar and add a half cupful of boiling water, cook until smooth and the starch or flour is thoroughly cooked, then add a cupful of any kind of canned-fruit juice, or if that is not at hand add two or three tablespoonfuls of mild vinegar, more hot water and a tablespoonful of butter with a grating of nutmeg and a pinch of salt. This sauce is especially nice with cottage pudding, a pudding made like a plain cake.

To make a most delicious sauce which is neither a hard or soft one use two tablespoonfuls of softened butter and a cupful of powdered sugar and when well creamed fold in a half cupful of whipped cream. Flavor to taste.

The Speed of Animals

According to the naturalists, no animal is known to have exceeded the speed attained by the famous race-horse Sysonby. Instantaneous photographs show the full length of one complete stride as about 26 feet. In the stride of the fastest racers the hind quarters and limbs are raised considerably higher than the shoulders, and from this relatively great height brought downward and forward, widely separated from each other, as a sportsman says, "to avoid striking the fore-legs."

The hare, which is hunted with fast hounds has not in reality the speed of the dog. The dog, on the other hand, does not attain the speed of the horse. The giraffe is said to run at the rate of 15 meters per second under the most favorable conditions. The elephant, going at the rate of two yards a second, carries a weight approximating that carried by six horses.

National Forest Ranges Are Heavy Stock Producers

That the National Forest ranges in Northern Washington are among the greatest beef and mutton producers of any open range land in the country, is indicated by reports from the Okanogan National Forest concerning the weights of sheep and cattle shipped from these ranges this year, recently received by District Forester George H. Cecil, Portland Ore.

Shipments of lambs direct from these ranges averaged 92½ to 95 pounds at the stockyards, while one shipment of Roan Shorthorn-Hereford steers averaged 1365 pounds each with the shrinkage off. The average on the Okanogan Forest for top beef this season will exceed 1300 pounds.

The stock growers and the Forest Service cooperate through twelve local stock growers' associations in the Okanogan country. The various problems of the stock business are threshed out at the association meetings, so that each member may profit from the experience of others.

It is expected that in the near future only high grade bulls will be permitted on these ranges. Already a number of the associations have bought such bulls, which are run on the range, each member paying a service fee prorated according to the number of cows he turns out on the range.

Maidless Again.

Mrs. Degraw is minus a maid again. It happened this way:

"Maggie, I think you had better wash the windows 't'ay, before we put up the new white curtains."
"I don't wash no windows for nobody, mum. I don't wash my own windows at hum, and I certainly won't wash yours."

"But washing windows is just as much a part of housework as washing floors, Maggie."

"I don't wash no floors, neither."
The door bell rang. Maggie stood still.

"Why don't you go to the door, Maggie?"

"Go to the door yourself. You look better than I do."

"Maggie, do as you are told."
"Not when I ain't dressed up, mum. And while we're talkin' frank, let me tell you that I don't like the way this house is managed. Not a bit!"

"Then, my young woman, you trot upstairs and pack your trunk, and get out of here as fast as you can. I didn't hire you to be the lady of the house."
(Exit Maggie in a great rage.)

Mrs. Degraw's help wanted ad appears in another column.—Newark News.

Suffered Several Years. PERUNA MADE ME WELL

Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months, and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies."

WHAT A WOMAN OF OUR NATIVE STATE SAYS.

Portland, Oregon.—"For a long time

I have been so nervous I could almost scream at times, and have had spells that I could not get around. My back pained so at night I could not sleep—doctors did me no good. A lady in Gearhart recommended Doctor Pierce's Favorite Prescription to me so I thought I would give it a trial. I have now used four bottles and am still using it. It has done me much good."—Mrs. D. SHOEMAKER, 380 N. 19th St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well.

Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights, tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source.

Get the "Prescription" to-day—either in liquid or tablet form, if you want to better your physical condition speedily. Dr. Pierce's Pellets regulate stomach, liver and bowels.
