

THE SAVED DOLLAR

will do you good as long as it stays saved. The spent dollar may do you harm, and at best it can serve you only for a short time. The SPENT DOLLAR is gone forever, so far as you are concerned. It falls into the hands of somebody else who may deposit it in the bank and get the benefit of its earning power, which you sacrificed when you spent it.

Why not save and deposit your own dollar?

Chris Guth of Hillsboro, for the past few months an inmate of the Washington county poor farm, has received word that, through the death of his brother, Joseph, at Graymount, Ill, he has fallen heir to \$7,000 in money and 80 acres of land. The first thing Chris did when he heard of his change of fortune was to have the county court figure out how much the county has expended on him. Guth has a daughter at Dallas, but she was too poor to do anything for him.

Teachers in Session

The regular monthly meeting of the Washington County Teachers' Association was held at Aloha-Huber school, Saturday, March 10, 1917.

The meeting was opened with patriotic songs and flag salute by primary pupils.

"Tom, the Piper's Son," was dramatized by pupils of the intermediate grades, after which the pupils of the grammar grades gave a splendid exhibition of School Calisthenics under the direction of Prof. C. E. Barker.

Raffia work, as illustrated by Miss Wilson, proved very interesting work.

Mrs. M. C. Case of Hillsboro, presented a method of diagramming that appealed to the teachers very much.

At noon an excellent dinner was served by the ladies of the Parent-Teacher association.

The afternoon session was opened with a piano solo by Mrs. Darby. Mrs. Britch gave a vocal solo and responded to an encore with "My Hawaii."

Miss Wilson and Mrs. Barker played a duett "Cyclone Gallop."

The address of the afternoon, "The Finished Product" was given by the Rev. C. F. Koehler a very forceful speaker. He laid special stress upon the teacher's responsibility in the making of a finished product—Mankind.

Mrs. H. A. Ball, of Hillsboro, gave an illustrated talk upon the use of songs and games to teach little children to speak correctly.

A recitation by Harry Schmeister was very much enjoyed.

"How Not To Teach Classics" was the subject very ably handled by C. F. Gover, of Orenco, after which the association adjourned to meet at Banks, Saturday, April 14, 1917.

Boy Scout Activities

Saturday night saw several new applications, making a total of 42 boys.

Scoutmaster Williams and Assistant Buxton attended Scout masters' meeting at Portland Monday night. There is to be a big athletic rally the latter part of April. The local contingent is hard at work to win some of the events.

There are 800 boys in the movement in Portland and they have the privileges of the schools and manual training and swimming pools at all times.

On Monday the Scouts gave an exhibition before the Womens' Club of Forest Grove of the value of physical training for the child.

The Scouts have secured the moving picture called, "Adventures of a Boy Scout," in which hundreds of Scouts go thru five thrilling reels of adventure. It is booked for an early date. Watch for it at the local theatre.

Four full patrols are now formed named, respectively, the Crow, Eagle, Wolf and Bob White patrols. The boys are required to imitate the calls and give a treatise on the bird or animal that they are named after.

Let the Boy Scouts do it; they take any job. Call Scoutmaster Williams.
