Men can't feel just right on Easter Sunday without a new suit—one they know is in the correct style. John Anderson has received his 1917 spring styles and they are pleasing to the eye and easy on the pocketbook.

Henry Kemper, who recently secured a patent on a contrivance for holding up grain and other bags while they are being filled, has started to manufacture them in this city and a sample may be seen at the Gordon hardware store. This is one of the handiest labor-saving devices ever patented for the farm.

The members of Holbrook lodge, A. F. & A. M., had work in the third degree Saturday night and, on invitation, fifteen members of Lafayette lodge of Yamhill paid the local lodge a fraternal visit. A banquet was served by the stewards and there was considerable speech-making and discussing of things Masonic. Holbrook lodge will invite other lodges in the county from time to time and expects to become better acquainted with the Masons of this section of the state.

Uncle Johnny Heisler was down from Gales Creek Tuesday.

Mrs. E. L. Sherrett of the Laughlin had business in Portland Monday.

John Carstens of Banks attended the road meeting and visited friends in town Tuesday.

H. C. Collins, who shipped several cars of spuds to California last month, arrived Saturday, but he is not buying tubers this trip, having other business on hand.

Miss Beth Sexton is able to be out again, after being confined to the house for two weeks with a swollen and disfigured face, the result of getting too close to poison oak.

Goff Bros have received the 1917 uniforms for the Pacific University baseball team and the new suits are on display in the window of the Goff store, as well as pictures of some of the crack baseball players.

Kennard Dixon left Tuesday for Calgary, Canada, where he has a job on a farm at good wages and Donald Lamb and Mele Ramsey left yesterday for the same place.

Goff Bros have received for the Forest Grove Woman's club a fine bronze double bubbling fountain, which will be installed near the public library, as a gift from the club women to the city. The fountain is a beauty and puts it all over anything else in that line in the city.

Potatoes Have Dividends

Potatoes offer attractive dividends, not only this year, but other years, if handled with intelligent foresight.

The system to follow in order to share in good prices for the product is not so much increasing the acreage as to use the same acreage with plantings of the best seed obtainable and to grow the crop under the best cultural methods.

Thus declares a readable and instructive bulletin on the producing and marketing side of the spud question, just published by the Spokane, Portland & Seattle Railway. Oregon Trunk and Oregon Electric Companies' traffic department. The object of the booklet is educational. It is for free distribution to farmers and can be had upon application to agents of these lines or on postal card request to the general offices at Portland.

The United Artisans
 Enjoy Fine Program

Forty members of Diamond Assembly, United Artisans, of this city, attended a big meeting of Dilley Assembly last Saturday night, witnessed the initiation of three candidates and enjoyed a fine program and one of the famous Dilley banquets.

The degree team of Oregon Assembly No. 1 (Portland), composed of fourteen young ladies, under the guidance of Miss Lena Isch, conferred the degree and the work was beautifully done, the degree team having won second place in a recent contest at San Francisco.

The Dilley Assembly has been growing by leaps and bounds and this evening a Junior Court, for young people, will be organized there.

On March 22d ten delegates from this city attended a big meeting in Portland, called to arrange for the annual Artisan clam bake, to be held at Seaside some time in June. All the assemblies of the state are invited and any member who brings in two new members will have his fare paid from Portland to Seaside and return.

Tuesday evening the local assembly initiated five new members which now makes an increase of 25 in the last two months. Alonzo Jones (which isn't his real name) was tried for bigamy and found guilty by a jury of six women, with Mrs. Susie Hatfield presiding as judge. J. W. Baldwin was prosecuting attorney and E. G. Webb defended Alonzo. The members say the trial couldn't have been beaten as a means of amusement. Quite a number of Artisans were present from Dilley and the members who were not present overlooked something good.

THATCHER NOTES

Tuesday evening Mr. and Mrs. A. Ballinger celebrated their tenth wedding anniversary with an informal dinner. Those present were Mr. and Mrs. W. B. Simmons, Joe Rarrick and Eugene Dopp.

The Literary was postponed Wednesday on account of the storm and was held Thursday evening. A good program was given, among the most enjoyable numbers being a talk on the road bonding issue by Warren Thatcher and a vocal and instrumental selection by the "Musical Trio," consisting of Eugene Dopp, mandolin; W. B. Simmons, guitar, and Mrs. A. Ballinger, violin.

Mrs. Carolyn Simmons left Tuesday for a business trip to Estacada.

The Ladies' Industrial club met with Mrs. Frank Bennett Thursday, almost every one of the thirty-five members being present. Mrs. James West and Mrs. John Dopp of Forest Grove, ex-members of the club, were honorary guests. The following officers were elected for the ensuing three months: Mrs. L. Simmons, president; Mrs. Cummins, vice president; Mrs. M. Haney, secretary; Hazel Gilpin, treasurer. A delicious luncheon was served by the hostess and the usual good time was enjoyed by all.

Alvin Ballinger is still ill with sciatic rheumatism and is not improving as rapidly as was hoped for.

Mrs. Daisy Peyton arrived Wednesday from Seattle to spend a few weeks with her parents, Mr. and Mrs. M. E. Simmons.

On page eight of this issue Goff Brothers are making the women of Washington county an offer whereby they can (three of them) earn a Universal coffee urn, a Universal carving set and a Universal tea-ball tea pot. Read the conditions of the contest.

Mrs. H. A. Williams of Willamina stopped off in this city a few hours Monday, enroute home from Portland, where she had been to see her mother, Mrs. H. M. Young, off for a visit at Chicago.

Attention, Grangers!

Gale Grange will meet Saturday, April 7th, at the I. O. O. F. hall. A large attendance of members is desired, as some business has been held over on account of no meeting in March. Quarterly report is ready. Following the noon dinner, the Lecture hour will be held, during closed session. The subjects for talks and discussions will be "Gardening and Seeds." See Oregon Grange Bulletin for March. This will be the annual seed and bulb distribution day. To facilitate the exchanges, the seeds may be put in small packages previously. Secretary.

The film and entertainment given by the Camb Fire Girls of the second camp of Forest Grove, on Monday and Tuesday was very instructive. The performance Tuesday night was especially pretty and interesting. The beginning of the Camp Fire movement was explained and many striking pictures of the girls in action were shown; perhaps the most unusual of which were the pictures showing fancy swimming under water. The program closed with the singing of the Camp Fire Good-Night song by the girls.
