All Swedes.
 The mayor of Boston, while traveling in Minnesota, found himself one day in a northern town inhabited entirely, it seemed, by Swedes. To satisfy his curiosity, he addressed himself to one of the citizens:
 "Have you no English in this town?"
 "No sir, there ban no English."
 "And no French? Germans? Russians?"
 "No, nothing but Swedes."
 "No Irish, I suppose?"
 "Oh, yes; there ban two Irishers. One, he's the mayor, and the other, he's the chief of police."—Irish World.

Thought Choate a Footman.
 When Joseph H. Choate was ambassador to the court of St. James he was standing near the door as some of the guests at the reception were leaving. An Englishman, mistaking him for one of the footmen, said:
 "Call me carriage."
 Mr. Choate turned to him and said:
 "How do you do, Carriage?"
 "Why do you call me that?" demanded the astonished Englishman.
 "Well," responded Mr. Choate, dryly, "I couldn't very well call you Hansom."—Ladies' Home Journal.

Some Men Are Lucky.
 Wife (at breakfast)—Oh, John, I'll bet I know who you gave your seat to coming home in the car last night.
 Hub (who had been out having a quiet little game)—Nonsense, my dear! How could you ever guess? How do you know I gave up my seat to anyone?
 Wife—Yes, you did. You dear, kind old boy; you let a poor old Irishman have it, for I distinctly heard you say in your sleep, "Oh, that's all right, I'll stand pat."—Boston Transcript.

AN OLD RECEIPT TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Rather Plainly Put.
 "What is your definition, Miss Mabel, of a manly man?" he asked.
 Miss Mabel looked at him coldly. The clock struck 11. She hid a yawn behind her hand and said:
 "My definition of a manly man, Mr. Skinner, is a chap who doesn't stay on and on and on just because he knows the girl isn't strong enough to throw him out."—Exchange.

Problem Settled.
 "Has Jones any trouble with the servant question in his suburban home?"
 "No, indeed. He has a woman who cooks, washes, irons, cleans, nurses and sews, and takes the wages he chooses to give her."
 "How did he manage to get hold of such a marvel?"
 "He married her."—Exchange.

BROKEN DOWN IN HEALTH
Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
 —Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

BOARD GATE IS NONSAGGING
 Most Improved Method of Placing Braces is Shown in Illustration Tried With Success.

The usual method of bracing a gate built up of boards is to fasten horizontal cleats across it, one near the top and another near the bottom, and a third diagonally between them, forming a Z-shape, writes C. F. J. Charliss of Houston, Tex., in Popular Mechanics Magazine. This is often unsatisfactory in that the gate sags easily by strain in use, as well as from its own weight. A better method of disposing the braces is shown in the sketch. This was tried out with success, the gate withstanding unusual strain. The

lower brace is placed horizontally across the boards and well nailed. The upper brace extends diagonally downward and is notched into an intermediate brace, which in turn is notched into the lower one. The hinges are fastened to the edge, at the left of the sketch.

SUGAR BEETS AND MANGELS
 Tend to Increase Milk When Fed to Dairy Cows—Corn Silage Is Far More Economical.

Sugar beets and mangels tend to increase milk production when fed to dairy cows, but experiments conducted at the Ohio experiment station show that corn silage is far more economical. Because of this fact these dairy experts do not advise the feeding of beets except for high records where cost is a minor consideration, or where the number of cows is too small to permit the use of a silo. Cows fed beets had keen appetites and ate more feed because of the stimulating effects of this root crop. After ten years' work the Ohio station has found that two pounds of dry matter can be produced in the form of silage at less cost than one pound in the form of beets. Convenience in feeding is in favor of silage.

RADISHES ARE EASY TO GROW
 Quickest of Garden Crops—Water Supply Is Essential for Vegetables of Fine Quality.

Radishes are probably the quickest and most easily grown of garden crops. They need a good supply of moisture to make fine quality. Generally radishes are used as a companion crop with slower growing plants. They require little cultivation and are ready for market in a few weeks. Marketing is the important consideration with radishes, more so than the winter root crops which can be stored in cellars or vegetable pits and sold or used over a long period of time.

SEEK HIGH-PRODUCING HENS
 Fowls Must Have Strong Constitutional Vigor—Quality Necessary for Increased Profits.

The high-producing hen must have strong constitutional vigor, and in selecting fowls for the breeding pen, if this precaution is taken, one step will be made toward breeding for increased production.

NOT SATISFACTORY FOR COW
 Corn Fodder and Timothy Hay Not Recommended as Roughage—Both Are Low in Protein.

Corn fodder and timothy hay do not make a satisfactory roughage ration for dairy cows. Both are very low in protein and consequently when used, must be supplemented with a grain mixture rich in protein.

Get Harness in Shape.
 What about the harness, is it ready for spring work? If not, look it over and put it in shape.

Using Mechanical Milker.
 A man using a mechanical milker can milk several more cows than he can milk by hand.

Clean Vegetables.
 Cleanliness always pays big dividends in the preparation of vegetables for market.

Clean Grain Seed.
 Clean the seed grain! It pays, and pays big.

Passing it On.

"Ah, me!" sighed the successful man who was revisiting the old village school; "how time does fly! Thirty years ago I sat in this very front seat and it seems to me as if it were but yesterday. If I am not very much mistaken, you'll find my initials carved on the desk."
 "They're there, right enough," said the present occupant of the seat. "I got whipped for doing it just because my initials happened to be the same as yours."—Exchange.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.
 Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

The Cause.

A slight disturbance arose outside of a church in the far-back Ozarks, where a funeral was being solemnized.
 "What's going on out there?" whispered an usher to a late comer.
 "Aw, the hearse and the pallbearers' wagon 'pear to be jockeying for position," replied the new arrival, who was the owner of a running horse.—Judge.

A Test of Nerves.

 "Fine," replied the other. "He can read all the headlines in the daily paper now without a tremor."—Exchange.

A Marvelous Escape.
 "Poor John, he was a kind and forbearing husband," sobbed the widow on her return from the funeral.
 "Yes," said a sympathizing neighbor, "but it is all for the best. You must try and comfort yourself, my dear, with the thought that your husband is at peace at last." There was silence for about five minutes. Then the poor widow looked for the neighbor, but she had disappeared.—Exchange.

WHAT OUR NEIGHBORS IN CALIFORNIA SAY.

Pasadena, Cal.—"I want to extend to you my heartfelt thanks for the benefits derived from the use of your medicines, also for the kind and good advice obtained. I am a proud mother.
 "I had been a great sufferer; three times I was given up to die—the last time being four months ago. I doctored with several doctors but obtained no relief. Was told that an operation would effect a cure, so I submitted to one, but this proved like all the medicines I had taken—not beneficial. I obtained, and started at once taking 'Favorite Prescription.'
 "Four months ago the doctors and nurse said it would be a year or more before I would be able to do my housework, and, of course, I thought so myself as I was not able to walk across the floor for several weeks. I am now able to do my housework and to care for my children and I do not feel as though I could ever thank you enough for the benefits I have received."—Mrs. MABELLE KIPP, 184 South Pasadena Ave.

Why should any woman continue to worry, to lead a miserable existence, when Dr. Pierce's Favorite Prescription is sold by druggists, in either tablet or liquid form?
