Beautiful Falls Destroyed To Obtain Power That Will Drive Wheels of Industry.

Ten thousand feet up in the Sierras not far from Los Angeles, is beautiful Silver Lake and the romantic Silver Lake Falls, said to be one of the most picturesque spots in southern California. By the end of this year the falls will be no more and the waters of the lake will be generating electric current, which will be distributed over hundreds of miles of territory.

For a long period the lake was the subject of litigation, the city of Los Angeles claiming the right to its undeveloped power, but finally the title was held to be vested in a private corporation. Now that private corporation, the Nevada-California Power company is building a 10,000-horse-power hydro-electric plant, which will be in operation next year, and the construction of this plant has resulted in the destruction of Silver Lake Falls. In place of the falls the water will drop more than 2,000 feet through great pipes to turn the turbines which will generate the electric power.

Gigantic dams, 30-inch pipes of steel and great turbines and generators are being constructed. The site of the plant is 56 miles from a railroad and the company spent over \$40,000 in construction of a road over which caterpillar tractors, each drawing three wagons, could transport material for the plant. It takes a week for each wagon train to make the round trip. The plant will cost about \$1,000,000.

Feeding Chickens of All Ages.

By T. C. PATTERSON.

Much loss occurs yearly among lit- tle chicks on account of improper feed- ing, i. e.:

- (1) Overfeeding first week. Feed sparingly.
- (2) Lack of proper feeds at the start. Rolled oats are good.
- (3) Impure water. Use clean water with charcoal and grit.
- (4) Overmoist mash. Feed it only crumbly moist after five days.
- (5) Lack of exercise. Allow them to carry an appetite.

First Day.
Yolk in body supplies food. Do not feed.

First Week.
Boiled egg cut fine, bread crumbs and oatmeal, equal parts. Feed in form of mash on clean board all they will eat in 20 minutes five times per day. Give sour milk each forenoon and water in the afternoon.

Keep fine grit or sand before them.
One to Five Weeks.

Equal parts wheat bran, shorts, oatmeal and cornmeal.

Use a mash in hopper and give good grade of commercial chick feed in lit- ter.

Two pounds fine charcoal and one-half pound fine salt should be added to each 100 pounds mash.

Sour milk or water should be be- fore chicks at all times.

Five Weeks to Maturity.

One part ground oats.
One part shorts.
One part wheat bran.
One part cornmeal.
One-half part beef scraps.
One-quarter part bonemeal.

Use this as mash in hopper, and give in equal parts cracked corn and wheat in litter, all they will clean up in 30 minutes, twice each day. Fresh water

and grit should be before them at all times. Free range should be provided.

Fattening Ration.

Two parts cornmeal.
One part shorts.
One part wheat bran.
Moisten with sour milk. Give cracked corn as grain, all they will eat. Clear water and grit should be provided at all times.

Moulting Ration.

Give half ration for two weeks or until birds are poor, then build them up rapidly. Balanced egg ration good.

Breeding Ration.

Corn and wheat, equal parts, fed in litter night and morning, about a pint to ten hens. Mash given in balanced egg ration given in afternoons. Free range, grit, oyster shell and fresh wa- ter should be provided at all times.

The capacity of a clothesline is dou- bled by a new device that straddles the line and provides two pieces of wire to which clothes can be fastened.

The Broader Meaning of Thrift.

Too many people think of thrift as a matter of hoarding money; while, in reality, thrift is only the best way of doing things and leads to mastering the art of simple living. The constant practice of self-denial develops habits of temperance in all things and be- comes a great moral force. The con- sciousness of having something in re- serve gives poise, and does away with the anxiety and nerve-strain so detri- mental to the American people. The sense of power and of worthwhileness that follows brings rich returns in service to others and in happiness to self. The training, now being given in the public schools, to develop hab- its of using without waste, and of stor- ing away for future use, is real thrift; and the inculcating of its principles by instruction, by practice, and by ex- ample, is the great forward movement in the education of today.—From "Public School Thrift: A Practical Development," by Teresa M. Lenney, in the American Review of Reviews for May, 1917.

Danger.
The other Sunday evening, when church service was over, a young cu- rate started on his journey home, ac- companied by two young women of the choir, when they began a conver- sation about hymns.

"What is your favorite hymn?" asked the curate, turning to one of his fair companions.

"Draw me nearer," she replied.
At that moment her companion, who was walking on the other side of the curate, to make matters worse, said innocently:

"That is only the chorus; the com- mencement of the verse is, I am thine."
Then the curate sought safety in flight.—Exchange.

Don't Let Skin Trouble Spoil Your Good Time

"I can't have any fun! I am such a sight with this eczema that people avoid me wherever I go. And the itching torments me so that I don't get any peace, anyhow."

Don't be discouraged! Even in se- vere, well-established cases of eczema, or similar skin-troubles, Resinol Ointment, aided by Resinol Soap, usually relieves the itching at once and quick- ly clears the eruption away. All drug- gists sell Resinol Ointment and Resin- ol Soap. Try them.

She Was All Right.

There lives in Providence a very matter-of-fact man whose wife is, and always has been, a bit sentimental and fond of trying to draw from husband those little endearments he has ever failed to furnish.

"I suppose," said she, on one occasion, "if you should meet some pretty girl you would cease to care for me."
"What nonsense you talk," said hus- band. "What do I care for youth or beauty? You suit me all right."—New York Times.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, de- pendent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which tempo- rarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoon- ful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phos- phated hot water cure to rid your sys- tem of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. In- stantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or callouses but shrivels them without even irritating the sur- rounding skin.

Just think! No pain at all; no sore- ness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur it Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, de- notes advancing age. We all know the advantage of a youthful appear- ance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possible tell, as it darkens so natu- rally and evenly. You moisten a sponge or soft brush with it, draw- ing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after an- other application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Com- pound is a delightful toilet requisite. It is not intended for the cure, mitiga- tion or prevention of disease.

Women of Middle Age

Many distressing Ailments experienced by them are Alleviated by Lydia E. Pinkham's Vegetable Compound.

Here is Proof by Women who Know.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegeta- ble Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no head- ache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—MRS. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them."—MRS. FLORENCE ISELLA, Box 197, North Haven, Conn.
