New Piano Teacher at P. U.

The Conservatory of Music at Pacific University announces one change in the personnel of its faculty. Mrs. Charles Walker, who was the assistant piano teacher last year, has had to give up her work on account of ill health. The vacancy has been filled by Miss Nina M. Walker of Portland. Miss Walker has studied with the leading teachers of Portland and is well fitted for the position. She makes a specialty of children's work and beginners and is very successful in this branch of teaching. She is not unknown to the Forest Grove people, as she has taught here in the past two years with splendid success.

The faculty concert, which is to be an annual affair, will be given some time in October. The registration so far indicates an unusually good enrollment for the Conservatory and the outlook for the college is very bright.

People who are in the market for guaranteed Holstein cows or bulls should attend the auction at Kent, Wash., on Oct. 3 and 4. See advertisement on page 4.
