William VanAntwerp, High Priest.
R. C. Hill, Senior Warden.
L. G. Morley, Junior Warden.
S. A. Walker, Scribe.
J. H. Shearer, Treasurer.

Ranes-Smith

Evan Arthur Ranes, son of Mrs. E. B. Sappington of this city and a native son of Washington county, was united in marriage with Miss Georgia Smith at Portland on Wednesday, Nov. 28th. Evan is a member of an ambulance corps at Camp Lewis and expects to go abroad before long. He was born up Gales Creek, a short distance from this city, and has many friends in Washington county who will sincerely hope that he returns safe and sound from his fight against the Huns and that he and Mrs. Ranes will live to a ripe old age and be able to tell their grandchildren how Grandpa Evan helped clear the world of despotic kaisers.

The young people ate Thanksgiving dinner at the Sappington home in this city.

The Small Investor Is Given Chance

The man with limited means—even the school boy or girl with a few pennies to spare now and then—who wants a safe and profitable investment which at the same time will help the country, finds his opportunity in the new war savings certificate plan.

During December, 1917, and January, 1918, war-savings stamps will be sold at \$4 12 each, at post-offices, banks, trust companies, and many business houses and factories throughout the country. At the beginning of each succeeding month the cost of stamp will increase 1 cent. All war-savings

stamps issued during 1918 will mature January 1, 1923, when they will be redeemed at \$5 each. The difference between purchase price and the price at maturity represents the interest the Government will pay the holder, 4 per cent compounded quarterly.

The entire wealth and security of the United States is behind the war-savings certificates. No person may purchase at any one time more than \$100 worth, or hold at one time more than \$1,000 worth of these securities.

Thrift stamps costing 25 cents each may be purchased from time to time and affixed to a thrift card, which is supplied without cost. These stamps will not bear interest, but a thrift card when filled at a cost of \$4 may be exchanged for an interest-bearing war-savings stamp by turning the card in and paying the difference between \$4 and the current price of a war-savings stamp. With the first war-savings stamp bought the purchaser will obtain without charge a war savings certificate containing space for 20 of these stamps.

If the 20 spaces are filled prior to January 1, 1918, the cost to the purchaser will have been \$4.12 for each stamp, or \$82.40 for the filled certificate, and on January 1, 1923, the Government will redeem it at \$100, giving the holder a net profit of \$17.60 for the use of his money.

Money derived from war-savings investments will be used to meet the expenses of the war. The greater part of these funds will be expended within the United States.

Postmaster Wirtz has received a supply of thrift stamps for sale.

Forest Grove Women Learn Substitution

The editor of the Express was one of two men who attended the open meeting of the "Conservation Committee" of the Woman's club, held at Langley hall Monday afternoon, and he was privileged, along with the other man and about fifty women, to taste samples of so-called war bread that was more palatable than any white bread he ever tasted. War is teaching the women of America many clever tricks to be used in the kitchen and at least four Forest Grove women have learned to make very

good bread with little, or no wheat flour.

Mrs. Fred Jones furnished a loaf of steamed bread made of white flour and corn meal that was very palatable and should be more nutritious than "light" bread.

Mrs. E. B. Brookbank's contribution was a loaf of steamed bread made of corn meal and whole wheat flour and this too, was very palatable. Both these loaves were raised with soda and sour milk.

Miss Minnie Myers submitted a loaf made of rolled oats raised with yeast, that is good enough for anybody, American or ally, and too good for some nationalities that might be mentioned.

Mrs. B. F. White's loaf was a very economical one, containing neither shortening nor eggs. This loaf was also pleasing to the taste.

Miss Myers told of having paid \$3 00 for a sack of flour, baking bread that would have cost \$4 35 at the bakery and having many bakings of biscuits, which were not counted in the \$4.35. She is sure women can save money by doing their own baking. Miss Myers had charge of the bread exhibits and explained her methods quite fully.

(Recipes for these breads will be published in the Express next week.)

Several women told of relatives in the east writing that sugar could only be purchased in pound lots and one woman in the east wrote that in her town not to exceed two pounds of flour could be purchased at one time.

Mrs. Richardson discussed the meat substitutes demonstrated at the first meeting in November and announced that home management and the keeping of household accounts would be taken up at the January meeting.

Cook With Coal

The Forest Grove Planing Mill has laid in a supply of good fuel coal and is prepared to supply consumers at a reasonable price. Order by telephone No. 0232.

A meeting of the W. C. T. U. will be held with Mrs. Ellen Scott on Friday, Dec. 7th at 2:30 p. m. All members please come out and be prompt. K. B. Penfield.
