are dangerous. Relief is prompt from PISO'S Remedy for Coughs and Colds. Effective and safe for young and old. No opiates in

## PISO'S

A Boy With a Future.

Ellis Perrot Blister, the fly-fishing expert of Pike county, said at a banquet at the Delaware Water Gap:

"The prime virtue of a good angler is patience. No man or boy ever developed into a successful fisherman who hadn't at least twice the patience of Job.

"There's a boy in Shawnee who is going to make a champion one of these days. I saw him fishing the other afternoon on the bank of a creek and I said to him:

"What are you fishing for, son?"  
"Snigs," said he.  
"What are snigs?" said I.  
"I dunno," said the boy, "I ain't never caught none yet."—Philadelphia Bulletin.

Silencing Him.

## PREVENT INJURY BY INSECTS

Angoumois Grain Moth and Weevil Do Much Harm Each Year—Prevent Loss by Cleaning.

Each year there is a large annual loss of stored wheat due to the work of grain-infesting insects, chiefly the angoumois grain moth and grain weevils.

In the ordinary farm grain bin a great deal of injury by these insects can be prevented by carefully cleaning the bin before the new grain is placed in it. Sweep out all refuse grain from cracks and crevices in the floor and sides of the bin. Then spray with kerosene emulsion, using one part of the stock solution to about five parts of water. Be sure to drive the spray material into the cracks and crevices where the insects or their eggs might be hidden. Allow the bin to dry for a week or longer before placing the grain in it.

Kerosene emulsion is prepared as follows: Shave up and dissolve one-half pound of common laundry soap in one gallon of boiling water. Remove this water from the fire and add two gallons of kerosene oil. Mix the whole thoroughly either with a hand pump or by pouring from pail to pail several times. When properly made the mixture is a creamy mass from which the kerosene will not separate. This is the stock solution, which should be diluted as previously directed.

## CLOVER CROP PLOWED UNDER

Humus May Be Largely Saved by Plowing Under in Fall—Nitrogen Also Is Conserved.

Clover cut and allowed to remain on the surface of the ground for seven months from fall to spring loses about the same amount of organic matter as when fed to live stock, according to recent experiments at the Ohio experiment station. This amount of humus may be largely saved by plowing the crop under in the fall.

G. E. Boltz, assistant chemist, in a discussion in the station's monthly bulletin, says that only about one-third of the clover remained in the spring when the crop was left on the surface. When it was plowed under, about three-fourths of the original weight was found in the spring.

From analyses of the drainage water it was found that four times as much nitrogen was lost from the plot with clover lying on the surface as from that having clover incorporated in the soil.

## BRACE FOR IRON PIPE POST

Curved Post Set in Concrete to Make Solid Support for Stretching Fence Wire Tightly.

The illustration shows how a fence, the posts of which were ordinary iron pipe, was braced with a bent piece of the same sized pipe so as to stand a severe pull when the wire fencing was

Iron Pipe Post Brace.

stretched on it. The brace and the posts were filled with cement, and the ring was inserted in it. The ring was shaped from a piece of heavy, flat wrought iron, which had enough shank to fit solidly into the pipe. The banks for the posts were built first and the remainder of the concrete work was left until later on, so that should any cracks develop along the edge of the post base they could be easily located and remedied.—James M. Kane, in Popular Science Monthly.

## MAKE ALL HOUSES RATPROOF

Farmers Should Take Necessary Precaution to Save All Food Produced This Year.

E. W. Lehmann of the University of Missouri College of Agriculture suggests that since farmers are doing their utmost to produce maximum crops they should also take necessary precautions to save the food produced. One method of conservation is to eliminate this loss caused by rats and mice. Concrete may be used to keep them out of the basement. Concrete floors may be built for new corn cribs and granaries and small mesh wire netting can be placed in the walls. Old cribs and granaries, chicken coops and poultry houses should also be made ratproof.

**Keep Best Breeding Eggs.**  
Always keep the very best ones in the flock for breeding. If you prefer to sell the best, you will keep the flock right out from under you.

Our time is too valuable to waste in traveling over bad roads.

# DORT

The Quality Goes Clear Through

## Satisfaction

You will like your Dort for its eagerness to do things your way—for its power—flexibility—simplicity.

You will like it for its reasonable first and after cost—good appearance, thorough comfort and reliable performance—for the full value it delivers.

Own a Dort and cut down unproductive time—keep healthy—bright—lively—efficient—the times demand your best.

## A Grippe Epidemic

Every winter Health Boards warn against this weakening disease which often strikes those who are least prepared to resist it. You should strengthen yourself against grippe by taking

**SCOTT'S EMULSION**

which is the cream of cod liver oil, refined, purified and so skillfully prepared that it enriches the blood streams, creates reserve strength and fortifies the lungs and throat.

Don't delay—It may mean much.

Use **SCOTT'S** Refuse Substitutes  
Scott & Bowne, Bloomfield, N. J. 17-19

## GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite  
Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## A Hard Knock

During the cross-examination of a young physician in a lawsuit, the plaintiff's lawyer made disagreeable remarks about the witness' youth and inexperience.

"You claim to be acquainted with the various symptoms attending concussion of the brain?" asked the lawyer.

"I do."  
"We will take a concrete case," continued the lawyer. "If my learned friend, counsel for the defense, and myself were to bang our heads together, would he get concussion of the brain?"

The young physician smiled. "The probabilities are," he replied, "that the counsel for the defense would."—Boston Transcript.

## CLEAR YOUR COMPLEXION

While You Sleep With Cuticura Soap and Ointment—Trial Free.

On retiring, gently smear the face with Cuticura Ointment, wash off in five minutes with Cuticura Soap and hot water, and continue bathing a few minutes with the Soap. The influence of this treatment on the pores extends through the night.

Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.—Adv.

## The Bird Being an Ostrich.

"Out of mere curiosity," says an exchange, "we would like to read Mr. Hoover's own daily menu."

Judging from Herbert's lantern jaws and emaciated physique, he doesn't eat any more than a bird.—Boston Transcript.

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

## Masculine Form.

"What is a hunch?"  
"A hunch is the masculine equivalent of feminine intuition."—Exchange.

## Exception.

"Blessings brighten as they take their flight."  
"I don't know. Our last cook didn't stop to polish the stove."—Exchange.

## SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

## A WOMAN'S WAR-TIME DUTY

Every woman in this state should help with bandages, socks or "kits" for the soldiers who are our defense on the firing line. But many women are not strong enough to carry on their ordinary household duties. You get strong, if you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any womanly complaint or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the best medicine to benefit or cure.

The "Prescription" regulates and promotes the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor. This "Prescription" in liquid or tablets. Send 10c for trial pkg. to Dr. Pierce, Pres. Invalids' Hotel and Surgical Inst., Buffalo, N. Y. The poisons in your system can be thrown out by taking Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes, root of jalap, sugar-coated, and sold by all druggists.
