**RUN AUTO PLOWS**

**Maimed Soldiers of France Are Trained in New Work.**

Schools Established to Enable Farmers to Take Up Their Old Profession Again.

What is called a "Motor Culture" school has been established at Chapelle-Saint-Luc, just outside of Troyes. It inaugurates a new era in French agriculture.

Fifty army nurses of the older classes are there, teaching maimed soldiers to run automobile plows and other traction implements of every sort. In four crews the pupils, in turn, drive the tractors in the field, learn repair work at the forge and the principle of the motor in a series of lectures. As soon as they are able to repair a broken part as well as drive a motor efficiently, they are placed at the disposal of the mechanical cultivating commission and assigned to one of the farming centers that has been provided with motor implements for the common use of the farmers of the neighborhood.

This is only one of a number of similar schools in France. At Oudes, Bordenaux, Grenoble, Grignon and Naisy le Grand, also, maimed farmers and farm laborers who comprise 60 per cent of the total of soldiers who have suffered amputation are being retrained for the new method of farming.

The purpose is to prepare the mutilated soldiers to take up their old professions, if possible, or another if physical disability prevents.

The experience of the school at Chapelle-Saint-Luc tends to show that the use of tools appropriate to work that interests the patient is far more effective in relieving and curing ankylosis, due to wounds, than any of the special mechanical appliances. Many a mechanic who dreamed of country life before the war is limbering up his muscles in learning to handle farm implements; on the other hand, many a farmer who had lost interest in his calling is losing the stiffness of his joints by the manipulation of tools of the cabinet maker and mechanic.

Basketmaking is a favorite trade adopted on the edge of the Champagne wine country, where the great demand for champagne baskets keeps these war apprentices busy. Locksmiths, tinsmiths, horseshoers, blacksmiths and shoemakers also are turned out by these establishments.

**May Give Language to World.**

Our language has been modified by the multiplicity of tongues of those who have come to our shores, and to this extent we have been automatically developing the speech which has in it the elements of universality. There never has been and there may never be a speech suited to all the races, but America, with over a hundred millions of people speaking the one tongue and with a great commercial future before it, may carry that tongue to the ends of the earth. As the land of adoption of so many millions of Europe, its distinctive speech may present less objections to the peoples of Europe than that of England. Much will depend upon how distinctive it becomes and how well it serves the purposes of direct expression.

**Versions of "Star-Spangled Banner."**

The third line of "The Star-Spangled Banner" has had two versions. Bryant, in his "Library of Poetry and Song," gives it "Whose broad stripes and bright stars through the perilous fight," and Stedman, in his "American Anthology," makes it read, "Whose broad stripes and bright stars through the clouds of the fight." No version of the song makes the line end with "night" instead of "fight."

**Charitable Mason.**

G. F. Townsend, a Santa Ana pioneer, who died recently, left a memorial behind him of no mean character. He left \$10,000 to be placed at interest for thirty years, by which time it will have reached a sum of \$100,000. At the end of that period the will provides that the trustees purchase a good tract of land and erect thereon a home for indigent members of the Masonic lodge to which the deceased belonged, and other members of the order. The man who bequeathed this fund for such an excellent purpose was not rich, the estate subject to probate being \$100,000.—Los Angeles Times.

**Many Bees in Colony.**

A colony of bees in summer consists of from 50,000 to 100,000 individuals. Each colony contains one queen, several hundred drones and the balance workers. The latter are neuter or undeveloped females, and they do all the work in the hive, and gather their food from the flowers, which consists of honey and pollen. They also gather propolis, a resinous substance used to stop cracks and holes in the hive.

**DORT**

The Quality Goes Clear Through

**Satisfaction**

You will like your Dort for its eagerness to do things your way—for its power—flexibility—simplicity.

You will like it for its reasonable first and after cost—good appearance, thorough comfort and reliable performance—for the full value it delivers.

Own a Dort and cut down unproductive time—keep healthy—bright—lively—efficient—the times demand your best.

**DRINK MORE WATER IF KIDNEYS BOTHER**

Eat less meat and take Salts for Backache or Bladder trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

**Not so Bad.**  
"Is this son of yours adolescent?"  
"Oh, no, sir; he's just a little queer in the head."—Baltimore American.

**Appropriate Pace.**  
"How are those bathing suits you are making coming on?"  
"Oh, they're coming on swimmingly."—Baltimore American.

**Sad Experience.**  
"And haven't ye ever tried ter git work?"  
"Yep. I wunst tried ter git work for two of me pals, but dey wouldn't take it."—Brooklyn Citizen.

**OUR BOYS IN FRANCE AND HOME PROTECTION**

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at your nearest drug store Anuric (double strength). This An-u-ric drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Step into the drug store and ask for Anuric, or send Dr. Pierce 10c for trial pkg. Anuric, many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.—Adv.

**Smarty.**  
"I saw a man yesterday who has been driving customers away from your store."  
"Who was he?"  
"A cabman."—Brooklyn Citizen.

**Are Your Lungs Strong?**

Do colds go down to your throat? Are your bronchial tubes easily affected? Above all, do colds settle on your chest? Then your lungs may not be as strong as you expected—consumption often follows.

Good Physicians Everywhere Prescribe

**SCOTT'S EMULSION**  
Because its Pure Cod Liver Oil is Famous

for strengthening delicate throats and weak lungs while its glycerine soothes the tender linings and alleviates the cough.

Start on **Scott's Emulsion** today—it is Nature's building-food without drugs or alcohol.

The imported Norwegian cod liver oil used in **Scott's Emulsion** is now refined in our own American laboratories which guarantees it free from impurities.  
Scott & Bowne, Bloomfield, N. J. 17-21
