

Patriotism and Business

At this time every good citizen should do his share toward strengthening the Federal Reserve Banking System which our government has created, with its billions of resources, to stand back of its member banks and all their depositors. You can contribute directly to the strength of this system and at the same time secure its protection by depositing your money with us, since part of every dollar you deposit with us goes directly into the new system, where it is always ready for you when wanted.

Prof. Handlin Off for War Service

Professor Handlin left last Monday evening for Camp Lewis where he is to take up his new work as Athletic Director in the Army Y. M. C. A. Mr. Handlin has been connected with Pacific University for a year and a half as physical director and professor of biology. In addition to carrying this work he has this year been teaching biology at the high school, and, also, working with the Boy Scouts.

It is superfluous to say that all who knew Mr. Handlin will miss him greatly, but we are proud that Pacific University and Forest Grove are able to provide a man for such an important work. Mr. Handlin repeatedly objected to leaving before the end of the school year, but, finally, the immediate need was presented so vigorously that he decided to ask for leave of absence, which was granted by the board at their midwinter meeting last Saturday. Everybody here felt that we could not urge the claims of his local work in the face of this larger opportunity for patriotic service. Professor Handlin's year and a half here has meant great things for us and we are glad to know that the qualities of sterling manhood and cordial friendship are now made available to the boys at Camp Lewis. **

The volunteer firemen of Forest Grove will give a dance at the I. O. O. F. hall on the night of Feb. 16th for the purpose of raising funds to pay for their new hose wagon. Walker's orchestra will furnish the music. Tickets 75c.
