Washington county now owns a 45-horsepower caterpillar tractor, which the county court purchased for road work. This machine is much more suitable for soft ground than the machine formerly used and it will be used to pull plows, graders and other road making machinery.

The relief committee of the W. R. C. last week visited a number of the old soldiers who were ill, leaving them flowers to cheer them in their confined condition. Among those visited were William Ridgley, Mr. Varley and Mr. Gordon, who showed their appreciation of the fraternal visits made them.

The body of John Pieren, aged 70 years, who disappeared from his home near Helvetia on Dec. 13th, after a visit to a neighbor, was found Feb 27 in the brush four miles from his late home. Circumstances indicate that the old gentleman became lost and died from exhaustion, after wandering about alone for several hours.

Agnes Walker, through Attorney John M. Wall, has filed an injunction suit against Sheriff Aplegate, asking that he be restrained from collecting the special road tax of six mills on the dollar on property in road district No. 22, below Beaverton. She alleges there were irregularities in the notice calling for the meeting which passed the levy, and she asks that injunction follow to stop the tax collection.—Hillsboro Argus.

Sam Houston, San Antonio, Tex., that he has had the grip, measles, tonsillitis and bronchitis and has been in the hospital ever since going south.

Mrs. O. W. Jones and little daughter of Nampa, Idaho, who visited at the S. E. Todd and other homes last week, departed Saturday for their new home, Mrs. Jones having come to see to the shipment of their household goods. During the past ten days Mr. Jones has met with two painful accidents, having one foot bruised when a timber fell on it and running a nail into the other foot. But he is up and working just the same.

Bulk Handling of Grain

Corvallis, Ore., March 5.—Bulk handling is gaining in the farmers' favor and making rapid progress in all parts of Oregon visited by the O. A. C. specialists in that line. The readiness with which wheat growers have sized up the situation and are preparing for farm storage is relieving apprehension as to means of handling the crop.

Farmers in 20 well attended meetings in six counties were nearly unanimous in favor of bulk handling, reports Professor G. R. Hyslop.

"The 'two-bit' sack is helping the movement, and the uncertainty of delivery of sacks is hurrying it along," he says.

"Some are preparing to use second-hand bags, but most farmers will bulk 100 percent from the start.

"Asking the Government to charter tonnage for shipping two-bit sacks and burlap from India is considered by many progressive farmers as unpatriotic and unpractical when bulking is so much cheaper and need for shipping space is critical."

There is no standard recipe for "victory bread," the only requirement being that it must contain not more than 80 per cent of wheat flour, the remaining 20 per cent being composed of corn meal or corn flour, rice, potato flour, or other cereals recommended by the Food Administration. "Victory" pies and doughnuts, which contain not less than one-third non-wheat flour, may be sold on wheatless days if the same recipes are used throughout the week.

HIS COMPARISON

"Some folks was tellin' me how fine they do things t'other side the Rhine, How everybody's trained to do Just what Bill Kaiser tells 'em to And consequently they're all fit And chuck fill of git-up-and-git. 'Then they went on to say how we Fall down forever-and-b'-gee, Because instead of actin' spry, We allus argy how and why, And so monopolists and sich Just let us talk while they get rich. 'Well, yes,' I says, 'it's doubtless true That Germans know a thing or two, And I'll admit it, if you please, Our Yankee dog has got some fleas. But—here's the peek-hole thru the log The German fleas! they've got the dog.'"

A Million Insured

At the close of Wednesday, February 13, over 1,000,000 soldiers and sailors and Army and Navy nurses had applied for Government insurance under the soldier and sailor insurance law. The amount of insurance applied for is more than \$8,000,000,000. The maximum permitted to any person is \$10,000, and the average applied for is \$8,212. There are many applications mailed from distant points which have not yet reached the Treasury Department. The above figures are only of applications that have been actually received and granted.

The automatic insurance, however, which automatically gave insurance to all entitled to receive it until February 12, although no application was made, has expired. Hereafter only those who have applied for and received policies will receive insurance.
