Dr. and Mrs. Geo. T. Darland, both of whom are chiropractic physicians, have received, unsolicited, licenses to practice their professions in North Dakota. When the Drs. Ed Ahlgren and Tip Goff of this city and Herb Kappel of David's hill were initiated into the McMinnville lodge of Elks last Thursday night and, just to see that the boys got all that was coming to them, Willis Goff, Al Ahlgren, Charley Roy, Claude Smith, John Wirtz, E. D. Stout and Joe Lenneville of this city, Tom Sain of Scoggins Valley and Chas. Follett of Hillsboro went along. The lodge served a big lunch at midnight and the Forest Grove contingent remained until after breakfast Friday morning. A week from next Saturday the same candidates will be taken to Portland, where an extra degree will be injected into their systems.

Plans Prepared for Liberty Loan Drive

Plans for the coming liberty loan campaign were mapped out at a meeting in Hillsboro Friday of members of committees representing the eight districts into which Washington county has been divided. John K. Kollock, secretary of the State Council of Defense, outlined methods adopted by the general committee at the morning session and the delegates were entertained at lunch at the Hotel Washington by the Hillsboro committee. At the afternoon meeting district boundaries were agreed upon and delegates discussed plans for carrying out the work.

A feature which received attention was the levying of quotas in districts where there are no banks and where residents patronize banks without the county. As individual quotas are figured on the bank deposit of the individual, representatives of such districts labored under a handicap.

John A. Thornburgh, of Forest Grove is chairman of the Washington County committee and district committees are as follows:

Forest Grove—J. P. Hurley, chairman; M. R. Johnson, S. G. Hughes, W. H. Hollis, R. F. Clarke, B. J. Simpson, J. F. Forbis, C. W. Creel, O. M. Sanford, W. J. McCready and J. W. Hughes.

Beaverton Now a Factory Town

Oregon people may eat potato starch, potato flour, farina and meal from the factory of the Pacific Coast Starch company, which was formally opened at Beaverton Saturday, with extensive ceremonies staged by the Beaverton Commercial club and attended by prominent visitors from all over the state.

Potato starch will be immediately forthcoming, according to J. W. Griffith, who installed the factory and worked out the method which was formerly a German trade secret.

The factory was established largely through the efforts of John E. Cronan of Portland and his father, L. W. Cronan. The farmers of the community are co-operating with the owners and will share in two thirds of the profits.

"This is what Oregon needs more than anything else, factories that make finished products from our own resources," said L. J. Simpson of North Bend, one of the speakers at the meeting. "The biggest profit on goods is that which the man makes who places the product in shape for the consumer."

J. F. Griffith told some of the things about potato starch and the reasons why the region around Beaverton is ideal for the industry.

Other speakers were J. E. Larson, county agricultural agent of Polk county; Otto Erickson, president of the Beaverton Commercial club; Mayor F. W. Cady and S. B. Huston of Portland. J. Frank Stroud, R. L. Tucker, Roy Gray and R. H. Zonas acted as a committee to show the guests over the plant.

At noon the Girls' Honor Guard of Beaverton served a lunch and a dinner was prepared for town people and visitors.

William Kappel of David's hill was trading with local merchants Saturday.

Charley Odell, who, with his sister, Mrs. Showers, is spending the winter at Long Beach, Calif., appears to be getting gay, as Jim McGill has received a picture postcard from Mr. Odell, showing the latter perched on the back of a big ostrich. When Charley started for California in a Ford, his friends thought he was a little reckless, but since he has become a rider of ostriches they know not what to make of him.

Turks Not All Bad

Miss Ruth Parmalee, M. D., medical missionary to Turkey, spoke at the Congregational church last Thursday night, telling a large audience of the terrible conditions of the Armenians, who are being murdered, starved and outraged by the Turks. Miss Parmalee says the Young Turk party is trying to exterminate all Christians, with a determination to get rid of all races except their own, but she gave out a piece of news—at least to the writer—when she said there were many kind Turks in the Ottoman empire who would put a stop to the persecution of Christians if they dared. The writer had long ago come to the conclusion that the only good Turk was a dead one.

A little more of this bomb practice, and he'll be ready to sit down and enjoy a little chew of the Real Gravely the folks back home sent him.

Who is Going to Send Him another pouch of Real GRAVELY Chewing Plug

Real Gravely Plug is the tobacco to send the Boy—not ordinary plug loaded up with sweetening, but condensed quality—with the good Gravely taste that satisfies and comforts and lasts a long while.

Give any man a chew of Real Gravely Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravely with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY

Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or Seaport of the U. S. A. Even "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.
