Farmers, ATTENTION!

The prices of Binder Twine have been settled by the Government; that is, the price the jobber shall charge the dealer.

We wish to protect all the farmers who want to take advantage of our offer. That is, we will take your order for twine at the following prices, to be paid for at the time of delivery. Our profit on twine is so small that we must refuse to give credit at the prices quoted.

This offer will hold good until about May 1st; not later, as our jobber will not agree to fill any order after that date.

This is a serious condition, farmers. Get busy and buy your twine from some responsible dealer, so you may be sure of having it when you are ready to cut your grain. Our prices are as follows:
