

Supporting the Government

We are supporting the government by membership in the Federal Reserve System, the backbone of the nation's banking organization. This enables us to do our share in assisting the government in handling its financial problems, and to extend to business and industry their proper measure of accommodation.

"Behind the German Veil"

Capt. de Beaufort, Belgian Army Officer and Author Tells at Chautauqua of His Thrilling Experiences in Germany

CAPT. J. M. DE BEAUFORT.

Capt. J. M. de Beaufort, the Belgian officer and nobleman, who is to lecture at Chautauqua, undoubtedly owes his life to Ambassador Gerard. While in Germany on a four months' secret service mission, during which he visited naval and military bases and interviewed Von Hindenburg, he came under suspicion in Berlin and was only rescued and helped out of trouble through the assistance of our former ambassador. Not long ago in this country Mr. Gerard told de Beaufort, "You never knew, young man, the trouble I had to keep the Germans from shooting you."

Capt. de Beaufort knows the conditions in Germany today better probably than any other man upon the platform. In addition to his work in secret service, he was in front line fighting during all the early part of the war as a captain of the Belgian artillery, distinguishing himself in the great battle of the Yser.
