Orval Hutchens has concluded that he can do his country more good getting out ship timbers than in clerking in a shoe store, so he has quit "Uncle Charley" Russell and accepted a job checking lumber in the Standard mill at Scofield. Mr. Russell regretted to lose Mr. Hutchens' services, but cheerfully lends him to Uncle Sam.

Glenn A. Durston and family of Seattle visited at the home of the former's parents, Mr. and Mrs. J. I. W. Durston, on the Stringtown road, from Thursday to Sunday evening. The junior Durston is a real estate dealer of Seattle and is impressed with what he saw of Washington county. He had not seen his parents for 13 years until last week.

To assist in meeting the present shortage in unskilled labor restriction have been temporarily removed on the importation of Mexican labor to be used in certain occupations. This step supplements the order by which the Department of Labor has arranged to bring Porto Rican laborers into this country for work on Government contracts. It is estimated that 75,000 islanders can be brought in while transportation is available.

Mrs. Julia M. Wheeler, widow of the late James Wheeler, formerly of Greenville and Forest Grove, died at San Diego, Cal., June 19, 1918, after an extended illness. She was aged 71 years, 3 months and 21 days. She spent her last days at the home of her son, W. E. Wheeler, who is married to Amy, daughter of Mrs. A. M. Wells, now spending the summer in this city. The husband of Mrs. Wheeler died at Forest Grove several years ago.—Hillsboro Argus.

Mrs. Charles L. McNary, wife of junior United States senator from Oregon, is dead, following an auto accident July 3d when the machine overturned near Dundee. None of the others in the party, consisting of Mr. and Mrs. Frank Snedcor and Mr. and Mrs. Reuben P. Boise of Salem, were hurt. Boise was at the wheel, going south on the Hess creek fill. He attempted to turn out for a car coming north and his own car turned turtle. It is said neither car was going at a high rate of speed.

Mr. and Mrs. W. C. Freeman and youngest child departed Tuesday for St. Paul to visit a son and brother, who expects to start on a long journey eastward in a short time.

County Clerk Kuratli reports that for June the Clerk's office paid over 400 bounties on moles and gophers. He thinks that the big harvest for the year is now over, although there will be a few caught from time to time.

Rehabilitation of Our Wounded

Perhaps none of the various uses to which the proceeds of the Liberty Loan are to be devoted appeals more strongly to the American people than the rehabilitation and reeducation of our wounded men. To reach these men, to train and fit them for useful and gainful occupations, when by reason of loss of sight or limbs or other injuries they are rendered unable to pursue ordinary vocations, is a work in which every American has a heartfelt interest. Compensation will be allowed them and family allowances will be paid their families as if they were in actual service while they are taking the training, and every method known to science will be used to restore our wounded men to health and usefulness.

This work has been delegated by Congress to the Federal Board for Vocational Education. The board publishes at Washington a monthly bulletin, dealing with its work, called The Vocational Summary, which will be sent free to anyone upon request.

Will Meet Many War Problems

O. A. C., Corvallis, July 10.—Special war conditions will be met by the Oregon Agricultural College next school year.

All students over 18 years of age will be urged to join a military unit and thereby become members of the United States army. The Government is in need of men trained along technical lines and consequently students who enroll in the college next fall will have an opportunity of obtaining the training desired by Uncle Sam. Those under 18 will be urged to join the unit, but it will be the policy of the government not to call the men into active service until they reach the age

of 21.

The government is sending enlisted men by the hundreds to O. A. C. because the demand in the army for men with technical training is far greater than even the normal output of technical colleges like O. A. C., and none of these colleges is able to supply anything like its normal output. It will be possible for young men to return to or start to college with the feeling that they are doing the bidding of their government and are by no means slackers.

Practically all types of training for military service most in demand will be offered by the Oregon Agricultural College. For any but advanced officers and aviators, the college will offer not only all the types of training given in the cantonments and training camps, but in addition engineering, commerce, mining, forestry, pharmacy, chemical engineering, sanitation, veterinary medicine, physical education and the trades and industries, as well as all phases of home economics. The courses will all involve essential war training.
