Miss Quick was for seven years an operator at the local telephone exchange and several months ago entered the employ of a Portland telephone company.

Notice

Beginning Monday, July 15th, the Pacific Market will discontinue delivery and credit systems, owing to scarcity of labor. We feel this move a patriotic duty to our customers, as well as to ourselves, and will adopt a system of lower prices for cash only—paying you a good commission for coming after your goods. Thanking customers for past patronage and hoping for a continuance of the same, we remain,

Yours for business,
THE PACIFIC MARKET.

They Were Selling Bones for Food in England

Over in England, during the height of the meat shortage and before the populace was put on rations, they sold bones at the rate of five pounds for one shilling. Policemen regulated long lines of people, patiently standing on the sidewalks, waiting, not for their favorite matinee idol to pass, but for a chance to enter a food shop and buy a small quantity of food. It takes about three minutes for the shop keepers to dress their windows over there, merely because there are, perhaps but a few cans of condensed milk and a box or two of corned beef to be displayed.

Yet over here in America, bones, nay, even fats and precious scraps of meat are going into the garbage pails! Although in many cities there were long lines of people waiting last winter for coal, there were no pinch-faced mobs pleading for food. True, there are frequently long lines of people on the streets, but mostly they are buying tickets to the shows! In the busy streets in towns and cities, shop-keepers display elaborate arrangements of all kinds of delicacies in their show case windows. They would scorn a "display" of corned beef and condensed milk.

England and France cannot feed our soldiers. The food shortage is real. Save food and "Carry On."

PRESIDENT WILSON SAYS :

"The work the Chautauqua is doing has not lost importance because of war, but rather has gained new opportunities for service. Let me express hope that you will let no discouragement weaken your activities, and that the people will not fail to support a patriotic institution that may be said to be an integral part of our national defense.

"Let the work continue throughout 1918 as never before.
WOODROW WILSON."

"Four-Ninety" Touring Price \$795.00 at Forest Grove

An Individual Car--

To the very smallest detail, the Chevrolet reflects the ideals of the makers to produce a really high-grade car at a popular price.

That the Chevrolet is more commonly compared with cars selling at much higher prices is justification for the conscientious effort of its manufacturer.

The new model Chevrolet "Four Ninety" Touring car and Roadster attain a standard of excellence uncommon to cars at these prices. This is a claim we would be delighted to prove—we could ask no greater favor than to do so.

Would you have a good-looking car? The Chevrolet has it in full measure. Would you have strength? Vanadium steel is used wherever unusual strength is required. Would you have comfort? Proper spring suspension, together with comfortable upholstery and roominess, meet your comfort-wishes to the fullest degree. Would you have power and low upkeep? The wonderful valve-in-head motor, with which each Chevrolet is equipped, provides power far in excess of ordinary requirement or emergency; and the direct-application-of-power principle insures maximum power on minimum fuel. Twenty-five miles per gallon is a common thing for this Chevrolet. And the car is FULLY equipped.

Suppose you let us demonstrate that we have not overstated the Chevrolet quality.
