Following the business session and installation, ice cream and cookies were served. The reports of officers show the Rebekah lodge to have grown in membership, in spite of difficulties.

Patriotic Meeting Last Sunday

The Knights of Pythias and their families from many of the towns in Washington county gathered at Cornelius city park last Sunday for an outing and patriotic meeting. Grand Chancellor Leslie Crouch of Portland delivered the principal address, which is said to be a masterpiece of patriotic elocution. Speeches were also made by Tom Talbot of Cornelius, C. A. Brodersen of this city, and Knight Zimmerman of North Plains Mayor John Wall of Hillsboro was toastmaster. The affair was not properly advertised or there would have been a much better attendance.

Don't Forget the County Fair

Now is the time to make selections of grain for the fair. Do not put it off because you think it is not good enough; it may be the best in the county this year, and do not be afraid of having too large a sample.

Select several bundles of the best grain and make a large sheaf from this selected grain.

Washington county has the reputation of having the richest county, agriculturally, there is in the state and the place to prove it is at the county fair.

N. C. JAMISON,
County Agent.

The officers of the Commercial club are still busily engaged in trying to have some of the empty houses in this city filled by families who cannot get houses in Portland, but the difficulty of getting low railroad fares between the two towns has so far blocked all efforts to accomplish the desired end.

Oh, Gir-ruls! Have you seen the Coveralls for ladies and children at Anderson's store?

Threshers Set Prices

At a meeting held in Hillsboro, July 12, the Washington County Threshermen association adopted resolutions pledging their support to the Food Administration and favoring the licensing of each machine. The object of the license was to insure proper adjustment of machines so that no grain would be wasted.

A schedule of prices was also adopted for threshing this season. Two schedules were adopted, one for valley threshing and one for the hill section. The valley prices are 4 cents for oats, 5 cents for wheat and "set jobs" \$10. For the hills, 5 cents will be charged for oats, 6 cents for wheat and \$14 was decided upon for "set jobs."

Weights were also set for oats 36 pounds and for wheat 61 pounds.

Wages were also discussed but threshermen favored the paying of going wages and not trying to establish any particular scale.

Hun Devils Kill Quentin Roosevelt

Paris, July 17.—Lieutenant Quentin Roosevelt, youngest son of ex-President Roosevelt, has been killed in an air fight, the semi official Havas News Agency announces. His machine fell into the enemy lines, but apparently was not in flames when it fell.

Philip Roosevelt, Quentin's cousin, witnessed the air battle in the vicinity of Chateau-Thierry, in which Quentin was engaged and saw the machine fall, but did not know until later that it was that of his cousin.

Record-Breaking Pack

The local cannery closed its pack of cherries Tuesday and a footing up discloses that the pack amounted to 150,000 pounds, as against 48,000 last season. Considering the shortage of the cherry crop this season, the record is one of which Manager Stangel may well feel proud. He has lost so much sleep, however, that his weight has fallen off perceptibly.

The plant was given an overhauling yesterday, preparatory to beginning on beans today or tomorrow.

Mrs. G. H. Baldwin and two sons left yesterday for Newport to spend a few weeks recuperating.

Good Words for the Chautauqua

While Miss Langley's chautauqua company was at Lebanon last week, Miss Langley couldn't resist the temptation to slip away Thursday to come to the home of her mother in this city for a home-cooked dinner. Miss Langley's company opens at Hillsboro today, but she will not have charge of the chautauqua which opens here tomorrow. However, she has written the editor a letter, stating that the company which comes to Forest Grove is one of the best on the road and she especially urges the people to hear Mrs. A. C. Zehner, who lectures Saturday evening on "American Ideals." Miss Langley says "each day's program is as good as the day before and the next day is still better," if you know what that means.

Following is the program for the six days:

..... Superintendent and Story Lady
Concert..... Apollo Concert Company
Readings and Impersonations
..... Josephine Beasley

Ray Reeves of Gaston yesterday took out a license in Portland to marry Ollie Grabeel of Portland.

Safe "Over There"

Mrs. Ray T. Williams Saturday received a cablegram informing her that her husband, Lieutenant Williams, had "arrived safely." The place of arrival was not given, but the cablegram means that he has landed in Europe, probably in France.

Lieutenant Williams was one of 200 officers who were sent to France by the war department to receive instruction to become divisional instructors and the lieutenant's friends who know him best are sure that when the war is over, if he is among those spared, he will be higher than a lieutenant in rank. In a letter to his wife and parents, written from New York on the eve of his departure, Ray stated that the party had a wonderful trip across the continent, traveling in special trains and enjoying the comforts not always given to soldiers in time of war.

Chautauqua Agent Quite Optimistic

Lowell C. Paget of Portland, advance man for the Ellison-White Chautauqua, met with officers of the Forest Grove Chautauqua association Monday night and explained a few phases of chautauqua work that have not been very well understood. Many people have thought that, because of the heavy financial drains on the country for war stamps, Liberty Bonds, Red Cross and "Y" activities, a chautauqua was an expensive luxury, but Mr. Paget says the Ellison-White people were never able to get chautauquas started in Canada or Australia until after the war, when people began to demand entertainment of the kind furnished by chautauquas. His company has just closed a contract with the Australian government for a circuit and he and Drew Pearson, manager of our chautauqua, have received word to go to Australia in October. The Apollo Concert Company and the Schubert Sereaders, who are on our program, are among the attractions to go to Australia.

The chautauqua people have discovered that "Captain" M. de Beaufort, who was to lecture here on Saturday, is not the Belgian "Count" he claimed to be; was never in the Belgian army and was never wounded, so he has been dropped and Sergeant Major C. N. Smith, 25 years in the British army in India and 3 years on the front in the present war, has been substituted for the fake "count." On the program on page 3 this lecture is scheduled for Saturday, but it will be given next Tuesday, in place of Mrs. Zehner, who takes the place of the fake "count" on Saturday.

T. A. Burke, secretary of the Portland-Gladstone Chautauqua association, telegraphs President Williams of the Forest Grove association, at his own expense, that the program which comes to Forest Grove was given at the Gladstone chautauqua grounds and is, without exception, the best program that has been seen at the Gladstone chautauqua during the past twenty-five years. He especially commends the patriotic features of the program.

Tickets are going nicely, many people who have never before purchased having arrived at the conclusion that they want to hear first-hand information about the war. Major Smith can give them that information.

The local association has arranged to have chairs instead of the hard, rough boards which have heretofore been used, so those who attend will be more comfortable.

Remember, chautauqua opens tomorrow at 2:30. All money for season tickets must be in the First National bank by closing hour tomorrow afternoon. Get your tickets and pay for them.

Y. M. C. A. Needs More Men

F. F. Runyon, associate secretary of the National War Work Council of the Y. M. C. A., with headquarters at 502 First National Bank building, San Francisco, writes to ask the Express to send out an appeal for red-blooded men, over draft age, of good moral character, who are willing to go "over there" to help amuse and entertain the Yank soldiers. He says the "Y" must have 4,000 men by Sept. 1st and 5,000 more by fall. He expects Forest Grove to furnish its quota.

Will Crabtree was seven miles beyond Vancouver Sunday and brought back with him 900 two-months-old White Leghorn pullets for his hennery. He reports spring grain about petered out around Vancouver, where the sandy soil refuses to hold moisture.
