Packers' Profits Are Regulated

The public should understand that
the profits of the packers have been
limited by the Food Administration
since November 1, 1917. For this pur-
pose, the business of Swift & Company
is now divided into three classes:

Class 1 includes such products as beef,
pork, mutton, oleomargarine and
others that are essentially animal
products. Profits are limited to 9
per cent of the capital employed in
these departments, (including sur-
plus and borrowed money), or not
to exceed two and a half cents on
each dollar of sales.

Class 2 includes the soap, glue,
fertilizer, and other departments
more or less associated with the
meat business. Many of these de-
partments are in competition with
outside businesses whose profits
are not limited. Profits in this class
are restricted to 15 per cent of the
capital employed.

Class 3 includes outside investments,
such as those in stock yards, and
the operation of packing plants in
foreign countries. Profits in this
class are not limited.

Total profits for all departments
together in 1918 will probably be
between three and four per cent on
an increased volume of sales.

The restrictions absolutely guar-
antee a reasonable relation between
live stock prices and wholesale meat
prices, because the packer's profit can-
not possibly average more than a
fraction of a cent per pound of product.

Since the profits on meat (Class 1)
are running only about 2 cents on each
dollar of sales, we have to depend on
the profits from soap, glue, fertilizer
(Class 2, also limited) and other depart-
ments, (Class 3) to obtain reasonable
earnings on capital.

Swift & Company is conducting
its business so as to come within these
limitations.

Bright eyes,

All women require a tonic and nerveine
at some period of their lives. Whether
suffering from nervousness, dizziness,
faintness, displacement, catarrhal in-
flammation, bearing-down sensations, or
general debility, the "Prescription" is
sure to benefit. In tablet and liquid form.
Dr. Pierce's Pellets were first put in
ready-to-use form nearly 50 years ago,
and will always relieve the inactive liver
and biliousness. Insist on getting Dr.
Pierce's Pleasant Pellets—there is none
so good.—Adv.

THE JOY OF MOTHERHOOD

**Came to this Woman after
Taking Lydia E. Pinkham's
Vegetable Compound to
Restore Her Health**

Ellensburg, Wash.—"After I was
married I was not well for a long time
and a good deal of the time was not
able to go about. Our greatest desire
was to have a child in our home and one
day my husband came back from town
with a bottle of Lydia E. Pink-
ham's Vegetable Compound and
wanted me to try it. It brought relief
from my troubles.

I improved in health so I could do my
housework; we now have a little one, all
of which I owe to Lydia E. Pinkham's
Vegetable Compound."—Mrs. O. S.
JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who
long for children in their homes yet are
denied this happiness on account of
some functional disorder which in most
cases would readily yield to Lydia E.
Pinkham's Vegetable Compound.
Such women should not give up hope
until they have given this wonderful
medicine a trial, and for special advice
write Lydia E. Pinkham Medicine Co.,
Lynn, Mass. The result of 40 years
experience is at your service.
