The Labor Exchange, reports the Times, is considering the question of putting in a tannery at Gales Creek and have taken steps to buy a piece of land on the creek near that town for the purpose. Farmers expecting to use binding twine this harvest will find an excellent grade at the D. M. The charter roll of membership will be made up of the parties on the summit at 12 m. of the 19th.

Henry Ridgeway, living east of Gaston was out in the meadow on Thursday of last week helping to start a mower. The team had not steadied down, and he was walking behind the sickle, when his foot caught in a tangle of grass. He fell and one of his hands struck in front of the sickle bar, where it was caught and cut from the arm at the wrist. Dr. Linklater was summoned by telephone, and was with the suffering man within two hours of the accident. Although the hand was severed, there were so many gashes and the stump so ragged that the surgeon had to resect for a flap and cut higher up. The patient suffered intense pain and was much weakened from loss of blood, but at last accounts he was doing well.

Jos. Barbow, a complaining witness, brought D. B. Emrick before Justice Knight on a charge of assault and battery. The defendant was discharged. This was a trumped up case and ought not to have been in any court, and especially should not have been brought here. District Attorney Barrett would have nothing to do with it. The complaining witness could not prove an assault, but could prove that the abraded skin on his breast was due to the application of carbolic acid, or carbolic acid salve.

The Forest Grove Times reports that H. B. Johnson was approached by representatives of the strikers in Portland, Tuesday evening and offered his price to refuse to carry passengers by stage as he intended to do and did do. Failing to buy him, they threatened him but with no greater effect. They want to cause the public as much inconvenience as possible.

Dr. S. T. Linklater has caused to be placed in his office three large instrument cases that set off his consultation room to much better advantage than the bare walls. The cases are fine pieces of furniture, that, though of Oregon timber, have the appearance of rich tropical woods.

Marriage license were issued July 7th to Frank J. Williams, aged 28 years, and Maud Imbrie, aged 19 years; on the 9th to John H. Kennedy, aged 29 years, and Jessie Ireland, aged 15 years, and on the 10th to John L. Hobble, aged 25 years, and Hattie B. McKay, aged 18 years.

The ladies of the M. E. church will entertain their friends at the parsonage Friday evening, July 20th. A cordial invitation is extended to all.

THE FOURTH AT MANNING.

The Fourth was observed in old-time style. The day before the neighbors rallied and raised a fine liberty pole, 84 feet high, cleaned up the grove and laid a dancing floor, 16x34 feet, and built a table 100 feet long. Bright and clear the day broke and the first thing, Old Glory was flung to the breeze. Between 9 and 10 o'clock the people of the neighborhood began to gather, coming with baskets, buckets and boxes, filled to overflowing with good things to supply the wants of the inner man—strawberries, cherries, chickens, meats, pies, cakes, fruits, cream and coffee. Ah, it was a sight, when that table was spread, to make the mouth of a gormand water. But better still when the seats were all filled and the good people doing justice to the feast of good things spread before them.

At 11 o'clock Wm. Stephens called to order, and the blessing of God was asked to rest upon this people, this nation, and the exercises and amusements of the day. Then the following program was rendered:

Song, "Columbia, the Gem of the Ocean."

Reading of the Declaration of Independence, by S. Paisley.

Song, "Our National Banner."

Recitations by Miss Ella Yates and Mrs. G. L. Parker.

Song, "Star Spangled Banner."

Oration, by Chris P. Yates.

Song, "America."

Then came dinner. One hundred and eighteen people sat down to the first table, and half as many more waited for the second, but there was enough and more for all. After dinner music sounded and the young people responded and the dance went on until the "wee sma hours ayant the twal."

The old folks gathered in the shade, and in social converse and visit the day passed joyfully on, not a jar occurring to mar the pleasure of the day. But at its close all could join and say, "God bless our nation and its natal day."

Elder S. S. Beaver, of McAllisterville, Juniata Co., Pa., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's colic, cholera and diarrhoea remedy for it, and was much pleased with the speedy relief it afforded. She has since used it whenever necessary and found that it never fails. For sale by Hillsboro Pharmacy.

GLENWOOD.

The Fourth at Glenwood passed off very pleasantly. The singing was spirited, and the woods fairly rang.

Miss Belle Baker read the Declaration of Independence with a well modulated voice.

Master Sammy Varley declaimed "Our Country" very well.

Miss Laura Garvin recited "Independence Day."

Miss Minnie Luster gave us "The Last Broadside."

Mrs. Luster read an essay on the "Life of Lincoln."

The best of all was Mr. Langley's speech, which was short and to the point.

Soon everyone gathered around a well spread table. Mr. Schofield brought some fine strawberries, one measuring 5½ inches. After dinner the young folks gathered on the platform, where Mr. Bob Johnson discoursed sweet music on the violin, with an organ accompainment, enlivened occasionally by Mr. Stewart "jinen in de chorus on de bones." Everyone expressed himself well pleased at the close of the day.

Messrs. Ed and Walt Murphy and Mr. Wiggens, of French Prairie, spent their Fourth at Glenwood.

Little Lyman Garvin met with a serious accident the morning of the 5th, while playing with a firecracker. It discharged in his face, burning it badly, also one of his wrists.

Mr. A. Morrill and family spent the Fourth on the Nehalem. The children are wrestling with the whooping cough.

Misses Clara Riling, Annie Matod, Celia Gleason, Rosa and Emma Klink were the guests of Minnie and Annie Lusuer, also Hugh Fulton and Mr. Harrison.

Old Mr. Murphy spent several days with Mr. Donahue, who has returned home.

A little boy of Charles Bateman's was badly burned while playing with firecrackers.

Fred Schofield spent his Fourth at Glenwood.

Tommy Luster and Dio Gleason have gone to work at Wiltrout's mill.

Mr. Louis Gleason, of French Prairie, is spending a week with his family at his father's, J. M. Gleason.

Miss Nina Bateman will teach a second term at the Glenwood school, beginning on the 16th.

Several families from Gales City went up the creek and spent the 4th.

Mr. Langley and family expect to go in camp on the Nehalem soon.

FROM ANOTHER PEN.

Mr. Rainford and Earl, after spending a few very pleasant weeks with their uncle, Mr. Hughes, and other friends, took their departure for their home in Portland, on Monday last.

Mr. Looney spent Saturday night with Mr. Phelps.

Mr. Donahue returned home on the 2nd inst., and is improving the time canning fruit and cuttsng hay.

Mr. and Mrs. N. C. Lily, of Gales City, were seen in Glenwood a short time ago.

One day last week seemed to be "Postmaster's day," there being five at Glenwood during the day.

Ed Murphy came up to his place Sunday to remain for a few days. Taking his word for it, he came up to cut hay, but we think he knows Mr. Scofield's have a good many ripe strawberries.

George Henderson was seen one day last week, on his way up to his claim.

BEGINNING OF THE END.

This dispatch from Chicago is published as a reflection of the position of affairs in that city, and reassures every patriotic and law-abiding citizen. Slowly but steadily, calmly and certainly, as befits the supreme power of a great nation throughout all the wide stretch of its domain where evil-disposed persons are taking advantage of the exceptional industrial condition to incite violence and bloodshed, the federal government is moving to the accomplishment of that for which its powers were delegated to it by the people, the preservation of order and the safety of life and property. At Chicago, in connection with the state and municipality, it has already brought peace out of the condition of war which prevailed last week. At San Francisco, Sacramento, and various points in Colorado and Washington where the unruly are creating havoc, it has let loose the dogs of war in token of its intention to have peace, even if it has to fight for it. In Chicago the military arm has accomplished its purpose; the judicial arm has taken up the orderly course of its duties, which include the fixing upon the guilty parties the measure of their crime and the fitting of the punishments thereto. The first step in this procedure was the assembling of the federal grand jury and the delivery of a change to it by Judge Grosscup.

That it is the intention of the national authorities not to be turned aside from an exhaustive inquiry into the questions which it has undertaken to pass upon by mere technicalities, was evidenced at the outset by the brusqueness by whith it swept aside the plea of privacy and privilege which the Western Union Telegraph Company, with a due regard for the privacy of the messages of its clients, was forced to put in, when the jury called for the messages from President Debs to the members of his order which had been transmitted over its lines. The court held that public safety was paramount to private right, and so ordered that the dispatches be produced. That it is the intention of the government not to be too long about the work in hand, was shown by the fact that the footsteps of the telegraph official who brought the dispatches had scarcely ceased to echo along the corridors leading to the grand jury room, when that body filed into court and announced it had found a true bill of indictment. Pending the arrest of the person thus put under indictment, the public was allowed to draw all its conclusions from the premises and such preliminary data as it had at hand. That President Debs was the man none doubted, and subsequent developments justified the surmise.

It was in rather a boastful spirit that General Master Workman Sovereign announced to an Associated Press reporter today that he was writing an order for a general strike that would involve 1,000,000 men. As Mr. Sovereign sees the situation from his high-salaried perch, it looks to him to be a great strategic movement, and he doubtless gloats over anticipated victory. It has probably never occurred to him that his general strike order means suffering and destitution for the million of men and their families who are involved. He dosen't take time to consider that in pinching the industries and business interests he is creating a condition of actual starvation for his deluded followers. If he is going to lay seige to the business industries of the country, he should understand that these industries are in a better condition to stand the siege than he is to become the aggressor. Like the foolish king of old, he is going to war without first counting his hosts or reckoning the cost. He is only digging the pit into which he will fall, and in which the cause of labor organization will be buried.

After suffering for three years from inflammatory rheumatism, and trying many different remedies, including sixteen weeks treatment of the celebrated mineral wells at Martinsville, Indiana, without any special benefit, I was persuaded to try Dr. D. P. Ordway's plasters. I felt relieved at once, and have used them since with great benefits to me.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's colic, cholera and diarrhoea remedy, which we did, and that cured us right away. PLANTER has had but four colts over one year old trained and entered in races, and two of these are in the 2:30 list. With even this disadvantage he is the youngest sire in the North Pacific to put a 3-year-old in the 2:30 list, or to have two of his to get in the 2:30 list.

FRED HAMBLETON'S record was made when 5 years old and repeated in the second and third heats of a race to a high wheel sulkey, and for several years was the champion 5-year-old record of the North Pacific. No stallion in Oregon or Washington has yet trotted that fast with as little training as Fred Hambleton had. He has been utterly neglected in the stud and was bred to but few good mares until last year.
